Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information as summarized in Note J, which was certified by Voya Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the 2020 financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Other Matter - Supplemental Schedule

The supplemental schedule of Assets, Held at End of Year, as of December 31, 2020, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2019 Financial Statement

The financial statement of the Plan as of December 31, 2019, was audited by Tarlow & Co., CPAs, who merged with Aprio, LLP as of January 1, 2021. As permitted by 29 CFR 2530.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 14, 2020, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Bentex Group, Inc. 401(k) Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note A

Description of Plan

The following description of the Bentex Group, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established by Bentex Group, Inc. (the "Plan Sponsor") under an adoption agreement dated September 1, 1997. Dreamwave, LLC, a company that is part of the controlled group, elected to participate in the Plan. Bentex Group, Inc. and Dreamwave, LLC, together, are hereafter referred to as the "Company". The Plan is a defined contribution plan covering substantially all full-time employees of the Company. Participation in the Plan is voluntary and is offered to all eligible employees who have attained the age of eighteen (18) and have completed three (3) months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Trustees of the Plan are responsible for the administration of the Plan. The Trustees determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions

Each year, participants may contribute up to one hundred percent (100%) of their pretax annual compensation, as defined in the Plan, not to exceed the dollar limit set by the Internal Revenue Code annually. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions.

The plan was amended, effective August 1, 2014, to add a provision allowing Roth contributions and non-elective employer contributions.

The Company may elect to make discretionary matching contributions. The Company may also make a discretionary non-elective contribution. Company contributions are maintained separately in a Company account within each participant's account. During the year ended December 31, 2020, the Company elected to match twenty-five percent (25%) of up to three percent (3%) of participant eligible compensation.

Participants direct the investments of their contributions as well as Company contributions into various investment options, offered by the Plan. Participants may change the allocations of their investments daily. Contributions are subject to certain limitations prescribed by the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contribution and related earnings (losses), Company's match and related earnings (losses), and any additional Company contributions and related earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Such expenses may include investment expenses, costs to process loans, Plan distributions, and other expenses. Allocations are based on participant earnings and account balances, as set out in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note A

Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is one hundred percent (100%) percent vested after six (6) years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates of 4.25 to 6.25 percent. The interest rate is the Prime Rate, as stated in the Wall Street Journal, plus 1 percent. Principal and interest are paid ratably through payroll deductions, on an after tax-basis, and must be repaid within 5 years or up to 30 years if taken for the purchase of a primary residence.

Hardship Withdrawals and In-Service Distributions

While a participant is employed with the Company, a participant may make withdrawals in cash of amounts applicable to a participant and employer contributions and compensation or losses thereon, subject to certain restrictions. Hardship withdrawals are allowed for qualified expenses (certain medical expenses, purchase of a principal residence, tuition payment for post-secondary education, payments to prevent eviction from a primary residence, burial or funeral expenses, and for damages to the principal residence) as defined in the plan document. Participant contributions and matching contributions can be withdrawn after attainment of age 59 ½.

Payment of Benefits

On termination of service due to death, disability, termination retirement or other reasons, a participant or their beneficiary shall receive either a lump-sum amount equal to the value of the participant's vested account balance or various installment payments as provided by the plan.

Forfeitures

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$121 and \$16,344, respectively. These accounts will be used to pay plan administrative expenses or to reduce employer contributions. During 2020, forfeited amounts of \$17,089 were used to reduce administrative expenses and employer contributions.

Note B

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Notes to Financial Statements

December 31, 2020 and 2019

Note B

Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors, custodians and other third-party service providers. See Note C for discussion of fair value measurements.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for the benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If the participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. No allowance for credit losses has been established as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Note B

Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Although not required by the Plan, the Company has elected to pay some of the administrative expenses of the Plan including legal, audit and other administrative expenses. The Plan pays for investment advisory fees. Expenses paid by the Company are excluded from these financial statements. Notwithstanding the foregoing, the Company may direct that administrative expenses that are allocable to the account of a specific participant shall be paid from that participant's account. All other investment fees applicable to each investment fund are netted against the related investment income before investment income is allocated to participants' accounts. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued.

Note C

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">– quoted prices for similar assets or liabilities in active markets;– quoted prices for identical or similar assets or liabilities in inactive markets;– inputs on other than quoted prices that are observable for the asset or liability;– inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2020 and 2019

Note C

Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2020 and 2019.

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>8,323,995</u>	<u>-</u>	<u>-</u>	<u>8,323,995</u>
Total investments, at fair value	<u>\$ 8,323,995</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,323,995</u>

Note D

Investment Contract with Insurance Company

The Plan is invested in a fully benefit-responsive investment contract ("Voya Fixed Account") with Voya Retirement Insurance and Annuity Company (the "Issuer"). The amounts invested, as of December 31, 2020 and 2019, were \$319,938 and \$384,083, respectively. The Issuer maintains the contributions in its general account with no maturity date. The account is credited with earnings and charged for participant withdrawals and administrative expenses.

Bentex Group, Inc. 401(k) Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note D

Investment Contract with Insurance Company (Continued)

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Issuer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the Issuer's ability to meet its financial obligations. The Issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Generally, there are no events that limit the ability of the Plan to transact at contract value with the Issuer. There are no events or circumstances that would allow the Issuer to terminate the fully benefit-responsive contract with the Plan and settle at an amount different from contract value.

Note E

Excess Contributions Payable

Amounts payable to participants totaling \$297 and \$7,109, at December 31, 2020 and 2019, for contributions in excess of amounts allowed by the IRS, are recorded as a liability with a corresponding reduction to contributions. The Plan has not distributed the 2020 excess contributions to the applicable participants as of October 13, 2021.

Note F

Related-Party Transactions and Party-in-Interest Transactions

All Plan investments are managed by Voya who is the trustee, custodian and a record-keeper of the Plan's assets. The Company also utilizes another third-party record-keeper, Associated Pension Consultants, Inc. ("Associated") to provide certain other administrative services. The purchases and sales of these investments and resulting balances qualify as party-in-interest transactions. At December 31, 2020 administrative fees paid to Voya totaled \$17,174. At December 31, 2020 administrative fees paid to Associated Pension Consultants, Inc. totaled \$3,338.

Note G

Note H

Tax Status

The Company adopted a prototype defined contribution plan and trust agreement with CCH Incorporated (through Associated). The Internal Revenue Service has determined and informed CCH Incorporated, by a letter dated March 31, 2014, that the prototype plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the plan's advisors believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the authorities. The Plan's management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note I

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have led to heightened market risk and volatility. This could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Because of these market uncertainties, Plan management is unable to estimate the total impact the pandemic will have.

Non-Exempt Transactions

During the year ended December 31, 2020, as reported on the Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), the Company failed to remit to the Plan's trustee certain participant contributions within the period prescribed by Department of Labor regulations. Consequently, the Plan is considered to have engaged in non-exempt transactions with a party-in-interest. Late remittances through December 31, 2020 amounted to \$261,354. The Company is required to rectify the matter by paying lost earnings on the participant contributions that were remitted late.
