RED ROOF INNS, INC. 401(k) SAVINGS PLAN

Notes to Financial Statements

Note 1. Description of Plan

General

Red Roof Inns, Inc. 401(k) Savings Plan (the Plan) is a defined contribution plan covering all eligible employees of Red Roof Inns, Inc. (the Company). The Plan, established September 1, 2007, and amended January 1, 2016, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Significant provisions of the Plan are indicated below; however, participants should refer to the Plan Document for a more complete description of the Plan's provisions.

In March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The CARES Act contains several provisions that affect employee benefit plans, including temporary suspensions on limitations or expanded provisions related to distributions and participant loans.

Eligibility

Eligible employees, as defined by the Plan, may participate by making elective contributions after one year of service, or immediately, if the eligible employee has rolled over funds from an existing other 401(k) plan. Participants without an existing other 401(k) plan may commence participation and are eligible for employer matching contributions beginning on the first of January or July after meeting the one-year anniversary of employment.

Contributions

Participants may contribute a percentage or a set amount of their annual salary on a tax-deferred basis, subject to certain limitations. Qualified rollover contributions and plan-to-plan transfers are also accepted by the Plan. The Company makes matching contributions in an amount equal to the sum of 100% of the participant's elective deferral that does not exceed 3%, and 50% of the participant's elective deferral that exceeds 3% but not to exceed 5%, of the participant's compensation.

Effective May 1, 2020, the Plan was amended to suspend the safe harbor matching contributions. The Company may make discretionary employer contributions. For the years ended December 31, 2020 and 2019, there were no discretionary employer contributions.

Participant Accounts

Each participant's account is credited with the participant's voluntary deferral contribution and an allocation of the Company's contribution, plan earnings and losses, and administrative expenses for investment management fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options

Participants must direct their salary-deferral contributions and any matching and discretionary contributions to selected investment options as made available and offered by the Plan Administrator. Participants may change their investment options any time throughout the year.

RED ROOF INNS, INC. 401(k) SAVINGS PLAN

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account, are expensed as incurred, and are included in administrative expenses.

Brokerage fees, transfer taxes, and other expenses incurred in connection with the investment of the Plan's assets will be added to the cost of such investments or deducted from the proceeds thereof, as the case may be. Fees incurred by the Plan for the investment management services or recordkeeping are included in net appreciation in the fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Participants are also 100% vested in the Company's matching and discretionary contributions.

Forfeitures

Forfeitures due to terminating participants not meeting their vesting requirements are used to pay administrative expenses first, then reduce employer matching contributions. At December 31, 2020 and 2019, there were \$4,088 and \$3,438, respectively, in forfeited non-vested accounts.

Payment of Benefits

Benefit payments are recorded when paid. Participants may make withdrawals from the tax-deferred portion of their accounts, including the vested portion of any Company contributions, upon (a) termination of employment, (b) total and permanent disability or death, (c) attainment of age 59½, (d) termination of the Plan without establishment of a successor plan, or (e) proven financial hardship of the participant, subject to approval by the Plan Administrator.

Pursuant to the CARES Act, participants that were currently receiving required minimum distributions were offered the option to waive their 2020 distribution, and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020.

Additionally, the CARES Act permitted Plan participants to request up to the lesser of the participant's account balance in the Plan or \$100,000 in coronavirus-related distributions, with repayment terms up to three years. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

RED ROOF INNS, INC. 401(k) SAVINGS PLAN

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Pursuant to the CARES Act, plan participants could request a one-year delay of note repayments that would occur between March 27, 2020 and December 31, 2020. The participant's note was re-amortized and any interest accrued during the period of delay was included. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the trade date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as received. Dividend income from mutual funds is reinvested when received and included as Interest and Dividends. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. As of December 31, 2020 and 2019 no allowance for credit losses has been recorded. Delinquent loans are treated as distributions based upon the terms of the Plan Document.

RED ROOF INNS, INC. 401(k) SAVINGS PLAN

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

During the year ended December 31, 2020, the World Health Organization declared the coronavirus (COVID-19) outbreak to be a pandemic. COVID-19 continues to spread across the globe and is impacting the worldwide economic activity and financial markets. The Plan's investments are subject to potential loss arising from adverse changes in quoted market prices on mutual funds and marketable equity securities. The extent to which COVID-19 impacts the Plan will depend on future developments, which are highly uncertain and cannot be predicted.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Tax Status

The Plan has adopted a volume submitter plan sponsored by Alliance Benefit Group. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's compliance with IRC section 403(b). The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by a plan in its tax returns that might be uncertain. The Plan Administrator believes that it has appropriate support for any tax positions taken and, as such, does not have any uncertain tax positions that are material to the financial statements.

Note 3. Information Certified by Principal Trust Company

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared from information provided by the Plan custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate.

RED ROOF INNS, INC. 401(k) SAVINGS PLAN

Notes to Financial Statements

Note 3. Information Certified by Principal Trust Company (Continued)

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2020	2019
Investments, at Fair Value		
Pooled Separate Accounts	\$ 1,494,814	\$ 1,420,353
Mutual Funds	29,970,144	30,061,464
	<u>31,464,958</u>	<u>31,481,817</u>
Investments, at Contract Value		
Guaranteed Investment Contract	-	77
	<u>-</u>	<u>77</u>
Total Investments	<u>\$ 31,464,958</u>	<u>\$ 31,481,894</u>
Notes Receivable from Participants	<u>\$ 729,009</u>	<u>\$ 865,400</u>

The custodian also certified to the completeness and accuracy of \$3,864,738 and \$4,788,636 of net appreciation in fair value of investments and \$521,007 and \$548,760 of interest and dividends related to the aforementioned assets for the years ended December 31, 2020 and 2019, respectively.

Note 4. Fair Value Measurement

The *Fair Value Measurement* Topic of the Financial Accounting Standard Board (FASB) Accounting Standards Codification (ASC) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Notes to Financial Statements

Note 4. Fair Value Measurement (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts - All pooled separate accounts are valued at NAV based on the fair value of the underlying assets held in those accounts using quoted prices for similar assets or benchmark information. There are no unfunded commitments related to these accounts as of December 31, 2020 and 2019, and the funds in these accounts can be redeemed daily without restrictions.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

Note 4. Fair Value Measurement (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

December 31, 2020	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 29,970,144	\$ -	\$ -	\$ 29,970,144
Investments Measured at NAV ^(a)				1,494,814
Total Investments, at Fair Value	\$ 29,970,144	\$ -	\$ -	\$ 31,464,958

December 31, 2019	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 30,061,464	\$ -	\$ -	\$ 30,061,464
Investments Measured at NAV ^(a)				1,420,353
Total Investments, at Fair Value	\$ 30,061,464	\$ -	\$ -	\$ 31,481,817

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy of the line items presented in the statements of net assets available for benefits.

Investments Measured Using NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments.

Investment	2020			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Account	\$ 1,494,814	\$ -	Daily	None

Investment	2019			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Account	\$ 1,420,353	\$ -	Daily	None

Note 5. Guaranteed Investment Contract

The Plan held a traditional investment contract, the Principal Fixed Income Guaranteed Option. This contract met the fully benefit-responsive investment contract's criteria and, therefore, is reported at contract value \$77 as of December 31, 2019. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

RED ROOF INNS, INC. 401(k) SAVINGS PLAN

Notes to Financial Statements

Note 5. Guaranteed Investment Contract (Continued)

Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

There were no unfunded commitments related to any of these investments.

The traditional investment contract held by the Plan is a Guaranteed Investment Contract (GIC). The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; or
5. Bankruptcy of the Plan Sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

The Plan Sponsor is not aware of such events occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation;
3. A material misrepresentation; or
4. A material amendment to the agreements without the consent of the issuer.

The Plan Sponsor is not aware of such events occurring.

Notes to Financial Statements

Note 6. Related-Party and Party-in-Interest Transactions

Effective May 3, 2019, Plan Management elected to close the Principal Fixed Income Guaranteed Option and liquidate funds to the Principal Liquid Assets Separate Account. Principal Life Insurance Company (Principal) is the custodian for the Plan's assets; therefore, transactions that involved investments managed by Principal are considered to be party-in-interest transactions.

Note 7. Subsequent Events

The Plan Administrator has evaluated subsequent events through the date that the financial statements were available to be issued, October 12, 2021, and determined that the following event occurred that requires disclosure:

Effective January 1, 2021, RRI West Management LLC, which is part of this plan, executed a corporate reorganization and spin-off which resulted in the transfer and adoption of the Westmont Hospitality Group 401(k) Plan. The plan sponsors of both plans are part of a commonly controlled group of companies. Vesting for these participants was not affected as the contributions to the Plan were already immediately vested upon deposit to the Plan.

No further subsequent events occurring after October 12, 2021 have been evaluated for inclusion in these financial statements.
