Notes to Financial Statements

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *Canberra Corporation Profit Sharing Plan and Trust* (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering all employees of *Canberra Corporation* (the "Company") who have at least one year of service, with a minimum of 1,000 hours, and are age 21 or older. Participants are eligible to enter the Plan on the next January 1 or July 1 after meeting these eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Risk and Economic Uncertainties

The Plan invests in various investment securities, with the underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of interest rate, market, and credit risks inherent with certain of the Plan's investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and on March 13, 2020, the President of the United States declared the global outbreak a national emergency. In addition, state and local authorities have required or recommended social distancing and have imposed quarantine and other isolation measures on large portions of the domestic population, including mandatory business closures. These measures, designed to protect the overall public health, have had and may continue to have material adverse financial and other impacts on world economies.

As a result of the COVID-19 pandemic, there has been heightened market risk and volatility experienced in the financial markets and it is difficult to fully assess or predict the duration of and ultimate impact brought by the pandemic. The longer-term economic effects will depend on future developments that are highly uncertain. As such, Plan management is unable to estimate the impact the current environment will have on participants' account balances, and the investment amounts reported in the Plan's statements of net assets available for benefits and changes in net assets available for benefits.

Notes to Financial Statements

On March 27, 2020, the President signed the *Coronavirus Aid, Relief, and Economic Security Act* (the "CARES Act") into law. The CARES Act included provisions for eligible defined contribution plans, including availability of qualified coronavirus-related distributions, delay of repayments for existing plan loans, and other relief provisions. These CARES Act provisions were optional and employers were permitted to choose whether, and to what extent, to provide the coronavirus-related distribution and/or loan provisions of the CARES Act. The Plan provided access to the new CARES Act distribution and loan deferral options to participants as soon as administratively feasible, in accordance with IRS guidance and other applicable requirements.

Contributions

Each year participants may contribute up to 100% of annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company makes a safe harbor nonelective contribution to the Plan equal to 3% of eligible compensation for all eligible employees. Participants employed on the last day of the Plan year also receive an allocation of the Company's discretionary contribution, determined annually by its Board of Directors. Discretionary contributions are also made for each participant who separated from employment during the Plan year as a result of retirement, disability or death. Discretionary contributions were \$171,387 in 2020 and \$60,795 in 2019. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, a money market fund, and a common/collective trust as investment options for participants. Participants also have the option to create a self-directed brokerage accounts, in which they can choose from a variety of investments allowed by ERISA.

Participant Accounts

Each participant's account is credited with the participant's contributions, net earnings based on the performance of the investment options selected by the participant, the Company's safe harbor contribution and an allocation of the Company's discretionary contribution (when made). Each participant's account is also charged with an allocation of administrative expenses. Participants who initiate a loan or benefit payment are charged a fee for that transaction through a reduction of the distribution received. The Company discretionary contribution is allocated to participants on the basis of each participant's eligible compensation to total eligible compensation for the year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k) voluntary contributions and the Company's safe harbor nonelective contributions plus actual earnings thereon. Participants begin vesting in the Company discretionary contributions after two years of service, becoming fully vested after six years of service, provided that 1,000 hours are worked for each year of credited service.

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The \$50,000 maximum note receivable amount is reduced by the highest outstanding note receivable balance during the past 12 months minus the loan balance on the date a new loan is made. Participants may have up to two notes receivable outstanding at any time. The note receivable term cannot be longer than 60 months unless it is used to acquire a principal residence, in which case the term cannot exceed 360 months. The notes receivable are secured by the balances in the participants' accounts and bear interest at rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates, fixed at the inception of each loan at a rate of 1% over the prime rate. Principal and interest is collected ratably through payroll deductions.

Payment of Benefits

Upon termination of service, death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or annual installment payments, as defined by the Plan agreement. If a participant's account balance is \$1,000 or less, payment will be made in an immediate lump-sum without the participant's consent. In-service withdrawals of vested balances may be elected by participants who have reached 59½ years of age. The Plan also permits withdrawals of active participants' elective contributions only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce Plan expenses and future Company contributions. There were no forfeiture assets used in 2020 to reduce Company contributions. Forfeiture assets of \$47 were used to reduce Company contributions in 2019. Administrative expenses of \$365 and \$17,853 were paid from forfeited nonvested accounts during 2020 and 2019, respectively. At December 31, 2020 and 2019, forfeited nonvested assets available to reduce future Plan administrative expenses and Company contributions totaled \$10,265 and \$7,277, respectively.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan document. Certain administrative expenses, including salaries related to Plan administration and audit and legal fees, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements. Fees for investment management, custodial and record keeping services are paid by the Plan.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds, a money market fund, and the common/collective trust are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the aggregate fair value of such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are deducted from the note receivable distribution. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the trustee deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recorded when withheld from their compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Notes to Financial Statements

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. On January 1, 2020, Plan management adopted ASU No. 2018-13, and as a result, the Plan modified certain disclosures in Note 3. The adoption of the standard did not have a material impact on the Plan's financial statements.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2020, the most recent statement of net assets available for benefits presented herein, through October 15, 2021, the date these financial statements were available to be issued. No such significant events or transactions of this nature were identified.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fifth Third Bank ("Fifth Third"), as trustee, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, (2) the December 31, 2020, supplemental schedule of assets (held at end of year), and (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2020 and 2019. Fifth Third has also certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the years ended December 31, 2020 and 2019.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

CANBERRA CORPORATION PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

Money market fund: Shares held in a money market fund are comprised of U.S. Treasury securities with individual maturities of 397 days or less and a dollar weighted average maturity of 60 days or less. The composition of securities is structured to maintain a value of \$1 per share and these funds are classified as Level 2.

Common/collective trust: The fair value, as reported by the issuer, is based on the quoted redemption value of units owned by the Plan at year end or on the fair value of the underlying investments held by the fund less its liabilities. The NAV is used as a practical expedient to estimate fair value and, as a result, the investment is classified as "other" and is not assigned a level in the fair value hierarchy. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

CANBERRA CORPORATION PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

Self-directed brokerage accounts: This account primarily consist of common stocks which are valued on the basis of readily determinable market prices of the individual securities and is classified as Level 1.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

2020	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	\$ 10,946,638	\$ -	\$ -	\$ -	\$ 10,946,638
Money market fund	-	13,809	-	-	13,809
Common/collective trust	-	-	-	1,259,471	1,259,471
Self-directed brokerage accounts	104,516	-	-	-	104,516
Total investments at fair value	\$ 11,051,154	\$ 13,809	\$ -	\$ 1,259,471	\$ 12,324,434
2019	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	\$ 10,136,137	\$ -	\$ -	\$ -	\$ 10,136,137
Money market fund	-	8,844	-	-	8,844

Total investments at fair value	\$ 10,136,137	\$ 8,844	\$ -	\$ 2,085,210	\$ 12,230,191

(1) Certain investments are measured at NAV per share (or its equivalent) on an inactive market and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

CANBERRA CORPORATION PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets into or out of Level 3 in 2020 and 2019.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2020	2019			
Common/collective trust	\$ 1,259,471	\$ 2,085,210	\$ -	Daily	Daily

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fifth Third, who is the trustee of the Plan. Fees paid by the Plan to Fifth Third for investment management, custodial and record keeping services amounted to \$72,741 in 2020 and \$72,799 in 2019. Transactions with Fifth Third related to certain investments and fees paid qualify as party-in-interest transactions. Fees paid by the Plan for investment management services in 2020 and 2019 are included as a reduction of net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

5. TAX STATUS

The Company's Board of Directors adopted the Fifth Third Bank Defined Contribution Prototype/Volume Submitter Plan and Trust plan document. The prototype plan document has received an opinion letter from the IRS dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, that the Plan is qualified, and the related trust is tax-exempt.

The Plan Administrator has considered the tax positions taken by the Plan, and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in these financial statements. While the Plan may be subject to routine audits by taxing jurisdictions, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

CANBERRA CORPORATION PROFIT SHARING PLAN AND TRUST

■ Notes to Financial Statements

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan, to the extent not used to pay Plan expenses, would revert to the Company.
