RABLE MACHINE, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Rable Machine, Inc. Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan that covers all employees of Rable Machine, Inc. ("Plan Sponsor" or "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

In accordance with the terms of the Plan document, employees of the Company become eligible for the Plan upon reaching 18 years of age. Once eligible for the Plan, participants are also eligible to receive employer matching contributions.

Contributions

Participants may, subject to certain limitations set by the Internal Revenue Code ("IRC"), elect to contribute one to 100% of their compensation to the Plan. Participant contributions may be made as pre-tax or Roth contributions. During any calendar year in which a participant attains age 50 or older, he or she may elect to make additional pre-tax contributions and/or Roth 401(k) contributions, called "catch-up" contributions. Participants are automatically enrolled in the Plan at a deferral rate of 3% of eligible compensation.

The Company may make discretionary matching contributions equal to a uniform percentage of an employee's salary deferrals. Each year, the Company will determine the amount of the discretionary percentage. During the year ended December 31, 2020, no employer matching contributions were made to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings and (c) administrative expenses. Allocations are based on participant compensation or account balance, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions, rollover contributions, and employer matching contributions, plus actual earnings thereon.

Payment of Benefits

Participants, or their beneficiaries, may elect to receive the amount as a lump-sum or designated sums from time to time. Upon the age of 59 ½, a participant may elect to receive a lump-sum amount or installment payments. All distributions are in the form of cash.

RABLE MACHINE, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

Participants who terminate employment before death, disability, or retirement with a balance that does not exceed \$5,000, will have a distribution made to them in a lump sum payment regardless of consent.

Notes Receivable from Participants

The Plan allows for loans to participants from their individual account balances at a minimum of \$1,000 up to a maximum of \$50,000 reduced by the excess (if any) of the highest outstanding loan balance of loans during the one year period ending on the day before the loan is made over the outstanding balance of loans from the Plan on the date the loan is made, or one-half of the vested portion of his or her account. The participant loans have repayment terms of up to 5 years, except for loans taken for the purchase of a primary residence, which may be repaid over a longer period of time. The loans are secured by the balance in the participant's account and bear an interest rate equal to the prime interest rate at the date of inception of the loan plus 1%.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and the accompanying notes. Actual results may differ from those estimates.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Valuation of Investments and Income Recognition

The Plan's investments are valued at fair market value.

The change in the difference between fair value and the cost of the investments, along with gains (losses) from sales of investments, is reflected in the statements of changes in net assets available for benefits as net appreciation (depreciation) in the fair value of investments. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Realized gains and losses from security transactions are reported based on historical cost.

RABLE MACHINE, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

Fair Value of Financial Assets and Liabilities

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Repayments of principal and interest are recognized in the period in which payroll deductions are processed.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The administrative fees are paid by the Plan.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2021, the date the financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements, which was prepared by Mid Atlantic Trust Company, the Trustee, as of December 31, 2020 and 2019 and for the year ended December 31, 2020, and furnished to the Plan Sponsor. The Plan Sponsor has obtained certifications from the Trustee as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that such information is complete and accurate.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's investments are participant-directed accounts that are held by the Trustee.

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Plan uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 - Observable inputs such as quoted prices in active markets;
- Level 2 - Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 - Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

Mutual funds: Valued at fair value as determined by quoted market prices on active markets.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methods used to value investments.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

		2020			
		Level 1	Level 2	Level 3	Total
Mutual Funds		\$ 1,343,564	\$ -	\$ -	\$ 1,343,564
Total Investments, at fair value		\$ 1,343,564	\$ -	\$ -	\$ 1,343,564

		2019			
		Level 1	Level 2	Level 3	Total

NOTE 5 - PLAN TERMINATION

Although it has not expressed an interest to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions and terminate the Plan subject to the provisions set forth by ERISA.

NOTE 6 - TAX STATUS

The Plan is a prototype non-standardized profit sharing plan with CODA which has received an opinion letter, dated March 31, 2014, from the IRS. The opinion letter states that the prototype plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. Subsequently, the Plan has been amended since receiving the determination. However, the Plan Sponsor believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and therefore operates as tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan Sponsor has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
