INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of
Elite Restaurant Management Retirement Plan
San Francisco, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Elite Restaurant Management Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the years ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter- Supplemental Schedule

The supplemental schedules of Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2020 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of the Elite Restaurant Management Retirement Plan (the "Plan") of Omakase Restaurant Group dba Elite Restaurant Management (the "Company") provides general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan and was established on August 5, 2019 covering all eligible employees of the Company who have six months of service. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The following employees are excluded from the Plan:

- an employee who is included in a unit of employees covered by a collective bargaining agreement; or
- a leased employee

All salaried employees who have completed at least six months of service are eligible to contribute to the Plan. Any employee who has worked at least 1,000 hours each year and is employed on the last day of the Plan year is eligible to receive the employer's matching contributions and profit sharing contribution in an amount and allocation formula as determined by the Company in its sole discretion. Employees who are included in a unit of employees covered by a collective bargaining agreement and leased employees are not eligible to participate in the Plan. Each eligible participant will be automatically enrolled in the Plan and the minimum default pre-tax elective deferral is 2%.

b. Participant Contributions

Each year, participants may contribute pre-tax elective deferrals up to 100% of eligible compensation, as defined in the. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution was $6,500 for 2020. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Contributions are subject to certain IRS limitations, which is $19,500 for 2020.

Note 1 - Description of Plan (continued)

c. Company's Contributions

The Company may at its sole discretion, make matching contributions to all eligible participants at a certain percentage of the participant's elective deferrals at the end of the plan year. In addition, the Company may also make non-safe harbor matching contributions, profit-sharing contributions, and qualified non-elective contributions to the benefit of participants determined at the discretion of the Company. For the year ended December 31, 2020, the Company made contributions of $5,506.

d. Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of any administrative expenses that are paid by the Plan to the extent that not paid by the Company. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Rollovers

With the approval of the plan administrator, the Plan may receive any amounts received by an employee as a distribution from another qualified plan provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

f. Vesting

Participants are immediately and fully vested in their contributions and gains or losses thereon allocated to their accounts. Participants vest in the employer's discretionary matching contributions according to the following schedule:

Years of Service	Vested Percentages
Less than Two years	0%
Two Years but less than Three Years	20%
Three Years but less than Four Years	40%
Four Years but less than Five Years	60%
Five Years but less than Six Years	80%
Six or More Years	100%

Note 1 - Description of Plan (continued)

f. Vesting (continued)

Participants will be fully vested with the employer's discretionary contributions in the event of death, disability, attainment of normal retirement age or complete or partial termination of the Plan.

g. Investment Options

Participants may direct the investment of their contributions into various investment options offered by the Plan, and make changes on their investment options and allocations at any time.

h. Forfeited Accounts

Forfeitures are created when participants terminate employment before they become 100% vested. Forfeitures can be applied to reduce the employer's matching contribution or administrative expenses payable under the Plan.

i. Notes Receivable from Participants

Participants may borrow from their accounts. Each participant may have no more than one loan outstanding at any one time. Loan fees and interest due are paid by the participants. The minimum loan amount is $1,000. The maximum loan amount cannot exceed the lesser of:

- one-half of the present value of the vested account balance; or
- $50,000 minus the highest outstanding balance of loans in the past 12 months

The maximum repayment period is generally not more than 5 years for a general purpose loan. If the loan is obtained for the purpose of purchasing a primary residence, the loan will be repaid within a period not to exceed 30 years. The loan will bear interest at the prime rate plus 1%. All loans must be secured by not more than 50% of the participant's vested account balance.

j. Deemed Distributions

The Plan treats participant loans that are in default due to a missed payment and outstanding loan balances when a terminated participant takes a distribution as deemed distributions. A loan to an active participant is considered in default on the last business day of the calendar quarter following the calendar quarter in which the loan repayment was due. In accordance with Internal Revenue Service ("IRS") regulations, a participant who repays a loan after a deemed distribution will receive tax basis credits for repayment of a loan pursuant to IRS rules.

Note 1 - Description of Plan (continued)

k. Payment of Benefits

A participant may withdraw his or her vested account balance on their retirement date, or make withdrawals based on hardship, death, disability, loans, and termination of employment, as defined in the Plan agreement.

A participant who attains normal retirement age shall be entitled to payment of the balance in his or her account. A participant who remains employed after attainment of normal retirement age shall continue to participate under the same terms and conditions as applied prior to reaching normal retirement age. A participant, unless he or she is a more than 5% owner of the Company, must begin receiving distributions no later than April 1 of the calendar year following the calendar year he or she turns 72 or his or her employment terminates.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accunting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies (continued)

d. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance companies. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

e. Note Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are recorded as benefit payments based on terms of the plan document.

f. Excess Contributions Payable

Account payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. In the Plan year 2019, ineligible employees who should be excluded from the Plan made contribution to the Plan. The ineligible employees had contributed a total of $19,762 into the Plan. The excess contribution of $19,762 was accrued as of December 31, 2020 and 2019; the Plan will distribute the excess contributions to the applicable participants in 2021.

g. Payment of Benefits

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (continued)

h. Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation or depreciation in fair value of investments.
Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

i. Date of Management's Review of Subsequent Events

The Coronavirus Disease 2019 ("COVID-19") has adversely affected and may continue to adversely affect economic activity globally, nationally, and locally. These economic and market conditions and other effects of the COVID-19 pandemic may adversely affect the volatility of Plan assets. The extent of any adverse impact of the COVID-19 pandemic on the Plan's participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits are unknown at this time. Operation of the Plan has not been adversely impacted.

Additionally, on March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted which provides for Plan, Plan Sponsor, and participant relief. The Plan has adopted the withdrawal provision of the CARES Act. This allows qualified participants to make distributions up to $100,000 from January 1, 2020 to December 31, 2020. The distributions are not subject to the early 10% distribution penalty as set forth in the IRC, have no mandatory withholding at the time of distribution, and can be included in taxable income over a three-year period.

Management has evaluated subsequent events through October 15, 2021, the date at which the financial statements were available to be issued.

Note 3 - Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedules were obtained from data that has been prepared and certified as complete and accurate by the trustee.

	2020	2019
Statement of net assets available for benefits:		
Pooled separate accounts	$ 149,156	$ 57,405
Notes receivable from participants	6,048	0

	2020
Statement of changes in net assets available for benefits:	
Net appreciation in fair value of Investment	24,708
Interest on notes receivable from participants	48

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

The Pooled Separate Accounts ("PSA") are investments represented by a unit of account whose per unit value is the result of the accumulated values of the underlying investments. The underlying investments are public investment vehicles valued using the net asset value (NAV). The NAV is based upon the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The plan has concluded that the NAVs reported by investment companies approximate the fair value of the investments. There are currently no redemption restrictions or unfunded commitments on those investments.

The following table lists the fair value of investment assets as of December 31, 2020 and 2019:

	2020	2019
Pooled separate accounts measured at net asset value	$ 149,156	$ 57,405
Investments at fair value	$ 149,156	$ 57,405

Note 5 - Tax Status of the Plan

The Plan was adopted as a prototype plan, which received a determination letter from the Internal Revenue Service stating that the Plan, as then designed, complied with the applicable requirements of the Internal Revenue Code. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position is more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

For the year 2019, the Plan Custodian was not able to perform the compliance testing for the Plan due to the Plan not providing with a completed census.

Note 6 - Party-in-Interest Transactions

Certain Plan investments are managed by John Hancock Life Insurance Company. John Hancock Company is the plan asset trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Sponsor Company pays directly for other expenses related to the Plan's operation.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated asset of the Plan should be allocated to the participant account and distributed in such a manner as the Company may determine.

Note 8 - Contributions to Participants

During the year ended December 31, 2019, an operational failure limited the ability of the Plan to withhold the full amount of elective deferrals (pre-tax contributions) from all Plan participants in one payroll cycle. Missed elective deferrals as of December 31, 2020 and 2019 amounted to $0 and $4,937, respectively.

In order to meet with the applicable rules, it is required that the employer make a qualified nonelective contribution ("QNEC") equal to 50% of the employee's missed deferral that may not have been made. The Plan will make the applicable QNEC amounting to $2,468 in 2021.

Given the nature of the operational failure, there are no ERISA non-compliance implications.

Note 9 - Prior Period Adjustment – Correction of an Error

The accompanying financial statements for 2019 have been restated to correct an error in accounting for a qualified nonelective contribution on missed elective deferrals. The qualified nonelective contribution of $2,468 should be accrued on December 31, 2019; however, the 2019 financial statements were originally prepared omit the accrued qualified nonelective contribution of $2,468. The effect of the restatement was to recognize an increase in net assets available for benefits as discussed in Note 11. Employer contributions at December 31, 2019, has been adjusted for the effects of the restatement on prior year.

Note 10 - Plan Suspension

The Company had suspended the 401K Retirement Plan contributions on August 1, 2020, because the Company did not have the infrastructure to maintain and administer the Plan at that time.

Note 11 - Nonexempt Transaction

As reported on Form 5500, Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions, some of the participant contributions were not remitted to the Plan in a timely manner specified by the Department of Labor's Regulation CFR 2510.3-102. thus constituting nonexempt transactions between the Plan and the Company during the 2020 Plan year, which resulted in an imposition of 15% excise tax on the amount of the transactions to the Company. Late remittances amounted to $66,031 that represent delinquent loan repayments for the 2020 Plan year. All the late remittance had been corrected during the year 2021. Management has computed the lost earnings associated with the late remittance to be $219 that was accrued as of December 31, 2020. The Company is currently in the process of making appropriate filings in accordance with the IRS' Employee Plans Compliance Resolution System. These nonexempt transactions do not affect the tax status determination of the Plan.

Note 12 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for plan benefits as reported in the accompanying financial statements at December 31, 2020, and 2019, to the Form 5500

	2020	2019
