Report of Independent Auditor

To The Trustee
DSS Sustainable Solutions USA, Inc. Retirement Savings Plan
Virginia Beach, Virginia

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the DSS Sustainable Solutions USA, Inc. Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the year ended December 31, 2020 and the period from September 1, 2019 (inception) to December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion*, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Ascensus Trust Company, the "Trustee" of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Trustee as of December 31, 2020 and 2019, and for the year ended December 31, 2020 and the period from September 1, 2019 (inception) to December 31, 2019, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules, Schedules of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2020 and 2019, are required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with DOL's Regulations for Reporting and Disclosure under ERISA.

Note 1—Description of the Plan

The following brief description of the DSS Sustainable Solutions USA, Inc. Retirement Savings Plan (the "Plan") is provided for general information purposes only. Reference should be made to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan for which contributions are made by DSS Sustainable Solutions USA, Inc. (the "Company" or "Employer" or "Plan Sponsor") and its participating employees established September 1, 2019. The Plan covers all full-time employees of the Company who have completed two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The CARES Act took immediate effect and contained several provisions that temporarily impact qualified plans, including a new hardship withdrawal option and a loan payment pause option. The Company incorporated these provisions into the Plan effective March 27, 2020.

Contributions – Each year participants may contribute from 1% to 100% of pretax or after tax annual compensation, as defined in the Plan document. Employees may also transfer amounts representing distributions from other qualified plans. Contributions are subject to certain limitations, as defined in the Plan and the Internal Revenue Code ("IRC"). The maximum contribution limitation for 2020 and 2019 was $19,500 and $19,000, respectively. A participant may change their contribution percentage daily. The Company may contribute a matching contribution equal to a discretionary percentage, to be determined by the Employer, of the participant's salary reductions. For the year ended December 31, 2020 and the period from September 1, 2019 (inception) through December 31, 2019, the matching percentage was set at 100% of the participants' deferrals up to 6% of compensation. The Company may also make a discretionary profit-sharing contribution each year, to be determined by the Employer. The company made a profit sharing contribution of $433,575 and $137,186 for the year ended December 31, 2020 and the period from September 1, 2019 (inception) through December 31, 2019, respectively.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's discretionary contributions and (b) investment earnings (losses) (including net appreciation and depreciation in fair value of investments) and charged with participant distributions and an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting – Participants are immediately vested in their contributions and employer matching contribution plus actual earnings thereon. Vesting in employer profit sharing contributions is based on years of service. A participant must have at least 1,000 hours of service during a Plan year to earn a year of service and 500 hours of service must be met or exceed to avoid a break in vesting service. Each participant's vesting schedule in the Company's discretionary profit sharing is as follows:

Years of Service	Vesting Percentage
Less than 3 years	0%
3 or more years	100%

Investment Options – Upon enrollment in the Plan, a participant may direct employee and Plan Sponsor contributions in any of the investment options offered by the Plan.

Note 1—Description of the Plan (continued)

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Notes must be repaid within five years. If the note is made for the purchase of a participant's residence, the note may be repaid over a reasonable period of time longer than five years, up to 30 years. Principal and interest is paid ratably through monthly payroll deductions.

Forfeitures – As of December 31, 2020 and 2019, forfeited nonvested accounts totaled $-0- for both years. Per the Plan Document, these amounts may be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. During the year ended December 31, 2020, $1,314 of forfeited nonvested accounts were used to pay plan expenses. During the period from September 1, 2019 (inception) to December 31, 2019, no forfeited nonvested accounts were used to reduce employer contributions or to pay Plan expenses.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants that have reached the age 70½ may be required to take certain minimum distributions, which are paid in annual installments, which shall not extend beyond the participant's life expectancy. Participants may also withdraw all or any part of their vested account balance after having attained age 59½, incurred a disability, or incurred a hardship in accordance with the Plan document.

Note 2—Summary of significant accounting policies

Basis of Presentation – The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recognized when earned. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company and are, therefore, excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Note 2—Summary of significant accounting policies (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020, and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits – Benefits paid to participants are recorded when paid.

Note 3—Information certified by the Trustee (unaudited)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan, Ascensus Trust Company, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule as of December 31, 2020 and 2019, and for the year ended December 31, 2020 and the period from September 1, 2019 (inception) to December 31, 2019.

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.

- Net appreciation in fair value of investments, interest and dividends, other income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2020 and the period from September 1, 2019 (inception) to December 31, 2019.

- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2020.

- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2019.

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedules of assets (held at end of year).

Note 4—Fair value measurements

Fair Value Measurements – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset and liability, in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

Note 4—Fair value measurements (continued)

U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These public investment vehicles are valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is classified within Level 1 of the valuation hierarchy based on the underlying assets of the account, which are traded on an active market.

Money Market Funds – This investment is a public investment vehicle valued using the NAV provided by the administrator of the fund. The underlying assets are generally comprised of short-term securities representing high quality, liquid debt, and monetary assets. The Trustee establishes the market and quotes the price, on a daily basis, that is available to market participants, which is a market approach to valuation. The money market account is classified within Level 2 of the valuation hierarchy.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total Fair Value
Investments:				
Mutual funds	$ 5,673,687	$ -	$ -	$ 5,673,687
Money market funds	-	24,882	-	24,882
Total investments, in fair value hierarchy	$ 5,673,687	$ 24,882	$ -	$ 5,698,569

	December 31, 2019			
	Level 1	Level 2	Level 3	Total Fair Value
Investments:				
Mutual funds	$ 2,205,587	$ -	$ -	$ 2,205,587
Money market funds	-	5,141	-	5,141
Total investments, in fair value hierarchy	$ 2,205,587	$ 5,141	$ -	$ 2,210,728

Note 5—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event such discontinuance results in termination of the Plan, the Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. In the event of Plan termination, participants will become 100% vested in their account balances.

Note 6—Party-in-interest transactions

Certain administrative expenses are paid to the investment advisor, and record-keeper of the Plan. These transactions qualify as party-in-interest transactions. These administrative expenses amounted to $2,278 and $180 for the year ended December 31, 2020 and the period from September 1, 2019 (inception) to December 31, 2019, respectively. Notes receivable from participants qualify as party-in-interest transactions.

Note 7—Tax status

The Plan Sponsor adopted a prototype non-standardized profit sharing plan which received a favorable opinion letter from the Internal Revenue Service on January 1, 2018, which stated that the prototype Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself, and the prototype plan has been amended since receiving the opinion letter. However, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2020. The Plan Sponsor believes the Plan has no income subject to unrelated business income tax.

U.S. GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of the spread of the coronavirus ("COVID-19"), economic uncertainties have arisen triggering volatility in financial markets and a significant negative impact on the global economy. As the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of potential losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Note 9—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent through October 15, 2021, the date these financial statements were available to be issued.
