Veoneer 401(k) Employee Savings & Investment Plan

Notes to Financial Statements

December 31, 2020

1. Description of Plan

The following description of the Veoneer 401(k) Employee Savings & Investment Plan (the Plan) provides only general information about the Plan's provisions. Veoneer US, Inc. (the Company) is the plan sponsor. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide eligible employees with an incentive to make systematic savings for retirement from current income through payroll deductions. The Investment and Compensation Committee is responsible for the general administration of the Plan. Great West Trust Company is the trustee and Empower Retirement (Empower) is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Substantially all domestic employees of the Company are eligible to participate in the Plan. Employees become eligible participants upon their date of hire, without satisfying any age or service requirements.

In August 2020, the Company's parent, Veoneer, Inc., completed the divestiture of its U.S. brake systems business to ZF Friedrichshafen AG. Effective August 10, 2020 the related participants were treated as terminated participants in the Plan and had the option to rollover their accounts to their new employer's plan.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The Plan was operationally amended to implement certain changes provided for under the CARES Act, including allowing certain individuals to (a) receive coronavirus-related distributions up to a maximum of \$100,000, (b) delay participant loan repayments until December 31, 2020, and (c) temporarily suspend required minimum distributions. While the provisions of the CARES Act adopted by the Plan Sponsor generally took effect as soon as administratively practicable following the enactment of such Act, the Plan will be amended to reflect implementation on or before December 31, 2022, as permitted by law.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Contributions

Participation in the Plan is voluntary. Participants make contributions to the Plan of any whole percentage up to a maximum of 50% of base pay, not to exceed the limit of the Internal Revenue Code (the Code). Participants can elect to treat their contributions on a before- and/or after-tax basis via Roth contributions. The Company contributes an amount equal to 100% of the first 3% of the participants' compensation contributed to the Plan and 50% of the next 2% of participants' compensation contributed to the Plan.

Employee and employer contributions are allocated among any of the Plan's investment fund options in accordance with participants' elections. Participants may transfer amounts from one investment fund to another.

Unless Empower is otherwise notified, all employees are automatically enrolled into an age appropriate target maturity strategy mutual fund at a contribution rate of 5% of base pay. The initial automatic deferral increases annually in 1% increments to a maximum of 10%, absent an alternate election made by the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of plan earnings and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in employee and employer contributions and earnings, if any, thereon.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Loans

Active participants may obtain loans from the Plan subject to certain restrictions of the Code and the Plan's provisions. Loans are required to be a minimum of \$1,000 and up to the lesser of \$50,000 or 50% of the participant account balance. Each loan is secured by the participant's account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The interest rate on loans is the prime rate, as defined, plus 1%. Principal and interest are paid through payroll deductions. If a participant terminates employment with the Company, the entire unpaid balance, including principal and interest, becomes due and payable. If the loan is not repaid, it will automatically be treated as a distribution to the participant after 90 days.

Benefit Payments

On termination of service, a participant, or their beneficiary, may receive a lump-sum amount equal to the vested value of his or her account, or upon death, disability, or retirement elect to receive annual installments over a ten-year period. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

All administrative and general expenses of the Plan are paid by the participants of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate, amend, modify, or suspend the Plan at any time. In the event the Plan is terminated, the entire value of the investment funds shall be applied for the exclusive benefit of participants, and no part of the funds will revert to the Company. Upon termination of the Plan, the Company will have no obligation to continue making contributions to the Plan.

Veoneer 401(k) Employee Savings & Investment Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan's management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Veoneer 401(k) Employee Savings & Investment Plan

Notes to Financial Statements (continued)

3. Investments

Certain investment information and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, and the net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, were obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Great West Trust Company, the trustee of the Plan.

Veoneer 401(k) Employee Savings & Investment Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based the lowest level input that is significant to the fair value measure in its entirety.

Veoneer 401(k) Employee Savings & Investment Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value by the Plan.

Shares of mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. The fair values of participation units in common collective trust funds and pooled separate accounts are based on NAV provided by the administrator of the fund.

The following tables set forth by level, within the fair value hierarchy, information about the Plan's investments measured at fair value:

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	63,834,565	\$	–	\$ 63,834,565
Common collective trust funds	56,487,311	–	–	56,487,311
Pooled separate accounts	11,522,423	–	–	11,522,423
Total	\$ 131,844,299	\$	–	\$ 131,844,299

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 51,542,439	\$	–	\$ 51,542,439
Common collective trust funds	48,647,085	–	–	48,647,085
Pooled separate accounts	11,263,660	–	–	11,263,660
Total	\$ 11,263,660	\$	–	\$ 11,263,660

5. Income Tax Status

The underlying prototype plan has received an opinion letter from the IRS dated March 31, 2014, stating that the written form of the underlying prototype document is qualified under Section 401 of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Veoneer 401(k) Employee Savings & Investment Plan

Notes to Financial Statements (continued)

5. Income Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	December 31	
	2020	2019
Net assets available for benefits as reported in the Plan's financial statements	\$ 133,141,600	\$ 112,569,759

Net assets as reported in the Form 5500	<u>\$ 133,141,597</u>	<u>\$ 112,569,759</u>

The following is a reconciliation of total additions per the financial statements to total income in the Form 5500:

Notes to Financial Statements (continued)

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

The Company has evaluated subsequent events that have occurred through _____, 2021, the date the financial statements were available to be issued.
