HODELL-NATCO INDUSTRIES, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Hodell-Natco Industries, Inc. 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

Hodell-Natco Industries, Inc. (the “Company”) established the plan effective June 1, 1986 and has been amended on various dates including most recently in May of 2015. The Plan is a defined contribution plan established under section 401K of the Internal Revenue code and covers all employees of Company who have attained the age of 21 and have completed at least three months of service. Employees are eligible to contribute upon entry and become eligible for employer contributions after one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participant contributions, investment allocations, payment of benefits and participant loans are self-directed by the plan participants.

Contributions

Participants may elect to contribute a portion of their pay each period to the Plan. Participants may contribute up to 90% of their pay to a maximum amount of \$19,500 and \$19,000 for 2020 and 2019, respectively. If a participant reached age 50 in 2020 or 2019, the participant could contribute an additional \$6,500 or \$6,000, respectively to the Plan. These deferred contributions (salary deferrals) are not subject to federal or state income tax when the contribution is made to the Plan, instead they are taxed when paid from the Plan. A participant may also designate contributions as before-tax savings,” Roth” after tax savings, or any combination of the two. Employees may revoke their election at any time during the year.

The employer may make discretionary matching contributions equal to a uniform percentage of the participants’ salary deferrals. Each year, the employer will determine the amount of the discretionary percentage. For 2020 and 2019, the employer made discretionary matching contributions of 25% of up to 4% on participants’ deferral amounts for participant contributions made.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and (a) the Company’s contribution and (b) an allocation of Plan earnings. Allocations are based on participant account balances, as defined.

Net assets available for benefits include the accounts of active participants, as well as certain separated, vested and retired participants who have elected to receive their benefits in installment payments. These participants share in the earnings of the investments.

NOTE A – DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Vesting in the company contributions portion of their accounts plus earnings thereon is based on years of continuous service.

Participants are vested in employer discretionary contributions according to the following schedule:

<u>Years of Vesting</u>	<u>Vesting</u>
less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Net assets available for benefits include the accounts of active participants, as well as certain separated, vested and retired participants who have elected to receive their benefits in installment payments. These participants share in the earnings of the investments.

Payment of Benefits

On termination of service due to death, disability, or retirement a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments over a specified period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed but, such withdrawals are limited to the amount dictated by the hardship. Participant's withdrawals are limited to deferred account balances and may not include any interest accrued thereon.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.5%, which are commensurate with local prevailing rates as determined by The Standard. Principal and interest are paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Forfeited Accounts

Forfeitures occur when participants terminate employment before becoming fully vested in employer contributions to the Plan. For the years ended December 31, 2020 and 2019 forfeited non-vested accounts totaled \$568 and \$91, respectively. These accounts may be used to reduce administrative expenses and then future employer contributions to the Plan. The amounts of forfeitures utilized to offset employer contributions for the years ended December 31, 2020 and 2019 were \$-0- for both years.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value and contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the net realizable value of the investment given contractual terms at the measurement date. See Notes F and G for further investment disclosures.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts.

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

NOTE C – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, the respective participant interest, net of any termination fees, will become fully vested and will be distributed to each participant in accordance with the trust agreement.

NOTE D – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules were obtained from data that has been prepared and certified to be complete and accurate by The Reliance Trust Co. and the Standard for 2020 and 2019.

	<u>2020</u>	<u>2019</u>
Investments, at fair value	\$ 4,289,355	\$ 4,166,213
Investments, at contract value	306,572	290,427
Interest income, participant loans	4,784	5,354
Interest income, guaranteed investment contracts	7,489	7,381
Net gain (loss) in fair value of investments	630,296	873,917

NOTE E – PARTY-IN-INTEREST

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services for the Plan, and employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such employer or employee association, or relatives of such person. The Reliance trust Co., The Standard (aka StanCorp Financial Group) and LPL Financial are the service providers.

Reportable direct expenses on the 5500 were paid to The Standard for various contract administrative services amounted to \$16,482 and \$16,769 for 2020 and 2019, respectively. Reportable direct expenses on the 5500 were paid to LPL Financial for investment administration amounted to \$16,263 and \$15,973 for 2020 and 2019, respectively. Reportable indirect expenses on the 5500 were paid to The Standard for various contract administrative services amounted to \$4,441 and \$3,834 for 2020 and 2019, respectively. Reportable indirect expenses on the December 31, 2020 5500 were also paid to Alger Funds and T Rowe Price for various investment pricing and transactions services amounted to \$2,361 and \$1,226, respectively.

Certain administration functions are performed by officers and employees of the Company (who also may be participants in the Plan) at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions because they are covered by the statutory or administrative exceptions from the Internal Revenue Code's and ERISA's rules on prohibited transactions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE E – PARTY-IN-INTEREST (continued)

The Guaranteed Insurance Contract investment of the Plan in the Standard Stable Asset Fund A is managed by The Standard, the custodian, therefore, this transaction qualifies as a party-in-interest transaction. This party in interest transaction is exempt from the prohibited transaction rules of ERISA.

NOTE F – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The plan holds a portfolio investment contract that comprises a traditional investment contract. This contract meets the fully-benefit responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participants withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The credit rating is based on a formula established by the contract issuer but may not be less than one percent. The credit rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected. If the plan sponsor views the occurrence of any of these events as probable as of the measurement date, details about market value adjustments or other withdrawal restrictions can be obtained through the plan's account manager.

The issuer may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, plan disqualification, and failure to adopt the plan in a reasonable period of time. Upon termination by the issuer, a market value adjustment or other withdrawal restrictions may apply. The plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected.

NOTE G – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets
- b. Quoted prices for identical or similar assets or liabilities in inactive markets
- c. Inputs other than quoted prices that are observable for the asset or liability
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

- Mutual Funds: Valued at closing price reported on the active market in which the individual securities are traded.

The following table set forth by level, within the fair value hierarchy, the Plans; assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2020:

	<u>Total</u>	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>
Investments:				
Mutual funds	\$ 4,289,355	\$ 4,289,355	\$ -	\$ -
Total	\$ 4,289,355	\$ 4,289,355	\$ -	\$ -

HODELL-NATCO INDUSTRIES, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE G – FAIR VALUE MEASUREMENTS (CONTINUED)

Assets at Fair Value as of December 31, 2019:

	<u>Total</u>	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>
Investments:				
Mutual funds	\$ <u>4,166,213</u>	\$ <u>4,166,213</u>	\$ _____	\$ _____
Total	\$ <u>4,166,213</u>	\$ <u>4,166,213</u>	\$ _____	\$ _____

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefit.

NOTE H – TAX STATUS

The Internal Revenue Service has determined by letter dated March 31, 2008, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE J – SUBSEQUENT EVENTS

In December 2019, a novel strain of coronavirus was reported in Wuhan, China. The World Health Organization has declared the outbreak to constitute a "Public Health Emergency of International Concern." The COVID-19 outbreak is disrupting supply chains and affecting production and sales across a range of industries. The extent of the impact of COVID-19 on the Plan's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on customers, employees and vendors all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact the Plan's or the Plan Sponsor's financial condition or results of operations is uncertain.

Management has evaluated subsequent events through October 13, 2021, the date on which the financial statements were available to be issued. No additional events occurred that would require adjustments to, or disclosures in the financial statements.
