VIRA INSIGHT, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

A. Description of the Plan

General

The following brief description of the Vira Insight, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Vira Insight, LLC and Subsidiaries (the "Company" or "Plan Sponsor"). Participants should refer to the plan document for more complete information.

On December 31, 2014, Insight Merchandising Holdings, LLC acquired the assets of Vira Manufacturing, Inc. and concurrently merged them with Insight Merchandising, LLC. Upon merger the combined entity legally became Vira Insight, LLC (the "Company"). Effective January 1, 2016, the Vira Manufacturing, Inc. 401(k) Plan & Trust merged into the Plan. The Plan is a defined contribution plan covering all full-time employees of the Company who have completed six months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Trustee and record keeper of the Plan is Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company.

The purpose of the Plan is to encourage the Plan Sponsor's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security Act" (the "CARES Act") which allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, while the Plan has not been formally amended, during 2020, the Company determined it was in the best interest of the participants to allow a) a COVID-19 distribution up to $100,000, b) an increase in the available participant loan amount up to $100,000, not to exceed 100% of the participant's account balance, and c) deferral of 2020 loan repayments for a year.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the plan document. All participants who are eligible to make elective deferral contributions may elect to designate all or any portion of their future elective deferral contributions as Roth elective deferral contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

A. Description of the Plan – continued

Contributions – continued

The Company made qualified matching contributions under the 401(k) safe harbor provisions prior to 2019. The Company matched 100% of the participant pre-tax contributions, up to 4% of base compensation, as defined in the Plan. Effective January 1, 2019, the Plan was amended removing the qualified matching contributions under the 401(k) safe harbor provisions. The Company no longer matches participant contributions.

The Company may make discretionary contributions based on compensation, to be determined by the Company. No such contributions were made in 2020 and 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution, (b) plan earnings, and (c) an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor matching, plus actual earnings thereon. Discretionary matching employer contributions, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 years	25%
2 years	50%
3 years	75%
4 years	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2020 and 2019, interest rates range from 4.25% to 7.50%, respectively. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

A. Description of the Plan – continued

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum or rollover distribution. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from his or her vested account balance if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; or (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence.

Effective January 1, 2019, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participants will no longer (1) be required to obtain a loan prior to requesting a hardship withdrawal; (2) participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal; and (3) earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal. Expansion of the reasons for heavy financial need were also expanded to include certain disaster events and casualty losses not associated with disasters.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to offset employer matching contributions and non-elective contributions for the year as well as pay for plan expenses. During the years ended December 31, 2020 and 2019, no forfeitures were used to reduce employer contributions or pay plan expenses. There were $210 in unallocated forfeitures at December 31, 2020 and 2019.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Code are recorded as a liability with a corresponding reduction to contributions.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with plan provisions, the Company or the Plan may pay all costs relating to asset charges and recordkeeping. All significant administrative expenses paid by the Company are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at net asset value.

- Stable value collective trust fund is composed primarily of fully-benefit responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

- The pooled separate accounts invest its assets in the shares or units of an underlying mutual fund, and the investment objective of each subaccount corresponds to the investment objective of the underlying fund. Certain underlying investment funds are considered open-end mutual funds, meaning the that the fund is ready to redeem its shares at any time and offers its shares for sale to the public, either through retail outlets or through institutional investors continuously. The investment is classified within Level 2 of the valuation hierarchy.

C. Fair Value Measurements – continued

There have been no changes in the methodologies used at December 31, 2020 and 2019. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2020 and 2019. The Plan has no assets classified within Level 3 of the valuation hierarchy.

	2020		
	Level 1	**Level 2**	**Total**
Investments in the fair value hierarchy:			
Mutual Funds	$ 1,252,218	$ -	$ 1,252,218
Pooled separate accounts[(b)]	-	6,975,291	6,975,291
Total investments in the fair value hierarchy	$ 1,253,497	$ 6,975,291	8,227,509
Investments measured at net asset value:			
Common collective trusts[(a)]			1,422,023
Total investments at fair value			$ 9,649,532

	2019		
	Level 1	**Level 2**	**Total**
Investments in the fair value hierarchy:			
Mutual Funds	$ 853,972	$ -	$ 853,972
Pooled separate accounts[(b)]	-	7,553,417	7,553,417
Total investments in the fair value hierarchy	$ 853,972	$ 7,553,417	8,407,389
Investments measured at net asset value:			
Common collective trusts[(a)]			1,426,935
Total investments at fair value			$ 9,834,324

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

(b) The strategy of these investments is generally embedded in the name of the particular account as shown on the supplemental schedule of assets held for investment.

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

C. Fair Value Measurements – continued

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trusts	$ 1,422,023	N/A	Daily	1 day

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trusts	$ 1,426,935	N/A	Daily	1 day

D. Information Certified by the Trustee

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by the Trustee, which included total investments as of December 31, 2020 and 2019, the total investment income for the years ended December 31, 2020 and 2019, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

E. Tax Status

The Plan has adopted a Prototype Nonstandardized Profit Sharing Plan with CODA sponsored by Principal Life Insurance Company which has a favorable opinion letter from the Internal Revenue Services ("IRS") dated March 31, 2014. This opinion letter states that the form of the prototype plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

E. Tax Status – continued

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

G. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in pooled separate accounts and a common collective trust managed by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. Principal Trust Company is the Plan's Trustee and Custodian; therefore, transactions related to these investments qualify as party-in-interest transactions. Loans made to participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA which are exempt from the prohibited transaction rules.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2020 and 2019, per the accompanying financial statements to the Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	$ 9,719,758	$ 9,927,091
Contributions payable per the financial statements	8,198	17,844
Other	1,714	-
Net assets available for benefits per the Form 5500	$ 9,729,670	$ 9,944,935

The following is a reconciliation of the net increase (decrease) in net assets available for benefits for the years ended December 31, 2020 and 2019, per the accompanying financial statements to the Form 5500:

	2020	2019
Net increase (decrease) in net assets available for benefits per the financial statements	$ (207,333)	$ 1,645,833
Current year liabilities per the financial statements	8,198	17,844
Prior year liabilities per the financial statements	(17,844)	-
Other	1,714	-
Net increase (decrease) in net assets available for benefits per the Form 5500	$ (215,265)	$ 1,663,677

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements.

I. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through October 15, 2021, the date the financial statements were available for issuance.
