Note 1 - Description of Plan

The following description of Mas Restaurant Group LLC 401(k) Profit Sharing Plan & Trust (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted by Mas Restaurant Group LLC (the "Company"), effective January 1, 2019. The Plan covers all full-time employees of the Company who have completed one year of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's administration is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

All provisions of the Setting Every Community Up for Retirement Enhancement Act, enacted in December 2019, were adopted by the Plan on December 20, 2019.

Contributions

Each year, participants may contribute up to 92% of pre-tax annual compensation, as defined in the Plan's agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 100% of up to the first 4% and 50% on contributions greater than 4% but less or equal to 6% of participant's contributions (Safe Harbor Matching Contributions). Additional discretionary profit sharing contributions may be contributed at the option of the Company. Participants also direct the investment of Company contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations; which was $19,500 ($26,000 for eligible employees 50 or older) for 2020 and $19,000 ($25,000 for eligible employees 50 or older) for 2019.

Participant accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of the Company's discretionary profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon, the Company's Safe Harbor Matching Contributions, and discretionary matching contributions, if any. There were no discretionary matching contributions made during the years ended December 31, 2020 or 2019.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 95% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined based on the date loan is requested, is set at prime rate plus 1%. The loan repayment period will be 54 months (4.5 years), unless support is provided that the loan is being used for purchase of the primary residence. Principal and interest are paid ratably through monthly payments made by participants.

Pursuant to the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") enacted in March 2020, which the Plan adopted on March 27, 2020, Plan participants could request a delay of loan repayments for repayments that occurred through December 31, 2020. If a delay was granted, the participant's loan was re-amortized and included any interest accrued during the period of delay. Also pursuant to the CARES Act, Plan participants may request a loan up to the lesser of their vested loan balance or $100,000. The option to request higher loan amounts expired on September 22, 2020.

Payment of benefits
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments determined by the participant within custodian limits and not to exceed the participant's life expectancy, joint and survivor annuity or annuity contract not to exceed the participant's life expectancy or that of their beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Pursuant to the CARES Act, which the Plan adopted on March 27, 2020, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 payment, and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020.

The Plan also permits participants to request up to $100,000 in coronavirus-related distributions, with repayment terms of up to there years, in accordance with the CARES Act. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Note 2 - Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 15, 2021, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during December 31, 2020 and 2019:

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 484,303	$ -	$ -	$ 484,303
Total investments at fair value	$ 484,303	$ -	$ -	$ 484,303

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 172,047	$ -	$ -	$ 172,047
Total investments at fair value	$ 172,047	$ -	$ -	$ 172,047

Note 4 - Related party transactions and party-in-interest transactions

The Plan allows for loans to participants which are considered party-in-interest transactions.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Tax status

The Plan has adopted a volume submitter plan, which received the most recent favorable opinion letter dated April 2, 2012, from the IRS that it satisfies the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter; however, management believes that the Plan currently is designed and being operated in compliance with applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

COVID-19

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred including mandates from federal, state and local authorities leading to an overall decline in economic activity. These events could result in a loss of revenues and other material adverse effects to the Company's financial position. The Company is not able to reliably estimate the length or severity of this outbreak and the related financial impact as the future financial effect of the COVID-19 pandemic is uncertain. However, management plans to adjust its operations accordingly and will continue to monitor and assess the situation as it evolves.

Note 8 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2020 and 2019, and investment income and interest income on notes receivable from participants for the year ended December 31, 2020, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian of the Plan.

Note 1 - Description of Plan

The following description of Mas Restaurant Group LLC 401(k) Profit Sharing Plan & Trust (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted by Mas Restaurant Group LLC (the "Company"), effective January 1, 2019. The Plan covers all full-time employees of the Company who have completed one year of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's administration is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

All provisions of the Setting Every Community Up for Retirement Enhancement Act, enacted in December 2019, were adopted by the Plan on December 20, 2019.

Contributions

Each year, participants may contribute up to 92% of pre-tax annual compensation, as defined in the Plan's agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 100% of up to the first 4% and 50% on contributions greater than 4% but less or equal to 6% of participant's contributions (Safe Harbor Matching Contributions). Additional discretionary profit sharing contributions may be contributed at the option of the Company. Participants also direct the investment of Company contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations; which was $19,500 ($26,000 for eligible employees 50 or older) for 2020 and $19,000 ($25,000 for eligible employees 50 or older) for 2019.

Participant accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of the Company's discretionary profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon, the Company's Safe Harbor Matching Contributions, and discretionary matching contributions, if any. There were no discretionary matching contributions made during the years ended December 31, 2020 or 2019.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 95% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined based on the date loan is requested, is set at prime rate plus 1%. The loan repayment period will be 54 months (4.5 years), unless support is provided that the loan is being used for purchase of the primary residence. Principal and interest are paid ratably through monthly payments made by participants.

Pursuant to the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") enacted in March 2020, which the Plan adopted on March 27, 2020, Plan participants could request a delay of loan repayments for repayments that occurred through December 31, 2020. If a delay was granted, the participant's loan was re-amortized and included any interest accrued during the period of delay. Also pursuant to the CARES Act, Plan participants may request a loan up to the lesser of their vested loan balance or $100,000. The option to request higher loan amounts expired on September 22, 2020.

Payment of benefits
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments determined by the participant within custodian limits and not to exceed the participant's life expectancy, joint and survivor annuity or annuity contract not to exceed the participant's life expectancy or that of their beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Pursuant to the CARES Act, which the Plan adopted on March 27, 2020, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 payment, and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020.

The Plan also permits participants to request up to $100,000 in coronavirus-related distributions, with repayment terms of up to there years, in accordance with the CARES Act. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Note 2 - Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 15, 2021, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during December 31, 2020 and 2019:

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 484,303	$ -	$ -	$ 484,303
Total investments at fair value	$ 484,303	$ -	$ -	$ 484,303

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 172,047	$ -	$ -	$ 172,047
Total investments at fair value	$ 172,047	$ -	$ -	$ 172,047

Note 4 - Related party transactions and party-in-interest transactions

The Plan allows for loans to participants which are considered party-in-interest transactions.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Tax status

The Plan has adopted a volume submitter plan, which received the most recent favorable opinion letter dated April 2, 2012, from the IRS that it satisfies the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter; however, management believes that the Plan currently is designed and being operated in compliance with applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

COVID-19

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred including mandates from federal, state and local authorities leading to an overall decline in economic activity. These events could result in a loss of revenues and other material adverse effects to the Company's financial position. The Company is not able to reliably estimate the length or severity of this outbreak and the related financial impact as the future financial effect of the COVID-19 pandemic is uncertain. However, management plans to adjust its operations accordingly and will continue to monitor and assess the situation as it evolves.

Note 8 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2020 and 2019, and investment income and interest income on notes receivable from participants for the year ended December 31, 2020, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian of the Plan.

Note 9 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to Form 5500:

	2020	2019
