The Plan is a defined contribution plan covering all employees of Sweep America Intermediate Holdings, LLC and certain subsidiaries and affiliates (collectively, the "Companies") who have completed six months of service and are age 18 or older. Eligibility becomes effective on the first day of the month immediately following completion of six consecutive months of employment. Employees who perform services subject to the Service Contract Act, Davis-Bacon Act, or similar federal, state, or municipal prevailing wage statutes, may also participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee pretax and Roth salary deferral contributions up to a maximum of 100 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Companies may make discretionary matching and discretionary profit-sharing contributions to the Plan. Participants who have attained the eligibility requirements specified above and remain employed by the Companies through the last day of the plan year are eligible to receive employer discretionary matching contributions. Participants who have attained the eligibility requirements specified above, have completed 1,000 hours of service during the plan year, and remain employed by the Companies through the last day of the plan year are eligible to receive employer discretionary profit-sharing contributions. No employer discretionary matching or discretionary profit-sharing contributions were made during the year ended December 31, 2020.

The Companies make qualified nonelective employer contributions (QNEC) to the Plan based on state and federal prevailing wage jobs. Total annual contributions made to the Plan on behalf of any participant are subject to limitations imposed under the IRC. Qualified nonelective employer contributions of approximately \$16,000 were made during the year ended December 31, 2020.

Certain participant contributions in 2020 were paid after the time frame required by the Department of Labor. The Companies intend to contribute the delinquent contributions and related lost earnings to the Plan in 2021.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balances. Note terms are not to exceed five years. The notes receivable are secured by the participant's vested account balance and bear interest at rates that are commensurate with local prevailing rates determined periodically by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

As a result of the COVID-19 pandemic, U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act on March 27, 2020. The Plan adopted a provision of the CARES Act that suspended loan repayments for new and existing loans for the remainder of 2020. In addition, the CARES Act increases maximum potential loan amounts to \$100,000 for loans disbursed from March 27, 2020 to September 22, 2020.

Note 1 - Plan Description (Continued)***Participant Accounts***

Each participant's account is credited with the participant's contributions, discretionary matching contributions, allocations of the QNEC, discretionary profit-sharing contributions, and any earnings thereon and charged with an allocation of administrative expenses. Discretionary profit-sharing contributions are allocated as a percentage of compensation of eligible participants for the plan year. QNEC contributions are allocated based on the fringe benefit amount determined by the prevailing rate schedule for the participant, reduced by contributions made to other plans that count toward fringe rates. Allocations of earnings and expenses are based on the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary, rollover, and QNEC contributions and any income or loss thereon. Vesting in the Companies' discretionary matching and discretionary profit-sharing contribution portions of their accounts, plus actual earnings thereon, is based on years of service according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	- %
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 but less than 6	80
6 or more	100

Participants become 100 percent vested in their accounts upon separation of service due to disability or death.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant (or the participant's beneficiary in the case of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, with the exception of from their QNEC contributions, matching contributions as to the extent such account has been used to satisfy the safe harbor rule, and earnings on employee contributions, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, between March and December 31, 2020, eligible participants could request a coronavirus-related distribution (CRD) of up to \$100,000 from their participant accounts without being subject to the Internal Revenue Service 10 percent early distribution tax. Participants may elect to repay some or all of their CRD within three years.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

December 31, 2020 and 2019**Note 1 - Plan Description (Continued)*****Party-in-interest Transactions***

Certain plan assets are in investment funds managed by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company or their affiliates. Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company are the trustees of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies***Investment Valuation and Income Recognition***

Investments held by the Plan are stated at fair value except as noted below. The fully benefit-responsive guaranteed investment contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See Note 5 for additional information.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Companies. These transactions qualify as party-in-interest transactions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note 2 - Summary of Significant Accounting Policies (Continued)***Subsequent Events***

The financial statements and related disclosures include evaluation of events up through and including October 12, 2021, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company (collectively, the "Trustees") hold the Plan's investments and participant notes receivable and execute all related transactions. The investment and participant notes receivable balances and related income and losses for the year ended December 31, 2020 included in the accompanying financial statements and supplemental schedule of assets held at end of year as of December 31, 2020 are based solely on information certified by the Trustees.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2020:

Assets Measured at Fair Value on a Recurring Basis at December 31, 2020	
Investments (at Fair Value)	Level 1
Total investments at fair value - Mutual funds	\$ 1,874,547 \$ 1,874,547

December 31, 2020 and 2019**Note 5 - Guaranteed Investment Contract**

The Plan has a fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (GW). GW maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest rate is applied to all contributions made to the product, regardless of the timing of those contributions. Interest crediting rates are reviewed on a semiannual basis for resetting but may not be less than 1.05 percent. When establishing interest crediting rates for this product, GW considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account.

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is not probable. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

As described in Note 2, because the contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Note 6 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.

Note 7 - Transfers

In January 2020, the Companies completed the acquisition of Contract Sweepers & Equipment Company, Inc. (CSE). In April 2020, the Contract Sweepers & Equipment, Inc. Profit Sharing 401(k) Plan was terminated, and all its plan assets and participants were transferred to SCA 401(k) Plan. The Plan received transfers of approximately \$864,000 related to these employees.

Subsequent to December 31, 2020, the Companies completed another acquisition, Accusweep. The acquired company had a separate defined contribution plan that was terminated in July 2021, and the plan assets and participants were transferred to SCA 401(k) Plan. The Plan received transfers of approximately \$632,000 related to these employees.
