NOTE 1: DESCRIPTION OF THE PLAN

The following description of the ICP Group 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined-contribution plan established January 1, 1987 for the purpose of providing an opportunity for retirement income and increased savings to the employees of ICP Construction, Inc., ICP Adhesives & Sealants, Inc., ICP Industrial, Inc., Pli-Deck Systems, Inc., Astec, and Benefect Corporation (collectively, referred to as the "Company"). Employees are eligible to participate following the later of the employee's attainment of age eighteen and the completion of three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to contribute an amount up to a certain percentage of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows some or all of the participant's contributions to be designated as after-tax, Roth contributions. Upon satisfying eligibility requirements, employees will be automatically enrolled with a deferral percentage of 3% of eligible compensation, unless otherwise directed by the participant. On February 7, 2019, the Plan was amended, and the automatic enrollment rate was increased to 4% of eligible compensation and will escalate by 1% each year up to 10%, unless otherwise directed by the participant. Participants may also contribute amounts representing distributions from other qualified plans.

The Company makes a safe harbor contribution to all eligible participants equal to 3% of compensation, as defined.

Contributions are subject to certain limitations under the Internal Revenue Code (IRC).

Participant Accounts: Each participant's account is credited with the participant's contributions, the Company's contributions and Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options as determined by the rules applicable to each investment.

NOTE 1: DESCRIPTION OF THE PLAN (CONTINUED)

Vesting: Participants are immediately 100% vested in their voluntary contributions, rollover contributions, Company safe harbor contributions, and the investment earnings thereon. Other Company contributions are subject to a vesting schedule based on the number of years of continuous service as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year or more	20%
2 years or more	40%
3 years or more	60%
4 years or more	80%
5 years or more	100%

Participants' interest in their accounts shall become 100% vested and non-forfeitable without regard to their credited years of service if they are employed by the Company on or after age 65 (or early retirement age, as defined), incur a permanent and total disability, or die while employed by the Company.

Forfeited Accounts: At December 31, 2020 and 2019, forfeited non-vested accounts totaled $107,198 and $12,763, respectively. These amounts will be used to reduce future Company contributions or plan expenses.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one-half of the participant's vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.50% at December 31, 2020. Principal and interest are paid ratably through payroll deductions.

During 2020, the maximum loan limit was increased to $100,000 for loans issued between March 27, 2020 and September 22, 2020, as provided for in the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). Additionally, payments on loans were permitted to be suspended through December 31, 2020 without causing the loans to become delinquent and go into default.

Payment of Benefits: Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount or periodic installments up to the value of the participant's vested interest in his or her account. If a participant terminates employment for any reason, his or her account becomes 100% distributable if below $5,000.

A participant may also request a withdrawal upon the attainment of age 59 ½, or upon demonstration by the participant to the Plan Administrator that the participant is suffering from a hardship, as defined in the Plan Agreement.

NOTE 1: DESCRIPTION OF THE PLAN (CONTINUED)

During 2020, in accordance with the CARES Act, the Plan permitted penalty-free coronavirus-related distributions ("CRDs") in an amount up to $100,000 of a participant's vested balance for qualifying reasons through December 31, 2020. Participants have the option to repay CRDs over a three-year period. In addition, participants were provided the option to waive 2020 required minimum distributions ("RMDs"), or in certain cases 2020 RMDs were automatically waived.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting. The financial statements and supplemental schedules have been prepared to satisfy the reporting and disclosure requirements of ERISA.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires Plan Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Management determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees, and other parties involved with the Plan. See Note 6 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the actual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes investments bought and sold as well as held during the year.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus ("COVID-19") and on March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 pandemic continues to evolve as of the date the financial statements were available to be issued.

Plan Expense Account: As part of the recordkeeping and administrative service fee arrangement, Empower Retirement agrees to reimburse revenue to the Plan in excess of the agreed upon service fee structure. The revenue credit is stated net with administrative fees on the statement of changes in net assets available for benefits. The Plan may use the credit to pay direct and necessary expenses of the Plan. During 2020, revenue credit of $59,713 was used to pay Plan expenses. The unused Plan expense account balance was $18,388 and $9,330 at December 31, 2020 and 2019.

Payment of Benefits: Benefits paid to participants are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan agreement. No allowance for doubtful credit losses has been recorded as of December 31, 2020 and 2019.

Termination of the Plan: Although it has not expressed any intent to do so, the Company has the right to terminate the Plan. The Plan Administrator, upon termination, shall cause the assets of the Plan to be allocated for the purpose set forth and in the order of priorities established by ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Uncertain Tax Positions: GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 3: CERTIFICATION OF TRUSTEES

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, the trustees certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) are complete and accurate.

	December 31, 2020	December 31, 2019
Mutual funds	**$ 33,562,848**	$ 29,061,788
Investment contract with insurance company	**$ 1,694,240**	$ 763,802
Notes receivable from participants	**$ 655,560**	$ 660,127

	Year Ended December 31, 2020
Net appreciation in fair value of investments	**$ 2,925,191**
Interest and dividend income	**$ 1,054,219**
Interest on notes receivable from participants	**$ 35,985**

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

NOTE 4: TAX STATUS

On March 31, 2014, the Internal Revenue Service stated the prototype adopted by the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself, and the Plan has been amended since receiving the determination letter, however, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan engages in investment transactions with funds managed by Great-West Life Insurance and Annuity Company and Great-West Trust Company, LLC, the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan also extends loans to participants who are considered parties-in-interest. These party-in-interest transactions are exempt from prohibitive transaction rules.

NOTE 6: FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, "*Fair Value Measurement and Disclosures*", provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investment contract with insurance company: The Plan has a contract with Great West Life & Annuity Insurance Company. Under the contract, which is considered non-benefit responsive, deposits of contributions received are invested in the contract. The contract is included in the financial statement at fair value using a discounted cash flow valuation methodology where the interest rate for the portfolio investment contract is reset at least as frequently as annually. Fair value of the investment contract, prior to contract termination, equals the contract value.

NOTE 6: FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020		
	Level 1	**Level 2**	**Total**

As reported on Form 5500, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions, certain participant contributions, totaling $19,492, were not remitted to the Plan within the time frame specified by the Department of Labor Regulations, thus constituting nonexempt transactions between the Plan and the Company. The Company is in the process of taking the appropriate steps to correct these late remittances, including lost earnings.
