NOTE A - DESCRIPTION OF THE PLAN

The following description of the Caputo's New Farm Produce, Inc. 401(k) Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

   The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees of Caputo's New Farm Produce-Addison, Inc. and several related participating employers (collectively referred to as the "Company"). Employees were eligible to participate upon completion of one year of service (1,000 hours) and attaining age 21, and may not be collectively bargained or a non-resident alien. Those employed on the last day of the Plan year are also eligible to receive discretionary Company contributions. Effective June 1, 2020, the plan was amended and restated to change the eligibility to participate to 18 years of age and 3 months of service. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

   The Plan is funded by voluntary contributions of the participants and discretionary matching and profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. There were $104,520 of discretionary matching contributions to the Plan for the year ended December 31, 2020. There were no profit sharing contributions to the Plan for the year ended December 31, 2020.

3. Investment Options

   Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

NOTE A - DESCRIPTION OF PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary matching and profit sharing contributions, and an allocation of plan earnings. The Company's discretionary matching contribution is allocated as of the last day of the plan year and is based on a percentage of the participant's contribution. The Company's discretionary profit sharing contribution is allocated as of the last day of the plan year and is based on a percentage of each eligible participant's compensation. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. Hardship withdrawals and in-service withdrawals for participants over the age of 59 1/2 are also permitted by the Plan. Under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), participants who self-certify that they meet certain criteria of the CARES Act are eligible for in-service distributions up to $100,000 without penalty. These distributions are taxed ratably over a three year period, but may be repaid by the participant over the same three year period to avoid such taxes. Under the CARES Act, provisions may be implemented prior to a formal amendment being executed. The Plan has until the last day of the Plan year in 2022 to amend the Plan for the provisions of the CARES Act.

NOTE A - DESCRIPTION OF PLAN (Continued)

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest ranging from 4.25% to 6.50%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Under the CARES Act, participants who self-certify that they meet certain criteria of the CARES Act are permitted to take loans up to a maximum equal to the lesser of $100,000 or 100% of their vested account. Self-certifying individuals may also elect to defer payments on outstanding loans until January 1, 2021.

8. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in value of investments. Certain expenses are paid for by the Plan and are included in these financial statements, including annual audit fees.

9. Forfeitures

At December 31, 2020 and 2019, unallocated plan assets resulting from forfeited nonvested accounts were insignificant. These accounts will be used to reduce future discretionary Company contributions or pay the Plan's administrative expenses. Forfeitures used to reduce the discretionary Company contributions totaled $415 for the year ended December 31, 2020.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:
* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the Plan's investments measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Plan Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,947,358	$ -	$ -	$ 6,947,358

	Plan Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,650,509	$ -	$ -	$ 5,650,509

3. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan’s valuation policies utilizing information provided by the custodians. See Note B-2 for discussion of fair value measurements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INFORMATION CERTIFIED BY GREAT-WEST LIFE & ANNUITY INSURANCE COMPANY AND GREAT-WEST TRUST COMPANY, LLC AND ADVISORTRUST, INC.

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental information, that was prepared by or derived from information provided by the former custodians and current trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the former custodians and current trustee that information provided to the Plan Administrator by the former custodians and current trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental information related to the following assets:

	2020	2019
Investments, at fair value		
Mutual funds	$ 6,947,358	$ 5,650,509
Investments, at contract value		
Investment contract with insurance company	-	669,276
Investment in money market account	73,753	-
Non-interest bearing cash	15,491	-
Notes receivable from participants	200,715	237,064
	$ 7,237,317	$ 6,556,849

The former custodians and current trustee also certified the completeness and accuracy of $717,805 of net appreciation in value of investments, $174,834 of interest and dividends related to the aforementioned investments, and $13,426 of interest from notes receivable from participants for the year ended December 31, 2020.

NOTE D - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan held a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company (Great-West) through the Key Guaranteed Portfolio Fund which was reported at contract value. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

NOTE D - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Great-West maintained the contributions in its general account. Great-West guaranteed the Plan a return of principal and interest under the terms of the contract. The interest crediting rate was updated quarterly based upon contract provisions, and it may not be less than 0.00%. Great-West's general account was credited with earnings on the underlying investments and was charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The Plan's investment was liquidated in connection with the change in trustees (Note I).

NOTE E - INCOME TAX STATUS

The Plan had adopted a nonstandardized form of a prototype plan sponsored by Great-West Trust Company, LLC. The prototype plan had received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter had been relied upon by this Plan.

Effective June 1, 2020, the Plan has adopted a nonstandardized form of a volume submitter plan sponsored by Professional Capital Services, LLC. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - RISKS AND UNCERTAINTIES (Continued)

The direct and indirect future impacts of the current COVID-19 outbreak on the Plan are currently unknown, as is the duration and severity of any impacts that the Plan Sponsor may experience. Plan management is currently unable to quantify the future effects on the Plan.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Plan investments were managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the former custodians, and AdvisorTrust, Inc., the current trustee. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC are the former custodians, and AdvisorTrust, Inc. is the current trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

NOTE I - PLAN AMENDMENT, RESTATEMENT, AND TRANSFER

Effective June 1, 2020, the Plan was amended and restated to reflect a plan transfer. In July 2020, the Plan transferred its assets from Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the former custodians of the Plan, to AdvisorTrust, Inc, the new Trustee. The asset transfer did not impact the participants balances in the Plan. Significant provisions of the amended and restated plan document are consistent with those of the current plan document, with the exception of age to join the plan decreasing from 21 years of age to 18 years of age and reducing the service requirement from 1 year to 3 months. Interested parties should refer to the Plan adoption agreement and plan document for a complete description of the plan.

NOTE J - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 15, 2021, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions, other than those described below, have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.

NOTE J - SUBSEQUENT EVENTS (Continued)

Effective January 8, 2021, the Plan was amended and restated. Significant provisions of the amended and restated plan document are consistent with those of the current plan document, with the exception adding Safe Harbor matching contributions and allowing participants to change contribution rates and investments daily. Interested parties should refer to the Plan adoption agreement and plan document for a complete description of the plan.
