Trustees
Capgemini Financial Services USA Inc.
401(k) Retirement Plan
Rosemont, Illinois

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of Capgemini Financial Services USA Inc. 401(k) Retirement Plan (Plan)) as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we are unable to and have not expressed an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. Standards also require that we communicate to you the following information related to our audit

AUDIT SCOPE AND RESULTS

Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America

An audit performed in accordance with auditing standards generally accepted in the United States of America is designed to obtain reasonable, rather than absolute, assurance about the financial statements. In performing auditing procedures, we establish scopes of audit tests in relation to the financial statements taken as a whole. Our engagement does not include a detailed audit of every transaction. Our engagement letter more specifically describes our responsibilities.

These standards require communication of significant matters related to the financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the financial statements does not relieve management or those charged with governance of their responsibilities. Our engagement letter more specifically describes your responsibilities.

Qualitative Aspects of Significant Accounting Policies and Practices

Significant Accounting Policies

The Plan's significant accounting policies are described in Note 2 of the audited financial statements.

Alternative Accounting Treatments

We had no discussions with management regarding alternative accounting treatments within accounting principles generally accepted in the United States of America for policies and practices for material items, including recognition, measurement and disclosure considerations related to the accounting for specific transactions as well as general accounting policies.

Management Judgments and Accounting Estimates

Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. The following areas involve significant estimates for which we are prepared to discuss management's estimation process and our procedures for testing the reasonableness of those estimates:

- No matters are reportable.

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Determination of fair values

Audit Adjustments

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments which, in its judgment, are required to prevent the financial statements from being materially misstated. A misstatement is a difference between the amount, classification, presentation or disclosure of a reported financial statement item and that which is required for the item to be presented fairly in accordance with the applicable financial reporting framework. No adjustments were made or proposed as a result of the audit.

Auditor's Judgments About the Quality of the Plan's Accounting Principles

During the course of the audit, we made the following observations regarding the Plan's application of accounting principles:

- No matters are reportable.

Other Information in Documents Containing Audited Financial Statements

The audited financial statements are included in the Form 5500, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the Form 5500 to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions.

Other Material Communications

Listed below are other material communications between management and us related to the audit:

- Management representation letter (attached)

OTHER MATTERS

We observed the following matters and offer these comments and suggestions with respect to these matters, which came to our attention during the course of the audit of the financial statements. Our audit procedures are designed primarily to enable us to form an opinion on the financial statements and, therefore, may not bring to light all weaknesses in policies and procedures that may exist. However, these matters are offered as constructive suggestions for the consideration of management as part of the ongoing process of modifying and improving financial and administrative practices and procedures. We can discuss these matters further at your convenience and may provide implementation assistance for changes or improvements.

SECURE Act

The *Setting Every Community Up for Retirement Enhancement Act of 2019* – better known as the “SECURE Act” – was signed into law by the President on December 20, 2019. It appears to be the most significant retirement plan legislation in the past decade.

Provisions of the SECURE Act, which are generally effective in 2020, include the following:

- Increases the cap for the auto-enrollment safe harbor from 10% to 15% which could be very helpful for plans with nondiscrimination testing issues.
- Plans could allow participants who encounter certain life events to take out penalty-free in-service distributions from accounts of up to \$5,000 for each spouse. The distribution must be within one year after birth or adoption of a qualifying child. Please note the distribution is penalty-free but is still subject to normal individual taxation.
- Increases the age for required minimum distributions (RMD) from 70.5 to 72 and would apply to distributions required to start in 2020. Please note that RMD rules are not applicable if employees are still working and not a 5% or more owner, and this specific provision was affected by a provision within the CARES Act of 2020.

- The legislation now provides for inclusion of “Long-Term Part-Time Employees” (LTPTE) in the Plan in terms of allowing these participants to defer their own contributions into the Plan. Employees working at least 500 hours in three consecutive 12-month periods would be allowed to defer their own funds into the Plan. Employers can still require 1,000 hours of service before having to make employer contributions. These new LTPTEs can be carved out of nondiscrimination testing as well. The LTPTE requirements become effective in 2021.
- In an effort to help participants adequately prepare for their retirement, 401(k) plans will now be subject to new “Lifetime Income Disclosures.” Defined contribution plans are going to be required to provide annual participant statements that include an estimate of the monthly amount they could receive (based on their current account balance) upon retirement.
- An optional new safe harbor for employers that opt to include a lifetime income investment option in their defined contribution plans has been created. If plan fiduciaries meet certain requirements, they would be protected when selecting an insurance company to provide annuity contracts.
- In an effort by the government to encourage smaller employers to implement auto-enrollment, small employers will get a tax credit to offset the costs of starting a 401(k) plan that includes automatic enrollment features or converting an existing plan to include automatic enrollment features.
- The legislation also calls for a tightening up of the benefits of “stretch IRAs” and requiring beneficiaries to withdraw all assets of an inherited account within 10 years. The SECURE Act also provides for increasing penalties for late filings of Form 5500s.

New Auditing Standard for Employee Benefit Plans

In July 2019, the AICPA Auditing Standards Board issued the Statement on Auditing Standards (SAS) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA* (SAS 136). SAS 136 applies only to audits of employee benefit plans that are subject to ERISA. The new standard prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to ERISA and changes the form and content of the related auditor’s report.

New Requirements for the Auditor

SAS 136 addresses specific performance requirements in the following areas:

- Engagement acceptance
- Audit risk assessment and response, including the auditor’s consideration of relevant plan provisions
- Communication of reportable findings with those charged with governance
- The auditor’s responsibilities relating to the ERISA-required supplemental schedules and the Form 5500
- The form and content of the related auditor’s report

New Requirements for the Plan

SAS 136 requires plan management to provide the auditor with the following:

- Acknowledgment from plan management that the certifying entity (typically the trustee or custodian) is qualified to provide a certification for investments and related investment income
- Plan management will be required to provide a substantially complete draft of the Form 5500 before the release of the financial statements.

ERISA Section 103(a)(3)(C) Audits

ERISA Section 103(a)(3)(C) allows plan management to elect to exclude from the audit certain investment information held and certified by a qualified institution. This type of audit, previously known and referred to as a “limited-scope audit,” is now referred to as an “ERISA Section 103(a)(3)(C) audit” in the new standard. SAS 136 does not change anything in ERISA, and therefore, plan management is able to continue electing such an audit.

SAS 136 clarifies what is expected of the auditor, including specific procedures when performing an ERISA Section 103(a)(3)(C) audit. It also establishes a new form of report that provides greater transparency about the scope and nature of the audit and describes the procedures performed on the certified investment information.

SAS 136 is effective for audits of financial statements for periods ending on or after December 15, 2021. Early implementation is permitted.

We encourage plan management to explore the impact of these new provisions with both your third-party administrator and/or ERISA legal counsel. We would anticipate your retirement plan could have additional amendment requirements to comply with certain provisions of the SECURE Act. There will also be required Cycle 3 restatements to your plan document, which will need to be finalized by July 31, 2022.

Cybersecurity Guidance for Employee Benefit Plans

For the first time, the Employee Benefit Security Administration (EBSA) has issued cybersecurity guidance. EBSA believes that without sufficient protection, the over \$9.3 trillion of assets currently invested for the participants of defined benefit and contribution plans could be at risk from both internal and external cybersecurity threats. The guidance, issued in three parts, provides plan fiduciaries and plan management tips for hiring a service provider, cybersecurity program best practices, and online security tips.

Cybersecurity program best practices, as outlined by the EBSA, include the following:

- Have a formal cybersecurity program
- Conduct prudent annual risk assessments
- Have a reliable annual third-party audit of security controls

- Maintain strong access control procedures
- Ensure sensitive data stored and in transit is encrypted
- Respond properly to cybersecurity incidents or breaches

Employee benefit plans often rely on other service providers to maintain plan and participant data records. Plan sponsors should exercise prudence when selecting and monitoring service providers. Steps that plan sponsors can take during the selection process include the following:

- Inquire about the service provider's information security standards, policies and practices
- Evaluate the service provider's track record, including a search for public information regarding information security incidents
- Inquire whether the service provider has experienced security breaches in the past
- Check if the service provider has insurance policies covering losses caused by cybersecurity and identity theft breaches

We recommend plan fiduciaries and plan management consider the guidance issued and begin the process to implement the best practices where appropriate, which may include a cybersecurity assessment.

This communication is intended solely for the information and use of the trustees and management and is not intended to be and should not be used by anyone other than these specified parties.

Our engagement with BKD is based on our contract for services dated: June 21, 2021.

Our Responsibility and Consideration of Material Matters

As permitted by Regulation 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, we have instructed you not to perform any auditing procedures with respect to information prepared and certified by Fidelity Management Trust Company, the trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information that you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedule as a whole. We understand the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, was audited by you in accordance with generally accepted auditing standards, and was subjected to tests of our accounting records and other procedures as you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

Confirmation of Matters Specific to the Subject Matter of BKD's Report

We confirm, to the best of our knowledge and belief, the following:

1. We have fulfilled our responsibilities, as set out in the terms of our contract, for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America.

- a. Management or employees who have significant roles in internal control, or
 - b. Others, where activities of others could have a material effect on the financial statements.
9. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from participants, former participants, regulators, third-party servicers, or others.
10. We have assessed the risk that the financial statements may be materially misstated as a result of fraud and disclosed to you any such risk identified.
11. We have disclosed to you the identity of the Plan's related parties and all the related party relationships and transactions of which we are aware. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
19. The fair values of financial assets and liabilities recognized in the financial statements or disclosed in the notes thereto are reasonable estimates based on the methods and assumptions used. The methods and significant assumptions used result in measurements of fair value appropriate for financial statement recognition and disclosure purposes and have been applied consistently from period to period, taking into account any changes in circumstances. The significant assumptions appropriately reflect market participant assumptions.
20. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified Plan and trust. We do not have any intention at present to terminate the Plan. 22. The Plan operates under a standardized adoption agreement in connection with a Volume Submitter Defined Contribution Plan sponsored by Fidelity Management & Research Co. This prototype plan document has been filed with the appropriate agency and has obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Capgemini Financial Services USA, Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2020 and 2019

Note 1: Description of Plan

The following description of the Capgemini Financial Services USA, Inc. 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Capgemini Financial Services USA, Inc. (Company). Employees who are nonresident aliens and who receive no earned income from the Company, which constitutes income from services within the United States, are not eligible to participate. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan provides for annual Company matching and/or profit sharing contributions at the discretion of the Company's Board of Directors.

Effective January 1, 2017, the Plan adopted 401(k) safe harbor matching contributions. In 2020 and 2019, the Company made safe harbor matching contributions of 100% of the first 3% of the eligible participant's compensation contributed to the Plan and 50% of the next 2% of the eligible participant's compensation contributed to the Plan.

Effective June 1, 2017, the Plan adopted additional eligibility requirements for safe harbor matching contributions. Participants become eligible for safe harbor matching contributions after completing 1,000 hours or one year of service.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants immediately are vested in their contributions plus actual earnings thereon. Effective June 1, 2017, participants are immediately 100% vested in safe harbor matching contributions.

Capgemini Financial Services USA, Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2020 and 2019

Prior to June 1, 2017, vesting in the Company's contribution portion of their accounts was based on years of continuous service. A participant was 100% vested after three years of credited service. Full vesting also occurs upon death, disability or retirement at designated ages.

Notes Receivable From Participants

Participants may borrow from their funds accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a range of 4.00% to 6.50% at December 31, 2020, which is commensurate with local prevailing rates at the time of the loans.

In March 2020, the Company adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of \$100,000 or 100% of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued from March 27, 2020 through September 22, 2020. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020 and December 31, 2020. Following the suspension period, these loans will be re-amortized over the remaining period of the loans, plus the suspension period.

Payment of Benefits

Upon termination of service due to death, disability or retirement, the entire balance in the participant's account will be payable to the participant, or their beneficiary, in either payment in the form of a joint and survivor annuity if married, or in the form of a life annuity if unmarried, payment in a lump sum, or payments in equal monthly, quarterly, semi-annual or annual installments over a period not to exceed the participant's life expectancy.

For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. When the participant's vested interests are less than \$5,000, the plan administrator may distribute such benefit in a lump sum without the participant's consent.

In March 2020, the Company adopted the CARES Act provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants are permitted to take a CRD of up to \$100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Revenue Sharing

Fidelity Management Trust Company (Fidelity) receives revenue from registered investment companies and common or collective trust fund service providers for services Fidelity provides to

Capgemini Financial Services USA, Inc.
401(k) Retirement Plan

the funds. If the revenue received by Fidelity from such mutual fund or collective trust fund service providers exceeds the amount owed under the agreement, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts are allocated to the accounts of the participants. Revenue credits were \$104,687 and \$78,025 for the years ended December 31, 2020 and 2019, respectively. The Plan has revenue credits of \$183,434 and \$78,492 available as of December 31, 2020 and 2019, respectively.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$1,168,001 and \$641,176, respectively. Those accounts will normally be applied first to reduce the Company matching and/or profit sharing contributions and any excess is applied to the payment of the Plan's administrative expenses. During 2020 and 2019, forfeitures of \$119,718 and \$246,545, respectively, were used to reduce Company contributions and administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments in registered investment companies, common and preferred stock and money market accounts are valued at quoted market prices. The common or collective trust fund is valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. There are no participant redemption restrictions for this investment and participant redemptions are allowed daily. A redemption notice period is applicable only at the plan level. There are no unfunded commitments at December 31, 2020 and 2019.

Capgemini Financial Services USA, Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2020 and 2019

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses

Certain expenses of the Plan are paid by the Company. The Plan pays certain administrative expenses and transaction costs related to investment fees. Certain investment fees are expensed as incurred and certain investment fees are included in the net appreciation in fair value of investments. Administrative expenses paid by the Plan are expensed as incurred.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Note 3: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable input and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Capgemini Financial Services USA, Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2020 and 2019

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The fair value of money market accounts are carried at cost, which approximates fair value (Level 1 inputs).

The fair value of common and preferred stocks is supported by quoted prices in active markets (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

		Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets for Identical Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4: Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee of the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan of \$262,677 and \$379,323 during 2020 and 2019, respectively, for legal, accounting and other professional services are primarily rendered by parties-in-interest. The Company provides certain administrative services at no cost to the Plan.

Note 5: Income Tax Status

The Plan operates under a standardized adoption agreement in connection with a Volume Submitter Defined Contribution Plan sponsored by Fidelity Management & Research Co. This prototype

Capgemini Financial Services USA, Inc.
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2020 and 2019

plan document has been filed with the appropriate agency and the prototype sponsor has obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

Note 6: Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019
- Investment income components and interest income from participant notes receivable as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019
- Investments and participant loans included in the supplemental schedule of assets (held at end of year) as of December 31, 2020

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 7: Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 9: Risks and Uncertainties

The outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets and may continue to impact the value of plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 10: Subsequent Events

Subsequent events have been evaluated through October 15, 2021, which is the date the financial statements were available to be issued.
