Eligibility

All employees of the Company, except for union employees, non-resident aliens, part-time employees, temporary employees, and seasonal employees, are eligible to participate in the Plan once they complete three months of service and are at least twenty-one (21) years of age. They are allowed to enter the Plan on the first day of the month coinciding or next following the date the eligibility requirements have been met.

Contributions

Participants are permitted to make pre-tax and post-tax (Roth) contributions up to the limitation contained in the IRC in effect for each taxable year. Newly eligible participants are automatically enrolled in the Plan at a 6% deferral rate, unless the participant elects otherwise. Participants' contributions are automatically escalated by 1%, up to a maximum of 10%, on the first day of each plan year. In 2020, participants were permitted to contribute up to a maximum of $19,500 with an additional $6,500 catch-up contribution for employees over 50 years old.

The Plan allows the Company to provide a discretionary contribution as determined by the Company each year to those participants employed by the Company on the last day of the Plan year and have at least 1,000 hours. For the year ended December 31, 2020, the Company elected not to fund a discretionary employer contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, if any, the Plan's earnings (losses), participant withdrawals, and administration expenses, if applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions, plus actual earnings thereon. The Company contributions vest based on years of service which is determined under the following schedule below.

Years of Service	Vested Percentage
0	0%
1	25%
2	50%
3	75%
4	100%

Notes Receivable from Participants
Participants are allowed to borrow up to one loan at a time from their accounts an amount equal to no less than $1,000 and no greater than $50,000 or 50% of the participant's vested balance. The loans bear interest, and principal and interest are repaid ratably through payroll deductions. The loans generally bear interest at the prime rate at the time of the loan plus one percentage point. General purpose loans must be repaid within five years, and loans used to purchase a primary residence may be paid over thirty years.

Investment Options
Each participant directs participant and Company contributions to any of the investment options offered by the Plan. Participants may change their investment elections amongst these options at any time.

Payment of Benefits
In the event of retirement, disability, hardship or termination of employment, participants may elect a lump-sum or partial distribution equal to the value of the participant's vested balance, or to transfer their vested benefits to another qualified plan or to an individual retirement account. Participants may also request in-service distributions upon attaining age 59 ½ or for certain financial hardships. Vested balances under $5,000 may be automatically distributed upon a participant's severance of employment.

During 2020, the Plan operated in conformity with distribution provisions set forth under the Coronavirus Aid, Relief and Economic Security ("CARES") Act. Such provisions included the ability for participants to withdraw up to $100,000 tax-free and penalty-free between March 27, 2020 and December 31, 2020 if the participant determined he or she was a qualified individual under the CARES Act.

Forfeitures
Per the Plan document, forfeitures can be used to reduce any nonelective contributions, or to pay Plan expenses. Unvested employer contributions shall be forfeited after a five-year break in service, or upon the distribution of the entire vested portion of a former participant's account if earlier. During 2020, there were no forfeitures used for employer matching contributions, and the balance in the forfeiture account at December 31, 2020 and 2019 was $730 and $1,654, respectively.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan should terminate, each participant shall become fully vested in Company contributions, if any.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in compliance with the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Company to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein at the date of the financial statements and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded when earned. No allowance for losses is deemed necessary by Plan management as principal and interest are repaid through payroll deductions. A note receivable is considered to be in default after any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the payment was due, at which point the defaulted note receivable is considered to be a distribution to the participant, and the note would be removed from the Plan's assets. The interest rate charged on notes receivable from participants ranged from 4.25% to 6.50% at December 31, 2020.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year. There were no significant amounts of investment income due to the Plan on December 31, 2020.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Plan expenses can be paid directly by the Company or by the Plan. Administrative expense paid by the Plan were $288 for the period ended December 31, 2020. Certain investment related expenses are included in net appreciation and are not readily determinable.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The 2019 novel coronavirus (or "COVID-19") has adversely affected and may continue to adversely affect economic activity globally, nationally, and locally. Following the COVID-19 outbreak in March 2020, the values of investment securities have experienced significant volatility. These economic and market conditions and other effects of the COVID-19 outbreak may continue to cause volatility. The extent of the adverse impact of the COVID-19 outbreak on the Plan participants' account balances cannot be predicted at this time.

3. INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Trustee of the Plan has certified the completeness and accuracy of all investments and related investment activity, notes receivable from participants and the related interest income in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the statement of changes in net assets available for benefits for the year ended December 31, 2020 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2020. No auditing procedures were performed with respect to the information certified by the Trustee, except for comparing such information with the information reported in the financial statements.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board guidance relating to fair value measurements establishes a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value:

Registered investment companies: Valued at the closing prices as reported on the active market on which the funds are traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, on a recurring basis:

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 1,974,425	$ -	$ -	$ 1,974,425
Total investments, at fair value				$ 1,974,425

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 1,356,089	$ -	$ -	$ 1,356,089
Total investments, at fair value				$ 1,356,089

5. PARTIES-IN-INTEREST TRANSACTIONS

Participants are parties-in-interest to the Plan, therefore notes receivable from participants qualify as party-in-interest transactions. These transactions are exempt transactions pursuant to Section 408(b)(1) of ERISA.

Certain fees and expenses of the Plan are paid by the Company. Additionally, certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. TAX STATUS

The Plan adopted a prototype profit sharing 401(k) plan document which obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Furthermore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

7. SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events occurring after December 31, 2020 through October 11, 2021, the date the financial statements were available to be issued. Based upon that evaluation, the Plan has determined that no subsequent events have occurred which require adjustment to or disclosure in the financial statements.
