NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of Innov8 Holdings, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering eligible employees of Innov8 Holdings, LLC (the "Company") on the first day of the month following the date of hire. The Plan was established on January 1, 2012 and most recently restated on January 1, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions:

Participants may direct any amount of their pre-tax annual compensation into the Plan up to the maximum limit established annually by the Internal Revenue Service. The employee may also contribute to the Plan on an after-tax basis. The Company may elect to contribute a discretionary matching contribution solely determined by the Company. In order to receive a discretionary matching contribution under the Plan, the participant must have worked 1,000 hours during the plan year and be employed on the last day of the plan year, unless during the plan year the participant dies, becomes disabled, or terminates employment after attaining normal retirement age. In addition, the Company may elect discretionary profit sharing contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting:

Participants are immediately vested in their contributions and actual earnings thereon. Discretionary profit sharing and matching contribution are vested at 20 percent each year starting at two years of credited service. A participant is 100 percent vested after 6 years of credited service, after reaching normal retirement age, or upon death or disability.

Participant Accounts:

Principal Life Insurance Company maintains an account for each participant. Each participant account is credited with the participant's contribution and allocation of Plan earnings. The earnings are based on the earnings of the investments selected by the participant. The participant directs the investment of their account into various investment options offered by the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Cont.)

Notes Receivable from Participants:

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account. Principal and interest must be repaid over a period not to exceed five years. Loans used to acquire a principal residence shall provide for periodic repayment over a reasonable period of time that may exceed five years. Interest rates are based on the prime rate plus 1% at the time the loan is made and remains fixed for the duration of the loan. Principal and interest are paid ratable through bi-weekly payroll deductions.

Payment of Benefits:

Upon separation of service or other conditions as defined in the Plan, the participants or their beneficiaries are entitled to a lump sum cash payment equal to the value of the participant's vested interest in his or her account, or various options as defined in the Plan. The Plan permits a hardship distribution to a participant in accordance with the Plan's hardship policies.

Forfeited Account:

Amounts accumulated in the forfeiture account will be used to reduce expenses related to the administration of the plan and to reduce employer contributions. Forfeited non-vested accounts totaled $0 at December 31, 2020 and 2019, respectively. Forfeitures were not used to reduce employer contributions or plan expenses during the years ended December 31, 2020 and 2019.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2020 are reported in net appreciation in fair value of investments.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Cont.)

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participants account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note is recorded as a benefit payments based upon the terms of the Plan document.

Benefits Paid to Participants:

Benefits are recorded when paid.

Administrative Expenses:

All Plan investment and trust management fees paid are charged against the Plan's assets. These fees are allocated to the participants' accounts in the same manner as the allocation of income and loss. Expenses related to specific participant transactions are charged to the respective participant's account. The annual audit and tax fees are paid directly by the Company and are not included in the accompanying financial statements.

Use of Estimates:

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America. Those standards require management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Date of Management's Review of Subsequent Events:

The Plan has evaluated subsequent events through October 14, 2021, the date on which the financial statements were available to be issued.

Note 3. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 measurements consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 measurements are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements (Cont.)

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The fair values of the pooled separate accounts and common/collective trust funds are based on quoted net asset values of the shares held by the Plan at year-end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

	Total	Fair Value Measurement Using Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2020		
Common/collective trusts	$ 1,442,085	$ 1,442,085
Mutual funds	321,891	321,891

Total investments in the fair value hierarchy	$ 1,866,854	$ 1,866,854

NOTES TO FINANCIAL STATEMENTS

Note 4. Summary of Information Certified by Custodian (Unaudited)

The Plan's investments are held and administered by Principal Life Insurance Company and Principal Trust Company, (collectively, Principal), as custodian. The custodian of the Plan has provided a certification that the following information, which is contained in or used to develop the accompanying financial statements, is complete and accurate. The custodian of the Plan has provided a certification that the following information, which is contained in or used to develop the accompanying financial statements, is complete and accurate:

Investments as of December 31, 2020 and 2019.

Investment income for the year ended December 31, 2020.

Schedule of Assets Held for Investment Purposes as of December 31, 2020.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions set forth in ERISA and the Internal Revenue Code. Upon termination of the Plan, the total net assets of the Plan are to be distributed to the participants in proportion to their account balances.

Note 6. Related Party Transactions

During the 2020 and 2019 plan years, the custodian of the Plan provided participant-level services as defined by the Plan and, therefore, these transactions qualify as party-in-interest. There were no separate fees paid by the Plan for the investment services.

Note 7. Income Tax Status and Plan Amendments

The Plan obtained its latest advisory letter on March 31, 2014, in which the Internal Revenue Service has determined and informed the sponsor of the volume submitter plan that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the advisory letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTES TO FINANCIAL STATEMENTS

Note 7. Income Tax Status and Plan Amendments (Cont.)

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however; there are currently no audits for any tax periods in progress. Generally, the Plan's tax returns remain open for three to four years for income tax examination.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As a result of the COVID-19 outbreak in the United States, economic uncertainties have arisen which are likely to have an impact on the Plan's net assets and investment returns, though the effects of such potential impact and its duration are unknown at this time.
