NOTE 1 – SUMMARY OF PLAN PROVISIONS

The following description of the G&C Auto Body 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is qualified defined contribution plan under Section 401(a) of the Internal Revenue Code (the Code) and is exempt from federal income tax under Section 501(a) of the Code, and from applicable state tax, as state law conforms to the Code. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was established on January 1, 2015 to cover all eligible employees of G&C Auto Body, Inc. and ACE Towing, Inc. During 2020, two new related entities were added to this plan as part of a controlled group, G&C, LLC and Automotive Diagnostic & Calibration, LLC (ADC, LLC). The Plan allows for participation after the completion of three consecutive months of service with at least 1 hour per month. There is a 1,000-service hour requirement and participants must be employed at the Company on the last day of the plan year to be eligible for participation in the discretionary profit-sharing plan contributions.

The Plan operates under a prototype plan of its administrator, Alerus, which has received a favorable opinion letter dated March 31, 2014. The Plan was amended on February 1, 2016 to change the age eligibility requirement from 21 to 18 and effective as of January 1, 2020 to adopt provisions relating to hardship distributions. There have been no other amendments since receiving the opinion letter, other than adding the new entities.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was enacted into law. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants including:

- Distributions up to the lesser of vested account balance or $100,000
- Increased loan limits up to the lesser of 100% of the vested account balance or $100,000
- Loan repayment extension allowing payments to be deferred up to one year
- Waivers of Required Minimum Distributions that would otherwise have been payable during 2020

The provisions of the CARES Act were effective and operationalized immediately, prior to amending the plan document. Plan management has adopted relief provisions included in the CARES Act.

Alerus, the custodian and Trustee, holds the Plan's assets, together with the income therefrom, in accordance with an agreement. An administrative committee appointed by the Board of Directors of the Company administers the Plan.

NOTE 1 – SUMMARY OF PLAN PROVISIONS (CONT.)

Contributions – Under the 401(k) portion of the Plan, eligible employees may contribute up to statutorily permitted amounts of pretax annual compensation as defined in the Plan per Internal Revenue Code section 402(g). Employees may also contribute Roth deferrals that are amounts subject to income taxes in the year of deferral. The maximum deferral was $19,500 and $19,000, for 2020 and 2019, respectively. Individuals reaching the age of 50 during the year may defer an additional $6,500 for 2020 and $6,000 for 2019 as a "catch-up" contribution. Participants may also rollover distributions from other qualified defined benefit or contribution plans. Rollovers are included as participant contributions in the Statement of Changes in Net Assets Available for Benefits. Rollovers for 2020 and 2019 were $16,724 and $0, respectively. The Company, at its discretion, may also make profit sharing contributions each year. Profit sharing contributions are allocated to participants, based on their contributions to the Plan during the year, who satisfy the 1,000-service hour requirement for the year and are employed by the Company on the last day of the plan year. For 2020 and 2019, the profit-sharing contribution was 50% of the employee's contribution with a maximum of $1,000 per employee.

Participant Accounts – Participants may direct contributions and any related earnings into 14 investment options in 1 percent increments. Participants may change their investment allocation as often as they wish.

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations of income and expense are based on the proportion that each participant's account balance bears to the total of all participants' account balances.

Forfeiture Accounts – Forfeitures attributable to profit sharing contributions are used to reduce administration fees. Unallocated forfeiture balances as of December 31, 2020 and 2019 were $2,514 and $442, respectively. In 2020 and 2019, plan administration fees of $13,792 and $17,728 were paid, respectively, from forfeitures.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's profit-sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service.

A participant vests according to the following schedule:

Less than three years	0%
Three years	100%

Payment of Benefits – Upon retirement, termination of employment, death, or disability, vested benefits are paid to participants or their beneficiaries in a lump sum. If a participant is terminated for any reason other than death, total disability, or normal retirement, the vested

NOTE 1 – SUMMARY OF PLAN PROVISIONS (CONT.)

portion of the participant's account balance becomes payable at the earliest administratively feasible date following separation from service.

In addition, participants are eligible for a distribution due to financial hardship under certain conditions in accordance with the Plan document. The amount of a hardship withdrawal may not exceed the cost associated with the financial hardship in addition to any mandatory federal income tax withholding, state and local income taxes, or penalties incurred.

The Plan adopted certain relief provisions included in the CARES Act, including allowing penalty-free distributions up to $100,000 through December 31, 2020 for qualifying reasons.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Investments – Registered investment companies are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year-end.

Income Recognition – Interest and dividend income is recorded as earned on the accrual basis.

Net Appreciation or Depreciation in Fair Value of Investments – Net realized and unrealized appreciation or depreciation is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Payment of Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan's Trustees to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

New Accounting Pronouncements –

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU amends ASC 820 to add, remove, and modify fair value measurement disclosure requirements.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (CONT.)

ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The manner of adoption varies, with certain provisions applied retrospectively, while others are applied prospectively. The adoption of this ASU as of January 1, 2020 did not have a significant effect on the Plan's financial statements.

Other recently issued accounting pronouncements did not, or are not believed by management to, have a material effect on the Plan's present or future financial statements.

Reclassification – To conform to current year presentation, certain prior year amounts have been reclassified.

NOTE 3 – INCOME TAX STATUS

The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 4 – CONCENTRATIONS

The Plan has cash in a money market deposit account with a brokerage firm located in San Francisco, California. There were no uninsured cash balances as of December 31, 2020 and 2019.

NOTE 5 – INFORMATION CERTIFIED BY PLAN'S CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplementary schedule is complete and accurate.

NOTE 6 – FAIR VALUE MEASUREMENTS

The Plan categorizes its financial assets into a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure fair value fall within different levels of the hierarchy, the category level is based on the lowest priority level input that is significant to the fair value measurement of the instrument. Fair value is determined based upon the exit price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants exclusive of any transaction costs.

The Plan's financial assets recorded at fair value are categorized as follows:

Level 1 – Quoted prices for identical instruments in active markets.

Level 2 – Quoted or published inputs other than prices included in Level 1, including quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments

NOTE 6 – FAIR VALUE MEASUREMENTS (CONT.)

in markets that are not active; and model-derived valuations in which all significant inputs or significant value-drivers are observable in active markets.

Level 3 – Model-derived valuations in which one or more significant inputs or significant value-drivers are unobservable.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no changes in methodologies used at December 31, 2020 and 2019. There were no transfers between levels during 2020 and 2019. See Note 2 for a description of valuation methodologies for assets measured at fair value.

The following tables provide a summary, by level, of the Plan's financial assets that are measured at fair value on a recurring basis:

		Fair Value Measurement Using:
December 31, 2020	**Fair Value**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**
Registered investment companies	$ 2,599,192	$ 2,599,192
December 31, 2019		
Registered investment companies	$ 2,269,329	$ 2,269,329

NOTE 7 – PARTY–IN–INTEREST TRANSACTIONS

Parties-in-interest are defined under the Department of Labor's Rules and Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others.

Fees of $18,814 and $20,457 were paid by the Plan to the custodian, Alerus, for the administration of the Plan during the years ended December 31, 2020 and 2019, respectively. Investment management fees and operating expenses charged to the Plan for investments are deducted from income earned on investments and are not separately reflected. Consequently, investment management fees and operating expenses paid to parties-in-interest are reflected as a reduction of investment return for such investments. The Company pays other expenses related to administering the Plan.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, the World Health Organization designated COVID-10 a pandemic. COVID-19 had a significant effect on overall economic conditions in nearly all regions around the world. The COVID-19 pandemic has caused volatility in financial markets and may continue to affect the market price of Plan assets. Due to the uncertainty of the duration and the continued effects of this pandemic, the near- and long-term financial effects cannot be reasonably estimated at this time.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 10 – SUBSEQUENT EVENTS

The Plan administrator has performed its evaluation of subsequent events for the year ended December 31, 2020 through the issuance date of these financial statements, as of October 12, 2021 and has determined that there were no additional subsequent events requiring adjustment or disclosure in the financial statements.
