WINERY EXCHANGE INC., 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2020 AND DECEMBER 31, 2019

Note 1. DESCRIPTION OF THE PLAN:

The following brief description of Winery Exchange Inc., 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General:

The Plan was created by Winery Exchange, Inc. ("the Company") effective January 1, 2000 as a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

All money that is contributed to the Plan is held in a trust fund. The trustee is responsible for the safekeeping of the trust fund and must hold and invest Plan assets in a prudent manner and in the best interest of the plan participants and their beneficiaries.

Participation:

Immediately upon meeting the eligibility requirements, employees can join the Plan and begin deferring a portion of their compensation. The Plan does not have age or eligibility service requirements.

Entry is on the Employment Commencement Date (if that date is also an Entry Date), or if later, upon the next following Plan Entry Date. Plan Entry Date is the first day of each month.

Excluded employees for all contributions are Non-Resident Aliens as described in Internal Revenue Code §410(b)(3)(C). Effective December 31, 2018, part time, temporary, seasonal employees working less than 1,000 hours are also excluded.

Participant contributions:

Participation in the Plan is voluntary. Participant's deferral percentage is subject to an annual limit of 80% of the participant's eligible compensation, up to the maximum annual limit determined by the Internal Revenue Service. The maximum annual amount that can be contributed to a 401(k) arrangement as an elective deferral, that is, as a pre-tax contribution, is $19,500 and $19,000, respectively, for the years ended December 31, 2020 and December 31, 2019. Individuals age 50 or over by the end of the plan year are allowed to make additional contributions to a 401(k) plan, in excess of the standard limits. Such additional contributions will be limited to the lesser of a specified dollar amount ($6,500 and $6,000 in 2020 and 2019, respectively) or the participant's compensation for the year reduced by the participant's other elective deferrals.

The Plan document permits Roth elective deferrals into the Plan. Participants may also make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. All contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Note 1. DESCRIPTION OF THE PLAN (Continued):

Discretionary matching employer contributions:

The employer may make a basic matching employer contribution on behalf of each participant in an amount equal to the percentage declared for the contribution period, if any, by a board of director's resolution.

For the year ended December 31, 2020, there were no matching contributions made by the Company.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and the Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting of plan benefits:

Participants are 100% immediately vested in their deferral contributions, matching employer contributions and actual earnings thereon.

Notes receivables from participants:

Under the terms of the Plan, participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum of $50,000 or 50% of the vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at 1% over Prime Rate published in the Wall Street Journal on the first business day of the month the loan is originated. Principal and interest are paid ratably through payroll deductions.

Payment of benefits:

Participant accounts are available for withdrawal at the participant's death, retirement, total disability, age 59 ½, termination of employment with the Company. Participants who qualify for benefits and withdrawals are entitled to a lump-sum distribution of his or her vested account balance.

Participant consent is required to distribute accounts that exceed $5,000 before reaching normal retirement age. Participants may elect to have their account balance distributed as soon as administratively feasible following termination of employment.

Administrative expenses:

Administrative expenses of the Plan may be paid by the Company and any such expenses not paid by the Company shall be paid by the Plan.

Forfeitures:

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $5,691 and $4,670, respectively. Forfeitures are retained in the Plan and are to be used to reduce nonelective contributions, employer match and to pay plan administrative expenses. During the plan year ended December 31, 2020, no amounts from the forfeiture account was used to reduce nonelective contributions, employer match or to pay administrative plan expenses.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting:

The financial statements of the Plan are prepared under the accrual basis of accounting and in accordance with ERISA.

Investment valuation and income recognition:

Investments are generally included in the financial statements at fair value as reported to the Plan by the Plan asset custodian. Shares are stated at quoted market value. Gains and losses on investments are recognized in the period in which the appreciation or depreciation occurs. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in fair value of investments, which consists of the net realized gains or losses and unrealized appreciation or depreciation on those investments.

As described in the Professional Accounting Standards, investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability.

Payment of benefits:

Benefits are recorded when paid.

Subsequent events:

The Administrative Committee has evaluated events through October 11, 2021, the date which the financial statements were available for issue.

Note 3. NATURE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United State of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Note 4. SIGNIFICANT CONCENTRATION OF CREDIT RISK:

The Plan's investments are held in a trust fund administered by Empower Retirement.

The Plan provides for various investment options in any one of a combination of mutual funds that invest in stocks, bonds, fixed income securities and other investment securities. These investments are exposed to various risks, such as credit, interest rate and market. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 5. CERTIFICATION OF ASSETS (UNAUDITED):

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, Empower Retirement, the trustee and asset custodian of the Plan, certified information regarding the fair value of all investments and notes receivable from participants as of December 31, 2020 and December 31, 2019 and all investments and notes receivable from participants transactions entered into during 2020, which was used in the preparation of the accompanying financial statements and supplemental schedule.

Note 6. FAIR VALUE MEASUREMENTS:

Professional accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under professional accounting standards are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 6. FAIR VALUE MEASUREMENTS (Continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Fixed annuities: Valued based on the valuation method disclosed in the annuity contract as calculated by the annuity provider.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, the Plan's investments at fair value as of December 31, 2020 and December 31, 2019:

Investments at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,261,130	$ -	$ -	$ 10,261,130
Fixed annuities	-	177,668	-	177,668
Investments at fair value	$ 10,261,130	$ 177,668	$ -	$ 10,438,798

Investments at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,900,804	$ -	$ -	$ 7,900,804
Fixed annuities	-	162,122	-	162,122
Investments at fair value	$ 7,900,804	$ 162,122	$ -	$ 8,062,926

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2020, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Note 7. BENEFIT-RESPONSIVE INVESTMENT (FIXED ANNUITIES):

The Plan entered into a benefit-responsive investment contract with Empower Retirement. Empower Retirement maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to benefit-responsive investment. Contract value, as reported to the Plan by Empower Retirement, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than a certain percentage.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

As of December 31, 2020 and December 31, 2019, the Plan had $177,668 and $162,122, respectively, in the Key Guaranteed Portfolio Fund, a benefit-responsive investment offered through a group annuity contract.

Contract value is the only required measure for fully-benefit responsive investment contracts. Under professional accounting standards, the contract value is now presented as fair value.

Note 8. PLAN TERMINATION:

Although it has not expressed the intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, each participant’s account balance will be 100% vested.

Note 9. INCOME TAX STATUS:

The Trust established under the Plan to hold the Plan’s assets is a qualified plan pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the Trust’s net investment income is exempt from income taxes.

Note 9. INCOME TAX STATUS (Continued):

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 10. RELATED PARTY TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by various brokerage houses and investment transactions are executed by Empower Retirement. Empower Retirement provides the products and services offered by Great-West Trust Company, the trustee as defined by the Plan. Fees paid by the Plan for the year ended December 31, 2020 include fees paid to Empower Retirement Advisory Service of $39,896. These transactions qualify as party-in-interest transactions, which are exempt from the ERISA prohibited transaction rules.

Note 11. EXCESS CONTRIBUTIONS:

Contributions made by participants may be limited due to IRS regulations. Contributions which initially meet all IRS limitations may be found to be in excess of IRS limitations at the end of the year.

Failure to meet the deferral limits can be corrected after the plan year end by recharacterization of the excess elective deferral as an employee after-tax contribution or catch-up contribution or by timely distribution of excess contributions to the appropriate participants. Recharacterization of the deferral must be made no later than 2½ months after the plan's fiscal year end, and distribution of excess contributions must be made within 12 months of the plan's year end. However, if the excess contributions are distributed later than 2 ½ months after the end of the plan year, the plan sponsor must pay a 10% excise tax.

Note 12. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020:

Net assets available for benefits per financial statements	$	10,467,736
Contributions refundable as of December 31, 2020		33,459
Net assets available for benefits per Form 5500	$	10,501,195

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020:

Increase in net assets per financial statements	$	2,363,678
Contributions refundable as of December 31, 2020		33,459
Increase in net assets per the Form 5500	$	2,397,137

Note 13. CONTINGENCIES:

It was discovered certain eligible employees were excluded from the Plan. The plan administrator and the Plan's third-party administrator are working together to correct the issue. At time the financial statements were available for issue, the amount of employer contributions, if any, needed to correct the error was not estimable**.**

Note 14. COVID-19:

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 15. C.A.R.E.S ACT PROVISIONS:

The Plan has adopted the following benefit plan provisions of the March 2020 Coronavirus Aid, Relief, and Economic Security Act (CARES Act):

- Added an in-service withdrawal option for coronavirus-related distributions of up to $100,000. Participants may repay all or a portion of distributions within three years, and repayments will not count towards annual contribution limits. Distributions under this option will not have tax withheld, and for those under 59 ½, will not be subject to a 10% early withdrawal penalty.
- Increase limit on coronavirus -related loans to $100,000 (from $50,000) or 100% (from 50%) of the present value of the participant's vested benefit, during a 180-day period from March 27, 2020 through September 30, 2020.
- Waive required minimum distributions otherwise due to be made in 2020.
