ARROWHEAD HEALTHCARE 401(k) PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Arrowhead Healthcare 401(k) Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: Arrowhead Healthcare, LLC established the Plan effective January 1, 2018. The Plan is a defined contribution plan and is open to substantially all employees of Arrowhead Healthcare, LLC and affiliated entities (the "employers" and collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2020, seven new participating employers under common ownership began participating in the Plan, resulting in a total of twelve employers.

The Plan offers investment options through a group annuity contract (the "Contract") issued by John Hancock Life Insurance Company ("John Hancock"), custodian of the Plan's assets. Through the Contract, contributions made into the Plan are invested in pooled separate accounts with sub-accounts which invest solely in underlying mutual funds. Amounts allocated to pooled separate accounts are credited to a participant's account in the form of accumulation units.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. The CARES Act provides emergency economic relief in response to the COVID-19 pandemic. There are several key provisions of the CARES Act that affect retirement plans related to hardship distributions, participant loans, and required minimum distributions.

The CARES Act provided for distribution of benefits up to $100,000 for participants impacted by COVID-19. Distributions were available to participants through December 31, 2020, who were impacted by COVID-19 through a diagnosis of COVID-19, a spouse or dependent diagnosed with COVID-19, or were financially impacted by quarantine, job loss, or reduced hours due to COVID-19. The CARES Act also permitted participants the option to defer required minimum distributions. The CARES Act loan provisions allowed for an increase in the loan limit to the lesser of $100,000 or 100% of the participant's account balance until 180 days after the enactment date of the CARES Act and up to a one year extended due date for participant loan repayments. The Plan adopted these provisions in 2020.

Eligibility: To be eligible to participate in the Plan, an employee must be 21 years of age or older and have completed 30 days of service. Employees whose employment is covered by a collective bargaining agreement, certain nonresident aliens who have no earned income from sources within the United States, and highly compensated employees (generally more than 5% owners and certain family members or individuals receiving wages in excess of certain amounts established by law) are not eligible to participate in the Plan. Employees may enter the Plan the first day of the Plan year quarter coinciding with or following the date the eligibility requirements are satisfied.

Contributions: Participants may make voluntary pre-tax contributions or after-tax (Roth) contributions by means of a salary deferral agreement of up to 90% of their compensation, subject to IRS limitations for the Plan year. Plan participants over the age of 50 are also permitted to make additional pre-tax and Roth catch-up contributions. The Plan also permits rollover contributions from other qualified pre-tax retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may contribute discretionary matching contributions to participant accounts, which are determined annually. Discretionary employer matching contributions are equal to 50% of the employee's deferral not to exceed 2% of compensation. Participants become eligible for discretionary matching contributions after 1,000 hours of service during the plan year and must be employed on the last day of the Plan year. For the purpose of employer matching contributions, employees begin receiving matching contributions on the day the eligibility requirements are satisfied. Management calculates and remits the discretionary employer matching contribution subsequent to year-end and, as such, these amounts are presented as employer contributions receivable at December 31, 2020 and 2019 in the accompanying statements of net assets available for benefits. The Company elected to match 2020 contributions for five of the twelve participating employers. During 2020, the Company determined it would not pay the employer contribution receivable that was recorded at December 31, 2019. The Company reversed this contribution in 2020, thereby decreasing 2020 employer contributions reflected on the accompanying statement of changes in net assets available for benefits. The employer contribution receivable at December 31, 2020 was paid into the Plan in August 2021.

In addition, the Company may contribute discretionary non-elective profit sharing contributions to the Plan. During 2020, no non-elective profit sharing contributions were contributed by the Company.

Investment options: Currently, participants are able to direct their contributions into pooled-separate accounts ("PSAs") maintained by John Hancock. Participants are able to transfer funds among all investment options, subject to certain limitations on the timing of such transfers imposed by the PSA.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's discretionary matching and discretionary non-elective profit sharing contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in both their voluntary contributions and any discretionary employer contributions plus any related earnings thereon.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate determined by the plan administrator, currently the prime interest rate at the time of the loan plus 2%. Interest rates range from 5.25% to 7.50%. Principal and interest is paid ratably through weekly payroll deductions.

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or partial payments. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. In case of hardship, a participant may apply for a distribution described in the Plan agreement. Lump sum distributions are required if the vested balance is $5,000 or less. Additionally, in-service distributions are permitted for participants meeting certain age and length of service requirements.

Administrative expenses: Expenses for the Plan's investment managers, administrators, attorneys, and auditors are paid by the Plan or the Company at the Company's discretion.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Notes receivable from participants: Participant loans are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments, including gains and losses, are recorded on a trade-date basis. Interest income is recorded when earned, dividends are recorded on the ex-dividend date and capital gain distributions are included in dividend income. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 15, 2021, the date the financial statements were available to be issued. See Note 10 for a description of certain events occurring in 2021 that have a significant effect on the Plan.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

John Hancock, the custodian, holds the Plan's investments and executes investment transactions.

The following information, included in the accompanying financial statements and supplemental schedule, was obtained from data that has been prepared and certified as complete and accurate by the custodian:

	2020	2019
Investments, at fair value	$ 1,515,939	$ 616,829
Notes receivable from participants	23,216	15,546
	$ 1,539,155	$ 632,375
Additions to net assets:		
Net appreciation in fair value of investments	$ 211,651	
Interest income on participant notes receivable	1,326	

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts: Valued at the net asset value ("NAV") of the underlying investments held by each account, minus its liabilities, and then divided by the number of units outstanding. The NAV, as reported to the Plan, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. The pooled separate accounts offer a variety of different investment strategies, including asset preservation, income generation, growth, target date asset accumulation and sector specialization. Purchases and sales may occur daily within these accounts and the redemption period is immediate. As of December 31, 2020 and 2019, there were no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts (a)	$ -	$ -	$ -	$ 1,515,939
Investments at fair value	$ -	$ -	$ -	$ 1,515,939

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts (a)	$ -	$ -	$ -	$ 616,829
Investments at fair value	$ -	$ -	$ -	$ 616,829

(a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The World Health Organization declared the Coronavirus Disease 2019 (COVID-19) outbreak a pandemic in March 2020. The COVID-19 pandemic has adversely affected the global economic activity including significant deterioration and instability in financial markets. As a result, the fair value of the Plan's investments experienced volatility during 2020 and may continue to do so in the future. The full extent of the future impact of COVID-19 on the fair value of the investments held by the Plan and the Company's operations is uncertain. A prolonged COVID-19 pandemic could have a material adverse impact on the Plan's net assets available for benefits and the Company's operations and financial condition.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all employer contributions.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments as of December 31, 2020 and 2019 were units of participation in pooled separate accounts that were managed by affiliates of John Hancock, the Plan's custodian. Therefore, these transactions qualify as party-in-interest transactions.

Additionally, two shareholders of the Company are the trustees of the Plan, as defined in the plan agreement. Neither officer participates in the Plan.

The Plan issues notes receivable to participants, which are secured by the balances in participants' accounts. When initiated, these transactions qualify as party-in-interest transactions.

NOTE 8 – INCOME TAX STATUS

The Plan has adopted a volume submitter plan document on which the Internal Revenue Service has issued an opinion letter dated March 31, 2014 that stated that the volume submitter document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The volume submitter document has been amended since issuance of the most recent opinion letter. The Plan has not requested an individual determination letter from the Internal Revenue Service. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and intends to take corrective action for any identified deficiencies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE 9 – PROHIBITED TRANSACTIONS

The Company failed to withhold and remit deferrals on certain types of income for its participants in 2020. The corrective action for this error requires the Company to make corrective contributions equal to 50% of the missed deferrals plus lost earnings on the deferrals. The Company is working with its third-party administrator to calculate the corrective contributions related to the 2020 errors. The corrective contributions and related lost earnings will be remitted to the Plan as soon as administratively feasible. The Company estimates the amount of the corrective contributions to be immaterial to the financial statements at December 31, 2021.

NOTE 10 – SUBSEQUENT EVENTS

Effective January 1, 2021, the Plan was renamed to OPCO CA 401(k) Plan, and the plan agreement was restated to bring the Plan into compliance with any legislative and regulatory changes that occurred since the documents were last amended. The restatement did not result in any significant changes to the Plan's provisions.

Also, effective January 1, 2021, 36 new participating employers under common ownership began participating in the Plan. Effective January 31, 2021, six employers ceased participation in the Plan. Effective March 14, 2021, seven additional employers ceased participation in the Plan.
