Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified and provided by Ascensus, Inc., agent for Ascensus Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the trustee is complete and accurate.

These supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Other Matter—2019 Financial Statements

Their report, dated October 12, 2020, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Onnit Labs, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Onnit Labs, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan, created January 1, 2016, that covers all employees of Black Swan Yoga LLC; Onnit Labs, Inc.; and Onnit Academy LLC (collectively, the Company or Plan Sponsor). Employees are eligible to enter the Plan on the first of the month coinciding with or following the date they have reached 18 years of age and completed six months of service and at least 1,000 hours of service, as defined. A participant must be employed on December 31 to be eligible for a discretionary employer profit sharing contribution unless the participant terminates due to retirement, permanent disability or death. The 401(k) Committee is responsible for oversight of the Plan. The 401(k) Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to contribute up to 100% of eligible compensation to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan Sponsor makes safe-harbor matching contributions in an amount not to exceed 4% of a participant's compensation. An annual true-up of the safe-harbor employer matching calculation is performed at the Company's discretion. The Plan Sponsor's contribution percentage was 100% of the first 3% of compensation, and 50% of the next 2% of compensation during 2020. The Plan Sponsor may also make discretionary profit sharing contributions to the Plan. There were no profit sharing contributions for the year ended December 31, 2020. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments, as made available and determined by the Plan Administrator, in 1% increments or whole dollar amounts. Participants may change their investment options daily. All investments vary in type, rates of return and investment risk, as more fully described in the Plan's literature.

Participant accounts: Each participant's account is credited with the participant's contributions and the Plan Sponsor's matching contribution, as well as allocations of any profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their voluntary and Company safe-harbor matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is 25% vested in the profit sharing contributions after one year of credited service, 25% each additional year and is 100% vested after four years of service.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, retires or becomes permanently disabled or deceased. If the participant's benefits equal \$1,000 or less upon termination, benefits will automatically be paid to the participant as soon as administratively possible in a lump-sum distribution. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Onnit Labs, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Forfeitures: Forfeitures are used to reduce future employer contributions or pay Plan expenses. At December 31, 2020 and 2019, the unallocated forfeiture balance totaled \$6 and \$0, respectively. There were no forfeitures used to pay future employer contributions or Plan expenses for the year ended December 31, 2020.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50.00% of their vested account balance. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear a reasonable interest rate, as determined by the Plan Administrator. These rates ranged from 3.25% to 5.50% on loans outstanding at December 31, 2020, and mature through 2024. Principal and interest are paid ratably through semimonthly payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the trustee and investment advisors. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the 2020 statement of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant loan to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Onnit Labs, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the participant worked. Profit sharing contributions are recognized upon authorization and in the year the underlying compensation is recognized under the Plan. All participant and employer contributions are participant-directed.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment-related expenses are charged against net appreciation in fair value of investments.

Recent accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. The Plan adopted ASU No. 2018-13 effective January 1, 2020. The adoption of ASU No. 2018-13 did not have a material impact on the financial statements.

Subsequent events: The plan was amended on July 1, 2021, as part of an approved Voluntary Correction Program (VCP) the retroactive amendment to align the 401(k) Plan documents with the Plan's past operations and participant expectations. The retroactive amendment changed the entry date from the first of every quarter to immediate entry upon satisfaction of the eligibility requirements, which would cause participants who satisfied the employer contribution eligibility requirements in the fourth quarter of a Plan year to have entered the Plan as an active participant for employer contributions during that same Plan year. Accordingly, every participant who satisfied the eligibility requirements during the fourth quarter of any Plan year would be eligible to receive the employer contribution for that Plan year. This change allows all affected participants to keep the employer contributions they have received and would not require any corrective account reductions. The proposed corrective retroactive amendment meets all applicable provisions of the Internal Revenue Code (IRC), including the requirements of Sections 401(a)(4), 410(b), and 411(d)(6), as required by Rev. Proc. 2019-19, Section 4.05.

On September 30, 2021, the Plan completed required plan restatement documents for those who utilize the pre-approved plan (formerly a "volume submitter" plan). The reinstatement is the process through which you adopt new plan documents that have been updated with required amendment, regulatory changes and other enhancements. The restatement process is required by the IRS every six years in order to maintain the plan's tax-qualified status.

The Plan has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Ascensus Trust Company

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets:

	December 31	
	2020	2019
Investments at fair value:		
Mutual funds	\$ 2,071,018	\$ 1,391,439
Interest bearing cash	133,779	119,320
Total investments at fair value	2,204,797	1,510,759
Notes receivable from participants	75,305	95,688
	<u>\$ 2,280,102</u>	<u>\$ 1,606,447</u>

The trustee also certified the completeness and accuracy of \$205,083 of net appreciation in fair value of investments, \$35,401 of interest and dividends related to the aforementioned investments and \$2,361 of interest income on notes receivable from participants for the year ended December 31, 2020.

Note 4. Fair Value Measurements

The FASB Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC, Fair Value Measurements and Disclosures, are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices for the asset or liability that are observable
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds): Registered investment companies (mutual funds) are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest-bearing cash account: The interest-bearing cash account is valued at cost plus accumulated interest earned at a market rate.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds	\$ 2,071,018	\$ -	\$ -	\$ 2,071,018
Interest-bearing cash account	133,779	-	-	133,779
Total investments at fair value	<u>\$ 2,204,797</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,204,797</u>
	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds	\$ 1,391,439	\$ -	\$ -	\$ 1,391,439
Interest-bearing cash account	119,320	-	-	119,320
Total investments at fair value	<u>\$ 1,510,759</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,510,759</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Related-Party and Party-in-Interest Transactions

Ascensus Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as party-in-interest transactions. Administrative fees paid by the Plan to the trustee totaled \$708 for the year ended December 31, 2020. The Plan Sponsor also paid certain administrative expenses of the Plan.

Onnit Labs, Inc. 401(k) Plan

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

Effective January 1, 2016, the Plan adopted a nonstandardized form of a prototype plan sponsored by Ascensus, LLC. The prototype plan provider has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no uncertain tax positions recorded in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Nonexempt Transactions

From 2016 through 2020, the Company failed to remit certain participant contributions and loan payments to the Plan within the required time frame, as stated by the DOL regulations. The Plan Sponsor intends to reimburse the Plan for lost interest. The Plan Sponsor intends to file Form 5330 and intends to pay the applicable excise tax in 2021. The excise tax payments will be made from the Plan Sponsor's assets and not from the assets of the Plan. See Schedule H, Line 4a—Schedule of delinquent participant contributions for the participant contributions and loan payments remitted late to the Plan.

Note 9. Coronavirus Aid, Relief and Economic Security (CARES) Act

During 2020, the Plan allowed participants to take advantage of the provisions of the CARES Act to help provide financial stability and relief for eligible participants. The CARES Act provisions that were implemented allowed for special coronavirus-related distributions, an increase in Plan loan amounts for a certain period of time, deferral of loan payments, and a waiver of 2020 required minimum distributions.
