AMERIFORGE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following brief description of the Ameriforge 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established effective March 1, 2000, is a volume submitter ("VS") defined contribution plan sponsored by Ameriforge Group, Inc. dba AFGlobal Corporation, covering substantially all employees of the company. Effective November 1, 2019, the Plan was amended to change the company name to Ameriforge Group, Inc. (the "Company") dba AFGlobal Corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan has been adopted by the following related employers: Steel Industries, Inc., Taper-Lok Corporation, AF Gloenco, Inc., Ameri-Forge Corporation, Century Corrosion Technologies, LLC, Allpoints Oilfield Services, LLC, Ameriforge Cuming Insulation, LLC, Cuming Corporation, NRG Manufacturing Louisiana, LLC, Flotation Technologies, LLC, NRG Manufacturing Inc., and MPO LLC. The term "Employers" used in the accompanying financial statements and notes thereto, refer to the collective group of related employers listed above.

Effective January 1, 2019, the Plan was amended to reflect certain statutory changes pursuant to the Disaster Tax Relief and Airport and Airways Extension Act of 2017, the Tax Cuts and Jobs Act of 2017, the Bipartisan Budget Act of 2019 and Code Sections 401(k) and 401(m) 2019 Final Hardship Regulations and any related guidance.

Effective January 1, 2019, the Plan was amended to remove the six-month suspension following a hardship withdrawal.

Effective March 4, 2019, the Plan was amended to add a special salary reduction agreement with respect to bonuses, whereby the participant could elect to contribute up to 100% of the participant's bonus. If the participant does not enter into a special salary reduction agreement, the same percent elected for regular deferrals would apply to the bonus.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act") was enacted and became effective beginning on January 1, 2020. The SECURE Act provisions include, among other things, an increase in the age limit for required minimum distributions from 70 ½ to 72.

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law by President Trump on March 27, 2020. Effective April 23, 2020, the Plan adopted the distribution provision of the CARES Act, which allowed participants to take expanded distributions with favorable tax treatment for up to $100,000 of coronavirus-related distributions as well as the provision allowing deferment of loan payments until January 2021.

The Plan has been amended from time to time, most recently on December 1, 2019, to comply with the most recent statutory and regulatory changes applicable to plans maintained under Code Section 401(a) and 401(k) of the Internal Revenue Code ("IRC").

Administration

The Plan is administered by the Company and, accordingly, certain administrative functions are performed by officers or employees of the Company. No officers or employees receive compensation from the Plan. Fidelity Management Trust Company (the "Trustee") serves as the Plan's trustee and recordkeeper.

Eligibility

Employees over the age of 18 may elect to participate in the Plan as of the first day of the month following completion of one hour of service.

Automatic Enrollment

All eligible employees are automatically enrolled in the Plan and are deemed to have elected a deferral rate of 3% of their pre-tax compensation. An employee may affirmatively elect not to participate in the Plan or may elect a different deferral rate.

1. **Description of Plan, continued**

Contributions

Participants of the Plan may designate, as a payroll deduction, a percentage of their compensation as pre-tax deferral 401(k) contributions, Roth 401(k) contributions, or a combination thereof, not to exceed the limitation ($19,500 in 2020 and $19,000 in 2019) set forth in Section 402(g) of the IRC. Participants may also designate a percentage of their compensation as after-tax contributions. Total employee contributions, including pre-tax deferral 401(k) contributions, Roth 401(k) contributions and after-tax contributions, may not exceed 75% of the participant's compensation. Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. Participants' total catch-up contributions cannot exceed $6,500 in 2020 and $6,000 in 2019. Participants may also make rollover contributions from other qualified plans.

The Employers may make discretionary matching contributions equal to a percentage of the participant's elective salary deferral contributions to the Plan. The Plan permits the application of different discretionary Employer matching contribution formulas by the individual participating Employers. The Employers may also elect to make additional discretionary contributions to be contributed to the Plan as Employer non-elective contributions. Employer non-elective contributions are allocated to each eligible participant, as defined in the Plan document, based on the ratio of the eligible participant's compensation to the total compensation paid to all eligible participants for the Plan year. During the years ended December 31, 2020 and 2019, discretionary Employer matching contributions totaled $237,245 and $1,434,224, respectively. The Employers made no discretionary non-elective contributions during the years ended December 31, 2020 and 2019. The decrease in Employer matching contributions in 2020 reflects the Employers decision to temporarily suspend the discretionary matching contributions effective April 1, 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (i) Plan earnings or losses, (ii) expenses and (iii) Employer discretionary contributions, if any. Contributions and allocations are invested in securities held in trust and may be directed at the participant's option to any of the Plan's investment alternatives. Earnings and losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Upon the occurrence of a distributable event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Vesting

Participants are 100% vested in employee contributions and any earnings thereon. Participants are subject to the following vesting schedule for Employer contributions.

Years of Service	Percent Vested
1	33%
2	66%
3 or more	100%

A participant becomes 100% vested in all Employer contributions upon death, disability or attaining the normal retirement age, as defined in the Plan document.

Notes Receivable from Participants

Participants may borrow from their fund accounts any amount greater than $1,000 up to a maximum amount equal to the lesser of (a) $50,000 minus the participant's highest outstanding note balance during the prior twelve-month period, or (b) 50% of the participant's vested account balance. Note terms range from one to five years, except for notes used for the purchase of a principal residence, which may be repaid over 10 years. Principal and interest payments are made by payroll withholdings according to the terms of the promissory note. Notes are secured by the vested balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates ranged from 3.25% to 5.50% per year on notes outstanding at both December 31, 2020 and 2019.

1. **Description of Plan, continued**

Payment of Benefits

The Plan provides benefits for eligible participants upon retirement, death, termination, or permanent disability, according to the form of payment elected by the participant within the limitations defined in the Plan. Distributions shall be made in the form of a lump sum or equal periodic installments.

Prior to termination of employment, participants over the age of 59 ½ may elect to receive a distribution of their vested account balance. The Plan also allows hardship withdrawals prior to age 59 ½ , subject to Internal Revenue Service ("IRS") regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the employee and is limited to certain purposes.

Forfeited Accounts

All Employer contributions credited to a participant's account, but not vested, are forfeited by the participant upon distribution of the full vested value of his or her account. Forfeitures are used to pay Plan expenses or reduce Employer contributions. During the years ended December 31, 2020 and 2019, forfeited non-vested amounts of $144,842 and $0, respectively, were used to pay Plan expenses or reduce Employer contributions. As of December 31, 2020 and 2019, forfeitures available to pay Plan expenses or reduce future Employer contributions totaled $25,934 and $144,246, respectively.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employers. Expenses that are paid by the Employers are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment securities. These investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The impact of COVID-19 continues to evolve rapidly and at this time the Company is not able to estimate its full impact on the Plan's financial statements.

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year-end.

Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020. There were no excess contributions payable as of December 31, 2020.

Benefit Payments

Benefits are recorded when paid.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*, which is part of the FASB disclosure framework project to improve the effectiveness of disclosures in the notes to the financial statements. The amendments in the new guidance remove, modify and add certain disclosure requirements related to fair value measurements covered in FASB Accounting Standards Codification Topic 820 ("ASC 820") *Fair Value Measurements and Disclosures*. The new standard is effective for Plan years beginning after December 15, 2019. Early adoption is permitted for either the entire standard or only the requirements that modify or eliminate the disclosure requirements, with certain requirements applied prospectively, and all other requirements applied retrospectively to all periods presented. The adoption of ASU No. 2018-13, effective January 1, 2020, did not have a significant impact on the financial statements.

3. Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

3. Fair Value Measurements, continued

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining the fair value of the assets and liabilities, the Plan generally uses the market approach. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end.

Money market fund: Valued at the daily closing price as reported by the money market account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 30,270,898	$ -	$ -	$ 30,270,898
Money market fund	3,214,418	-	-	3,214,418
Total investments at fair value	$ 33,485,316	$ -	$ -	$ 33,485,316

	Investments at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 31,662,840	$ -	$ -	$ 31,662,840
Money market fund	2,734,080	-	-	2,734,080
Total investments at fair value	$ 34,396,920	$ -	$ -	$ 34,396,920

4. Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest income on notes receivable from participants, and interest and dividends for the years then ended, was obtained from the information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan.

4. Information Certified by the Trustee (Unaudited), continued

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Tax Status

The Plan adopted by the Company is a Volume Submitter ("VS") plan that is designed to comply with provisions of the IRC Economic Growth and Tax Reconciliation Act of 2001 ("EGTRRA"). Such VS plans are pre-approved by the IRS by reference to the Cumulative List of Changes in Plan Qualification Requirements (the "Cumulative List") provided under EGTRRA. Because the Plan is a VS plan, the Company is not authorized to amend the Plan except to comply with changes in the Cumulative List. The VS Plan received a favorable opinion letter from the IRS on March 31, 2014. Although the Plan has been amended since receiving the opinion letter, management of the Company and the Plan administrator believe the Plan complies with and is being operated in accordance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate the tax position taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the DOL and IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Partial Plan Termination

During the year ended December 31, 2020, in connection with local economic conditions, employees were terminated from the Company's employment and were no longer active participants, as defined by the Plan. The reduction in active participants exceeded the 20% threshold for presumption of a partial plan termination under IRS guidelines. The Plan administrator determined that the reduction in participation constituted a partial plan termination. Accordingly, all affected employees became immediately and fully vested in their account balances on such date of termination.

8. Party-in-Interest Transactions

Certain Plan investments are in shares of registered investment companies and money market accounts managed by the Trustee. The Plan also includes notes receivable from participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from prohibition of the party-in-interest transactions under ERISA.

9. Reconciliation of Financial Statements to Form 5500

The amounts on the financial statements, prepared on the accrual basis of accounting, differ from amounts on the Form 5500, which is prepared on the cash basis of accounting.

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020 and 2019:

	2020	2019
Net assets available for benefits per the financial statements	$ 34,670,353	$ 35,960,886
Employer contributions receivable	-	(33,537)

Excess contributions payable	-	17,694
Net assets available for benefits per Form 5500	$ 34,590,220	$ 35,862,389

The following is a reconciliation of the net (decrease) increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2020 and 2019:

	2020	2019
Net (decrease) increase in net assets available for benefits per the financial statements	$ (1,290,533)	$ 7,443,281
Change in employer contributions receivable	33,537	4,617
Change in participant contributions receivable	2,521	20,541

Net (decrease) increase in net assets available for benefits per Form 5500	$ (1,272,169)	$ 7,502,234

10. Subsequent Events

Plan management has evaluated all subsequent events through October 15, 2021, which is the date the financial statements were issued, and has concluded that there are no significant events to be reported.
