LORD CORPORATION
ERIE HOURLY EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A DESCRIPTION OF THE PLAN

General

The following description of the LORD Corporation Erie Hourly Employees' Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by LORD Corporation (Company) for the benefit of its employees paid hourly at the Erie, Pennsylvania facility of the Company whose employment is governed by a collective bargaining agreement. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (Fidelity) is the trustee of the Plan and serves as Plan custodian.

The Company was acquired by Parker-Hannifin Corporation as of October 29, 2019. The Plan was administered by the Company's Investment & Benefits Committee prior to the Parker-Hannifin Corporation acquisition. The Parker Total Rewards Plan Administration Committee administered following the acquisition. The Committees have the overall responsibility for the operation and administration of the Plan.

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Company make annual contributions of up to 50 percent of their eligible compensation. Employee rollover contributions are also permitted. The Company makes matching contributions of 66.7 percent of employees' salary deferral amounts on the first 6 percent of employees' compensation. Contributions are subject to certain limitations.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. The automatic deferral feature also provides for an annual increase in the percentage deferred and is ultimately capped at 10 percent.

Conversion Out of LORD Corporation Stock

Fully vested participants could cash out a portion of their LORD stock and invest in any of the investment options offered by the Plan. This conversion option was permitted semi-annually, in April and September. Stock could be converted in amounts up to 20% of the total shares owned. Whenever the shares of Employer stock held were equal to \$5,000 or less, only 100% of such shares could be liquidated.

LORD CORPORATION
ERIE HOURLY EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

LORD stock held in an account of a terminated employee follows mandatory liquidation procedures, not to extend beyond a five-year period. Effective February 14, 2019, the Plan froze all liquidation and redemptions of LORD stock.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions, and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on the participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching contributions plus earnings thereon is based on years of continuous service. A participant is fully vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their basic contribution, Roth contribution, and rollover accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in their account or annual installments not to exceed the life or life expectancy of the participant (and a designated beneficiary).

A participant whose vested account balance is \$1,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to their vested account balance. If a participant's vested accrued benefit exceeds \$1,000 but does not exceed \$5,000, this benefit is payable to the participant prior to his/her normal retirement date without his/her consent. If the participant does not elect to have this benefit rolled over to an eligible retirement plan or paid directly to themselves, the Plan administrator will direct an automatic rollover to an individual retirement plan designated by the Plan administrator in accordance with IRC §7701(a)(37). In-service withdrawals are available in certain limited circumstances, as defined by the Plan.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$961 and \$88, respectively. These accounts will be used to reduce future employer contributions or used to reduce Plan expenses. Also, employer contributions were reduced by \$3,059 and \$54,452 in 2020 and 2019, respectively, from forfeited nonvested accounts.

LORD CORPORATION
ERIE HOURLY EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Other Unallocated Assets

The Plan participates in a Revenue Credit Program (RCP) with Fidelity, where revenue sharing credits are held in an unallocated account to be used to pay Plan expenses. At December 31, 2020 and 2019, the RCP account balances were \$17,077 and \$6,621, respectively. The total revenue sharing credits earned during the years ended December 31, 2020 and 2019 were \$14,935 and \$10,193, respectively. Investment advisory fees and administrative fees paid from this RCP account in 2020 and 2019 were \$4,500 and \$6,000, respectively.

Stock Rights

Any Employer stock received as a stock dividend, a stock split, or as a result of a reorganization of the Employer were allocated to the Employer securities to which they were attributable. Any cash dividends received on Employer stock were allocated to the participant's Employer Securities Dividend Account and invested pursuant to their direction. All balances held in Employer stock were liquidated during 2019 due to the sale of the Company to Parker-Hannifin Corporation.

NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Company's Investment & Benefits Committee, prior to the Parker-Hannifin Corporation acquisition, and the Parker Total Rewards Plan Administration Committee are responsible for determining the Plan's valuation policies and analyzing information provided by the valuation specialists, investment advisers, custodian and insurance company that is used to determine the fair value of the Plan's investments. See Note F for further discussion and disclosures related to the fair value of measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

LORD CORPORATION
ERIE HOURLY EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses are paid by the Company or the Plan, at the Company's discretion.

NOTE C CERTIFICATION OF PLAN TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

LORD CORPORATION
ERIE HOURLY EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Certain Plan investments are shares of mutual funds, a money market fund, and a self-directed brokerage account managed by Fidelity Investments. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Company directly pays certain other fees related to the Plan's operations.

The Plan had previously invested in the common and preferred stock of the Company through the LORD Corporation Master Savings Trust. The Plan holds New York Life's Pooled Separate Account No. 25, which invests in a pool of securities managed by New York Life, the issuer. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

The Plan paid \$7,638 and \$11,829 of recordkeeping fees to Fidelity during the years ended December 31, 2020 and 2019, respectively. Investment advisory expenses paid to CapTrust Financial Advisors aggregated \$4,500 and \$6,000 during the years ended December 31, 2020 and 2019, respectively. The Company provides certain administrative services at no cost to the Plan.

NOTE E PLAN AMENDMENTS

Effective January 1, 2019, the Plan was amended to increase the automatic enrollment employee deferral amount from 5 percent to 6 percent. The Plan was also amended to provide that employer matching contributions shall be made to the trust in cash and invested as directed by participants rather than Employer securities.

Effective January 1, 2019, the Plan was amended to allow distributions of financial hardship to be distributed from additional contribution sources and earnings thereon, modified the definition of immediate and heavy financial need required for distributions of financial hardship, and removed the requirement that employee deferrals be suspended for six months after receiving a hardship distribution.

Effective January 1, 2019, the Plan was amended to increase the Company match on contributions to 66.7 percent of employees' salary deferral amounts on the first 6 percent of employees' compensation. In addition, the Plan was amended to freeze the liquidation of Employer securities as of February 14, 2019.

Effective November 22, 2019, the Plan was amended to change various administrative matters to the governance structure and Plan fiduciaries to conform to the governance structure for employee benefit plans sponsored and maintained by Parker-Hannifin Corporation.

Effective January 1, 2020, the Plan was amended to comply with the Setting Every Community Up for Retirement Enhancement (SECURE) Act to allow participants that have not attained age 70½ by January 1, 2020, to not begin receiving required minimum distributions until the attainment of age 72. No changes were made to participants who had already attained age 70½ by January 1, 2020.

LORD CORPORATION
ERIE HOURLY EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Effective January 1, 2020, the Plan was amended for distributions upon death after December 31, 2019, so that a participant's entire interest will be distributed to the designated beneficiary by December 31 of the calendar year containing the tenth anniversary of the participant's death, unless the designated beneficiary qualifies as an eligible designated beneficiary. An eligible designated beneficiary may receive distributions over the life of such designated beneficiary. If there is no designated beneficiary as of September 30 of the year following the year of the participant's death, the participant's entire interest will be distributed by December 31 of the calendar year containing the fifth anniversary of the participant's death.

Effective January 1, 2020, the Plan was amended for several provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, which included the following:

- No participant shall be required to receive a required minimum distribution from the Plan in 2020 or for the 2020 distribution calendar year with a required beginning date of April 1, 2021.
- For the period of April 9, 2020 through December 30, 2020, the Plan allowed qualified individuals to take a coronavirus-related distribution up to \$100,000 in the aggregate from their vested account balance. The CARES Act also allows participants to repay this amount any time over a three-year period, waives the penalty for early withdrawal if not 59½ years of age, and allows the amount distributed to be included in the participant's taxable income over a three-year period.
- For the period of May 1, 2020 through September 23, 2020, the Plan allowed qualified individuals to borrow up to the lesser of \$100,000 or 100% of the present value of a participant's vested account balance.
- Effective April 20, 2020, the Plan allowed qualified individuals to request participant loan repayments scheduled to occur through December 31, 2020 be suspended for twelve months. Subsequent repayments of the loan shall be appropriately adjusted to reflect the delay and any interest accruing during the delay.

NOTE F DISCLOSURES ABOUT FAIR VALUE OF PLAN ASSETS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets or liabilities

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

LORD CORPORATION
ERIE HOURLY EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Level 3 – Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value by the Plan.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV of units of a collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities, and then divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Pooled Separate Account: Valued at the NAV equivalent of the Plan's interest in New York Life's Pooled Separate Account No. 25 as of the valuation date. The NAV (or its equivalent), as provided by the custodian, is used as a practical expedient to estimate fair value.

Additional investments purchased through the BrokerageLink® investment option include the following additional types of investments:

Exchange Traded Funds: Valued at the daily closing price as reported by the fund. Exchange traded funds held by the Plan are open-end exchange traded funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The exchange traded funds held by the Plan are deemed to be actively traded.

Common Stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Options: Valued at the quoted market price of the issuer's unrestricted common stock, less an appropriate discount.

Certificates of Deposit: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

LORD CORPORATION
ERIE HOURLY EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2020 and 2019. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of net assets available for benefits using significant unobservable (Level 3) inputs:

NOTE H INTEREST IN MASTER SAVINGS TRUST

A portion of the Plan's investments were in the LORD Corporation Salaried, Hourly & Exempt Employee's Savings Trust ("LORD Corporation Master Savings Trust" or "the Trust"). The Trust was created for the purpose of receiving, holding, investing, and disbursing the assets of the employee savings plans sponsored by LORD Corporation. The assets of the Trust were held by PNC Bank, defined as the trustee of the LORD Corporation Master Savings Trust.

LORD CORPORATION
ERIE HOURLY EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

The sole investment of the Trust was shares of LORD Corporation Paired Class B Common Stock and Class C Preferred Stock, which was valued by an independent valuation specialist semi-annually and other dates at the Plan Administrator's discretion. Although the income, cost and market valuation approaches were considered, emphasis was placed on the market approach (guideline company methodology) with an adjustment for a discount for lack of marketability.

Dividends on LORD Corporation stock were deposited in cash to each participant's account with the same allocation mix as the participant-directed contributions.

Investment income (loss) from the Trust was allocated among the individual participating plans based upon the shares of LORD Paired Class B Common Stock - Class C Preferred Stock allocated to each plan. The Trust was reported on a cash basis. All other changes in net assets available for benefits are specifically identified and are allocated to each plan. Accordingly, contributions, benefits paid to participants and transfers are all reflected on the financial statements for each plan.

Each participating plan's interest in the Trust was based on shares held at the beginning of the year plus shares for current year contributions and earnings less distributions. During 2019, all balances held in employer stock were liquidated due to the sale of the Company to Parker-Hannifin Corporation.

There was no balance in the net assets of the Trust and the Plan's interest in those balances as of December 31, 2020 and 2019.

Investment income for the Trust during the year ended December 31, 2019 is as follows:

	<u>2019</u>
Net Appreciation in Fair Value of Investments	<u>\$ 188,802,179</u>
Total Investment Income	<u><u>\$ 188,802,179</u></u>

NOTE I TRANSFER OF PLAN ASSETS

Assets of \$53,926 and \$0 were transferred from other LORD Corporation plans into the Plan during the years ended December 31, 2020 and 2019, respectively. In addition, assets of \$0 and \$862 were transferred from the Plan to other LORD Corporation plans during the years ended December 31, 2020 and 2019, respectively. These amounts are included as transfers on the statements of changes in net assets available for benefits.

NOTE J PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE M RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE N CHANGE IN ACCOUNTING PRINCIPLE

In 2020, the Plan changed its accounting policy for fair value measurements by adopting the provisions of ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The new accounting guidance provided for in ASU 2018-13 removed or modified certain disclosure requirements for fair value measurements. The applicable provisions of this new standard did not have a significant impact to the Plan and have been applied on a retrospective basis.

NOTE O SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 15, 2021, which is the date the financial statements were available to be issued.

- Hardship distributions shall continue to be permitted under the Plan after December 31, 2020, pursuant to the Plan's hardship distribution provisions.
