NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 DESCRIPTION OF PLAN

The following description of Empire Die Casting Company 401(k) Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective October 1, 1988. The Plan has been amended throughout the years to comply with tax legislation and most recently was restated on May 1, 2020. The board of directors are responsible for the oversight of the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The board of directors and the plan administrator are responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Effective May 1, 2020, all full-time employees of Empire Die Casting Company (the Company) are eligible to enter the Plan upon attaining age 21 and after thirty days of service, as defined by the Plan document. In addition, the Plan entrance dates are the first day of each calendar month. Prior to May 1, 2020, all full-time employees who completed one month of service were eligible to participate in the Plan. Nonunion employees' entry date was the first day of the month coinciding with or next following one month of service and union employees entry date was immediately upon meeting the service requirement.

Participants are eligible for the match component and profit sharing contribution if they meet the eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of eligible compensation as pre-tax 401(k) or Roth contributions, as defined by the Plan. However, contributions are subject to certain limitations under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Effective May 1, 2020, the Plan includes an auto-enrollment provision whereby all newly eligible participants are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation, and their contributions invested in the designated default fund until changed by the participant. The Plan has an automatic increase feature where participants' deferral percentage will increase by 1% until the max of 10% is reached.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (continued)

Effective May 1, 2020, for each participating nonunion employee, the Company makes a matching contribution equal to the sum of 100% of the amount of the participants deferred compensation that is not in excess of 4% of the participants compensation, plus 50% of the participants deferred compensation that exceeds 4% of the participants compensation but not in excess of 6% of the participants total compensation. Prior to May 1, 2020, for each participating nonunion employee, the Company made a matching contribution equal to the sum of 100% of the amount of the participants deferred compensation that is not in excess of 3% of the participants compensation, plus 50% of the participants deferred compensation that exceeds 3% of the participants compensation but not in excess of 5% of the participants total compensation. For the years ended December 31, 2020 and 2019, the nonunion employee matching contribution totaled \$95,448 and \$91,466, respectively.

Effective May 1, 2020, the Company may make discretionary profit sharing contributions and allocate these contributions at their discretion to certain employee groups. For the period of May 1, 2020 to December 31, 2020, the Company elected to make profit sharing contributions equal to \$0.35 per hour for each hour worked per week for union employees and elected to make no profit sharing contributions to nonunion employees. Prior to May 1, 2020, the Company made a union profit sharing contribution equal to \$0.35 per hour for each hour worked per week for union employees. For the years ended December 31, 2020 and 2019, the profit sharing contribution to union employees totaled \$67,861 and \$80,235, respectively. Prior to May 1, 2020, the Company could make discretionary profit sharing contributions to all employees each year. No annual profit sharing contributions were made during the years ended December 31, 2020 and 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, profit sharing contribution, and an allocation of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions, matching contributions, if applicable, plus actual earnings thereon. Vesting in the discretionary profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. Effective May 1, 2020, a participant is 100% vested after six years of credited service and vest 20% per year beginning in year two. Prior to May 1, 2020, a participant is 100% vested after three years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 (\$1,000 effective May 1, 2020), up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 1.00%. Loan terms range from one to five years except for loans used for the purchase of a principal residence. Principal and interest is paid ratably through payroll deductions. Effective in April 2020, certain provisions under the CARES Act relating to participant loans were enacted and on May 1, 2020 the Plan was officially amended to adopt the provisions. This provision temporarily increased the maximum amount to the lesser of \$100,000 or 100% of the participant's vested account balance for the period from March 27, 2020 through September 22, 2020. The \$100,000 maximum amount is reduced by the difference between the highest outstanding loan balance during the last 12-consecutive month period and the outstanding loan balance on the date the loan is made.

Benefit Payments

Effective May 1, 2020, upon termination of service due to death, disability, retirement, or separation of service, a participant or beneficiary may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution. Prior to May 1, 2020, a participant or beneficiary may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution, or installments. The Plan allows for in-service distributions if a participant reaches age 59½. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the plan administrator will authorize the benefit payment immediately. Effective May 1, 2020, the Plan allows hardship distributions subject to plan provisions. Effective in April 2020, certain provisions under the CARES Act relating to participant distributions were enacted and on May 1, 2020 the Plan was officially amended to adopt the provisions. A qualified individual may take a coronavirus-related in-service distribution of up to \$100,000 less prior coronavirus-related distribution amounts from all plans maintained by the Company on or after January 1, 2020, and prior to December 31, 2020.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce administrative expenses or Company contributions. There were \$1,626 and \$9,452 forfeitures used to reduce Company contributions for the years ended December 31, 2020 and 2019, respectively. There were no forfeitures used to reduce expenses for the year ended December 31, 2020. There were \$4,969 forfeitures used to reduce expenses for the year ended December 31, 2019. Unallocated forfeitures were \$69,048 at December 31, 2020. There were no unallocated forfeitures at December 31, 2019.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Directors and plan administrator determine the Plan's valuation policies utilizing information provided by the trustee, custodian, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable and benefit payments are charged directly to the participant's account. Investment related expenses are included in the net appreciate of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2021, the date the financial statements were available to be issued.

- Matrix Trust Company, the trustee and custodian, for the period January 1, 2019 through April 30, 2020.

NOTE 4 FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE MEASUREMENT (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at the net asset value (NAV) of units, as determined by the Insurance Company. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

		2020			
		Level 1	Level 2	Level 3	Total
Pooled Separate Accounts		\$ -	\$ 4,017,237	\$ -	\$ 4,017,237
Total Investments at Fair Value		\$ -	\$ 4,017,237	\$ -	\$ 4,017,237

		2019			
		Level 1	Level 2	Level 3	Total
Mutual Funds		\$ 3,451,080	\$ -	\$ -	\$ 3,451,080
Total Investments at Fair Value		\$ 3,451,080	\$ -	\$ -	\$ 3,451,080

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

On May 1, 2020, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company, the insurance company. Prior to May 1, 2020, the Plan had a fully benefit-responsive guaranteed investment contract with Cuna Mutual Group, the Plan's previous third-party administrator. The Plan sold the Cuna Mutual Group investment contract on May 1, 2020. Both the Insurance Company and Cuna Mutual Group maintained the contributions in a general account. These accounts are credited with earnings, based on the daily balance and the interest rate in effect, and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuers but may not be less than 1% (Prior to May 1, 2020, crediting rate was 1.95%). The crediting rate is reviewed at the discretion of the issuers for resetting. The guaranteed investment contracts do not permit the insurance company or Cuna Mutual Group to terminate the agreement prior to the scheduled maturity date.

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (CONTINUED)

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Cuna Mutual Group, the Plan's third-party administrator, and Massachusetts Mutual Life Insurance Company, the insurance company, represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the Plan Sponsor to settle an amount different than contract value paid either within 90 days or over time.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Coronavirus

The Coronavirus pandemic effects on the economy and financial market in the future is uncertain. Subsequent changes in interest rates and volatility in financial markets could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits. Because of this uncertainty, plan management is unable to estimate the total impact this pandemic will have.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the participants would become 100% vested in their discretionary profit sharing contribution.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2014, received from the Internal Revenue Service (IRS) on the prototype plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Matrix Trust Company, the previous trustee and custodian, and Massachusetts Mutual Life Insurance Company, the current insurance company. Matrix Trust Company is the trustee and custodian, and Massachusetts Mutual Life Insurance Company is the insurance company as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net increase per the financial statements to Form 5500 for the years ended December 31:

Net Increase in Net Assets Available for Benefits per Form 5500	<u>\$ 503,872</u>	<u>\$ 791,470</u>
