Frontier Fire Protection 401K Profit Sharing Plan

Notes to Financial Statements

December 31, 2020 (Audited) and 2019 (Compiled)

Note 1: Description of the Plan

General

The following description of Frontier Fire Protection 401K Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by Frontier Fire Protection, LLC (the Company) for the benefit of its employees who are age 18 or older and have completed one month of service, as defined. The Plan is subject to provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Ascensus Trust Company is the trustee of the Plan.

Contributions

Eligible participants may elect to have a portion of their pre-tax compensation, as defined, deferred and contributed to the Plan. Participants may contribute up to 100% of their eligible compensation, subject to IRS limitations. Employee rollover and Roth contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

After completing one month of service and attaining the age of 18, participants are eligible for employer matching contributions. The Company makes matching contributions equal to 100% of each participant's contributions limited to participant contributions on the first 3% of eligible compensation. The Company then makes matching contributions equal to 50% of each participant's contributions limited to participant contributions between 3% and 5% of eligible compensation.

After completing one month of service and attaining the age of 18, participants are also eligible for employer discretionary profit-sharing contributions. No discretionary profit-sharing contributions were made for the year ended December 31, 2020.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions, as well as the employer's contributions, into any of the separate investment accounts.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions, if any, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2020 (Audited) and 2019 (Compiled)

Vesting

Participants are immediately vested in their voluntary contributions and employer matching contributions plus earnings thereon. Vesting in the Company's profit-sharing contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after six years of continuous service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with market rates for similar loans. All loans are covered by demand notes and are repayable through payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum distribution, installment payments or a direct rollover to another qualified retirement plan, as defined, in an amount equal to the value of the participant's vested interest in his or her account. In certain circumstances, participant may also take distributions from the Plan upon attainment of age 59½.

Forfeited Accounts

Participant forfeitures of employer profit-sharing contributions are used to offset future employer matching and profit-sharing contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Frontier Fire Protection 401K Profit Sharing Plan

Notes to Financial Statements

December 31, 2020 (Audited) and 2019 (Compiled)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Plan Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Ascensus. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirement of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Insurance Company and Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, as agent for Ascensus Trust Company, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule of assets (held at year-end) is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019

Frontier Fire Protection 401K Profit Sharing Plan

Notes to Financial Statements

December 31, 2020 (Audited) and 2019 (Compiled)

- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year-end) as of December 31, 2020

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Related-party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Some administrative expenses of the Plan are paid directly by the employer. Ascensus Trust Company and Ascensus are service providers to the Plan and, therefore, these transactions and the Plan's payment of fees to Ascensus Trust Company and Ascensus qualify as party-in-interest transactions. Notes received from participants also reflect party-in-interest transactions.

Note 5: Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Notes to Financial Statements

December 31, 2020 (Audited) and 2019 (Compiled)

Mutual Funds

The fair value of mutual fund investments are determined by obtained quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel coronavirus COVID-19, which was declares a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets and may continue to impact the value of Plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 7: Subsequent Events

Subsequent events have been evaluated through October 14, 2021, which is the date the financial statements were available to be issued.
