Note 1 – Plan

The following description of the West Florida Medical Associates 401K and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

- **General.** The Plan is a defined contribution plan covering all full-time employees of West Florida Medical Associates (the Company) who have one year of service which is based on completing 500 hours of service and are age 21 or older. The Plan is subject to the provisions of ERISA and is intended to be a Safe Harbor 401(k) Plan. The Board of Trustees is responsible for oversight of the Plan. The Trustees determine the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.
- **Contributions.** Each year, participants may contribute up to \$19,000 of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions up to \$6,000. Compensation is calculated based on W-2 wages reported and no exclusions are made for compensation earned. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan allows all newly eligible employees to enroll in the Plan on a semi-annual basis.

The Employer makes a discretionary contribution to the Plan. The Employer makes a separate discretionary or fixed employer contribution to specific allocation groups. The groups include licensed physicians who are shareholders of the Employer, participants who are attributed to be shareholders of the Employer under Code Section 318(i), licensed physicians who are not shareholders, and all other participants not covered in the first three categories. An employee must be employed by the Employer on the last day of the Plan year or must complete 500 hours of service.

The Employer makes at least a 3 percent contribution of plan compensation which is considered a Safe Harbor Contribution. The Employer may make Qualified Nonelective Contributions to the Plan. Additional profit-sharing amounts may be contributed at the option of the Company's board of directors. These additional contributions are then invested in a portfolio of investments as directed by the participants. For the year ended December 31, 2020, the Employer made a \$459,534 profit sharing contribution to the Plan and a \$288,314 safe harbor contribution. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

- **Participant accounts.** Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts may be charged expenses or fees for specific requested activity. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is based on the value of the participant's vested account.
- **Vesting.** Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.
- **Notes receivable from participants.** Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 2 percent above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Note 1 – Plan (Concluded)

- **Payment of benefits.** On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in their account, or receive annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump sum distribution.
- **Forfeited accounts.** As of December 31, 2020, forfeited non-vested accounts totaled \$4,194. These accounts may be used to reduce future employer contributions. Forfeitures may be used to pay Plan expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with generally accepted accounting principles as applicable to defined contribution retirement plans.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan did not distribute any excess contributions to participants during 2020.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 - Summary of Significant Accounting Policies (concluded)

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 - The fair value of corporate bonds and U.S. government securities are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Total
Mutual Funds	\$ 22,232,054	\$ -	\$ 22,232,054
Corporate bonds	-	543,572	543,572
U.S. government securities	-	2,299,831	2,299,831
Investments at fair value	<u>\$ 22,232,054</u>	<u>\$ 2,843,403</u>	<u>\$ 25,075,456</u>

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 3 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 4 – Information Certified by Trustee

The following is a summary of the unaudited information regarding the Plan, included in Plan's financial statements and supplemental schedule that was prepared by or derived from information reported by the Trustee of the Plan for 2020. The Plan Administrator has obtained certifications from the Trustee that such information is complete and accurate at December 31, 2020, as follows:

Statement of net assets available for benefits:

Investments at fair value	<u>\$ 25,075,455</u>
---------------------------	----------------------

Statement of changes in net assets available
for benefits - investment income:

Net appreciation in fair value of investments	<u>\$ 2,426,687</u>
---	---------------------

Such amounts and all of the financial information in Note 2 are included in the accompanying financial statements of the Plan based on such certifications from the Plan Trustee. The Plan Trustee also certifies all investment balances and investment information in Note 2.

Note 5 – Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.
