Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of Pacific Manufacturing Ohio, Inc. 401(k) Plan (the "Plan") are prepared under the accrual basis of accounting using accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Pacific Industries USA (the "Company") to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. All dividends, interest, gains, and distributions of any nature shall be reinvested in additional shares of the permissible investment fund.

The Plan utilizes various investment instruments, including mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Related Party Transactions / Plan Expenses

Certain employees of the Company provide services to the Plan such as Plan administration, oversight and day-to-day operations. The Plan is not charged by the Company for these services.

Certain Plan expenses are paid by the Company, and accordingly, are not reflected in the Plan's financial statements. Investment related expenses are included in the net depreciation of fair value investments.

Benefit Payments

Benefit payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Event Evaluation

In preparing its financial statements, the Plan Administrator has evaluated events subsequent to the Statement of Net Assets Available for Benefits date through October 15, 2021, which is the date the financial statements were available to be issued.

NOTE 2 DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Pacific Manufacturing Ohio, Inc. 401(k) Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. All employees of the Company who are 18 years of age and have completed six months of service become eligible to participate in the Plan on the first day of the first, fourth, seventh, and tenth month of the Plan year. The Company controls and manages the operation and administration for the Plan. PNC Bank, NA serves as trustee and custodian of the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Each year, participants may contribute up to 90% of their pretax annual compensation, as defined by the Plan. However, contributions may not exceed limitations established under Section 402(g) of the Internal Revenue Code of 1986 as amended ($19,500 in 2020). The Plan permits catch-up elective deferrals for participants over 50 years of age subject to Internal Revenue Code limitations ($6,500 in 2020). Participants designate the percentage of their total contributions invested in each account and may make transfers between accounts anytime during the year.

The Company contributes 50% up to the first 6% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the discretion of the Company's board of directors. No such additional discretionary contributions were made for the year ended December 31, 2020.

Rollover Contributions

Participants may roll over their taxable portion of funds previously held for their account in another employee benefit plan to the Plan on a tax-free basis.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's and Company's contributions and a pro-rata allocation of the Plan's earnings. The pro-rata allocation is based on the proportion of individual account balances to total participants' account balances in the respective investment funds. Each participant's account is reduced by participant withdrawals, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 2 DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are vested immediately in their contributions, including rollovers, plus actual earnings thereon. Vesting in the Company's matching or discretionary profit sharing contribution is based on years of continuous service as noted in the following schedule:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 years and over	100%

The non-vested portion of the employer contribution account of a participant whose employment with the employer is terminated other than on account of total and permanent disability, and prior to the earlier of their death or normal retirement date, is forfeited as of the date of such termination.

Forfeitures

Forfeitures are retained in the Plan and used to reduce future employer contributions or Plan expenses. At December 31, 2020 and 2019, the balance of unallocated forfeitures was $58,113 and $38,283, respectively. During 2020, the Company used $-0- to offset Plan expenses or reduce employer contributions.

Payment of Benefits

Upon a participant's retirement after age 59 ½, death, total and permanent disability, other termination of employment with the Company, or termination of the Plan, the participant's account is distributed under two options. Participants may elect to receive their distribution in the form of a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in the form of a series of installment payments over a period not extending beyond the participant's life expectancy. Participants attaining the age of 59 ½ may request a distribution of all or part of their vested portion of their account, even though they are not terminated.

In conditions of "financial hardship" a participant may apply to the Plan administrator for approval to withdraw that portion of his or her 401(k) retirement account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the Internal Revenue Code. Hardship withdrawals are limited to the employee's deferral contribution account.

Upon termination of the Plan, the assets will be distributed to participants in accordance with the Plan's provisions and existing laws and regulations.

NOTE 3 TAX STATUS

The Plan has adopted a prototype plan. The Internal Revenue Service ("IRS") has determined and informed the prototype plan by a letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the prototype provider received the advisory opinion, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

NOTE 4 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs.

The hierarchy is broken down into three levels based on the ability to observe inputs as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation approaches used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

Common/collective trust: Investment fund formed by the pooling of investments by institutional investors, such as a group of not necessarily affiliated pension or retirement plans, typically with the intention of achieving cost savings over similar investment options such as mutual funds. Common/collective trusts are similar to mutual funds, with a named investment manager and documented investment objective. These investments, however, are not registered with the SEC (unlike mutual funds, which are registered) and participation is not open to the public. The NAV is measured by the custodian or investment manager as of the close of regular daily trading. When measuring the fair value of such funds, the NAV, as provided by the fund sponsor, is corroborated with observable inputs provided by pricing services for the securities. In certain instances, NAVs may require adjustments to more appropriately reflect the fair value. No adjustments to NAVs were required.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different approaches or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets Measured at Fair Value on a Recurring Basis

The following table sets forth a level by level, within the fair value hierarchy, summary of the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at fair value as of December 31, 2020

Total assets	$ 8,059,217	$ 7,552,473	$ 506,744	$ -

NOTE 5 COMMON/COLLECTIVE TRUST

The Plan entered into a common/collective trust investment with T. Rowe Price Group, Inc. The existence of certain conditions can limit the Fund's ability to transact at contract value with the issues of the investment contracts. Any event outside the normal operation of the T. Rowe Price Stable Value Fund (the "Fund"), which causes a withdrawal from an investment contract, may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, partial or complete termination of the Fund or liquidation by a significant unit holder, tax disqualification of the Fund or a significant unit holder, and certain Fund amendments if issuers' consent is not obtained.

(a) The assets held by PNC Bank, NA at December 31, 2020 and 2019, as well as the transactions involving these assets for the year ended December 31,2020.

(b) The amount of investment income for the year ended December 31, 2020.

(c) The Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) at December 31, 2020.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. If the Plan is terminated, the Company's contributions will become fully vested and the Trustee may commence payment of benefits, pursuant to the terms of the Plan document.

NOTE 8 COVID-19 PANDEMIC

On March 11, 2020, the World Health Organization ("WHO") recognized COVID-19 as a global pandemic, prompting many national, regional and local governments to implement preventative or protective measures, such as travel and business restrictions, temporary store closures, and wide-sweeping quarantines and stay-at-home orders. As a result, COVID-19 and the related restrictive measures have had a significant adverse impact upon many sectors of the economy. The COVID-19 pandemic remains a rapidly evolving situation. The extent of the impact of COVID-19 on the Plan Sponsor's performance and Plan's investments will depend on future developments, including the duration and spread of the outbreak within the market in which the Company operates and the related impact on consumer confidence and spending, all of which are highly uncertain.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted certain relief provisions included in the CARES Act and continues to evaluate other provisions.
