Independent Auditor's Report

To the Plan Administrator
Messner Reeves LLP Retirement Savings Plan
Denver, CO

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2020 Financial Statements

We have performed an audit of the financial statements of Messner Reeves LLP Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report:

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2020 Supplemental Schedules Required by ERISA

The 2020 supplemental schedule of assets (held at end of year) as of December 31, 2020 and schedule of delinquent participant contributions for the year ended December 31, 2020 are presented for purposes of additional analysis and are not a required part of the 2020 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agree to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter – 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institutions. Our audit report, dated October 13, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Plan Description

The following description of the Messner Reeves LLP Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was adopted by Messner Reeves LLP (the "Company" or "Employer") effective January 1, 1998 and has been amended and restated most recently effective January 1, 2020. The Plan is a defined contribution plan covering eligible employees of the Company. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Issuer, Trustee and Administration of the Plan

Through December 31, 2019, the trustee of the Plan was Great-West Trust Company, LLC ("Great-West") and Empower was the recordkeeper of the Plan.

Effective January 1, 2020, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company is the custodian of the mutual funds and recordkeeper of the Plan, Principal Life Insurance Company is the issuer of the pooled separate accounts and guaranteed investment contract, and Principal Global Investors Trust Company is trustee of the collective investment trusts, collectively ("Principal"), in accordance with the provisions of the service provider agreements with the Company.

The issuer of a fixed-rate group annuity contract held by the Plan is Great-West Life & Annuity Insurance Company ("Great-West Life").

All assets, other than the fixed-rate annuity contract, including notes receivable from participants, were transferred to Principal in January 2020. As a result of the transfer, there was a blackout from January 2, 2020 to January 26, 2020. There were no contract termination charges or adjustments to the market value of any investments as a result of the termination of the contract with Great-West and Great-West Life.

The administrator of the Plan is the Company. The Company determines the appropriateness of the Plan's investment offerings and monitors investment performance.

CARES Act Provisions

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Securities Act ("CARES Act") was passed into law. The CARES Act expanded the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts up to $100,000, increased the participant loan limit to $100,000, and delayed loan repayments for up to one year, subject to the certain participant eligibility criteria. In April 2020, the Plan Sponsor authorized the provisions of the CARES Act and will formally amend the plan in the future as required.

Eligibility

Employees are eligible to become a participant in the Plan on the first day of the month coinciding with or following attainment of age 18 and completion of six consecutive months of service. Union employees, interns and non-resident aliens, as well as part-time and seasonal employees and temporary employees that work less than 1,000 hours in a year are not eligible to participate in the Plan. Effective January 1, 2020, leased employees became eligible for the Plan.

Contributions

Participants may contribute up to 100 percent of their eligible annual compensation on a pre-tax or after-tax Roth basis, subject to certain IRC limitations. The Plan also allows catch-up contributions for participants age 50 or older subject to certain IRC limitations.

The Plan allows for discretionary employer matching contributions and discretionary employer non-elective contributions. Employees are eligible for these contributions on the first of the month after completion of 1 year of service with 1,000 hours. The discretionary employer non-elective contributions are pro-rata based on the eligible compensation of all eligible employees. Employees must work 1,000 hours in the Plan year and be employed on the last day of the Plan year. Effective January 1, 2020, the Plan allows for an employer safe harbor contribution for all eligible participants. Employees are eligible for the Safe Harbor contribution on the first day of the month after completion of 6 consecutive months of service. During 2020, a discretionary employer matching contribution was made in the amount of 25% of participant contributions up to 4% of eligible compensation. There were no safe harbor or discretionary non-elective contributions for the year ended December 31, 2020.

Rollover contributions from other qualified plans or an Individual Retirement Account ("IRA") may also be made to the Plan, if certain criteria are met.

Participants' Accounts

Participants' accounts are credited with participant pre-tax, after-tax Roth, rollover, discretionary employer matching, employer safe-harbor, and discretionary employer non-elective matching, as well as an allocation of plan earnings or losses. Participants are charged with certain administrative fees that are paid by the Plan. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. Participant accounts are also credited or debited with participant initiated transactions. Participants may direct the investment of their account balances into various investments offered by the Plan. The benefit to which participants are entitled is the vested portion of their accounts.

Notes Receivable from Participants

An employee may, with the consent of the plan administrator, borrow a minimum of $1,000 up to the lesser of $50,000 reduced by the excess of the participant's highest outstanding loan balance during the previous 12 months, or one-half of their vested account balance. Participants may not have more than one loan outstanding at any time. The maximum term of the borrowing is 5 years, unless for the purchase of a principal residence where the loan can be up to 30 years. A participant's loan shall immediately become due and payable if such participant terminates employment for any reason or fails to make a principal and/or interest payment as provided in the loan agreement. The

loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal posted prime rate plus 2 percent and are fixed for the duration of the loan. The interest rate on outstanding loans at December 31, 2020 ranged from 4.50 percent to 6.50 percent. Principal and interest are repaid ratably through payroll deductions.

Vesting

Participants are immediately vested in their pre-tax, after-tax roth, rollover, catch-up, safe harbor contributions and actual earnings thereon. Participants vest 20 percent per year after 2 years of service, and an additional 20 percent per year, becoming fully vested after 6 years of service in their discretionary employer matching and non-elective matching contributions.

Forfeitures

Forfeited amounts may be used to reduce future employer contributions or pay administrative expenses. At December 31, 2020 and 2019, forfeited accounts were $7,797 and $8,633, respectively. During the year ended December 31, 2020, no forfeitures were used to reduce employer contributions or pay administrative expenses or to reinstate former employee accounts.

Benefit Payments

Upon termination of service due to death, disability, separation of service, or attainment of normal retirement age (65), a participant may elect to receive his/her benefit payment in the form of a lump-sum amount, or installment payments; remain in the Plan or may roll over the amount to another qualified retirement plan or IRA. Immediate lump sum distributions are to be made to terminated participants if the participant's vested account balance is $1,000 or less. If the account balance is greater than $1,000 but less than or equal to $5,000, the balance is rolled into an IRA for the benefit of the participant. These mandatory distributions are only made if the participant has not affirmatively elected to receive their distribution in another form. In-service withdrawals at age 59 ½ are also allowed by the Plan if certain criteria are met.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the terms of the Plan Document to terminate the Plan, subject to the provisions of ERISA. Participants would become fully vested upon termination.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments, as detailed in the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), are stated at fair value, except the fully benefit-responsive investment contracts, as further discussed in Note 4 – *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor, Great-West, Great-West Life, and Principal.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income and capital gains are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses (in the form of an expense ratio) charged to the Plan for investments in the mutual funds and stable value common/collective trust are deducted from income earned on a daily basis and reflected as a reduction of investment return for such investments.

Accounting for Investment Contracts with Insurance Companies

The Plan previously entered into the Key Guaranteed Portfolio Fund (the "Fund") with Great-West Life, which is a fixed-rate group annuity contract. The Fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts since this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The Fund is a general account product and is credited with participant and employer contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. The effective annual interest rate can never be less than 0 percent and interest earned is compounded daily to the effective annual interest rate. The interest crediting rate is reset quarterly. The method for calculating the interest crediting rate is based on earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum crediting rate, as stated in the contract, and prevailing market conditions. As a result of the change in trustee, under the terms of the contract, Great-West Life required a 12 month period to liquidate the Fund. Participants could no longer direct their contributions or transfer amounts to the Fund after the transfer of assets in January 2020. Fees to terminate were insignificant, therefore, contract value is deemed a reasonable basis for valuation.

On January 1, 2020, the Plan entered into a fully benefit-responsive investment contract, the Fixed Income Guaranteed Option, with Principal Life Insurance Company ("Principal Life"). Principal Life maintains the contributions in a custodial account. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value

is the relevant measure for fully benefit-responsive contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. There are no reserves against the contract value for credit risk of the contract issuer. The crediting interest rate is based on a formula agreed upon with Principal Life but may not be less than 0 percent. Interest rates are reset semi annually. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with Principal Life. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Employer does not believe any of these events are probable of occurring.

Contributions

Participant contributions and discretionary employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Any discretionary employer non-elective contributions would be recognized when due to the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued, but unpaid interest was de minimis at December 31, 2020 and 2019. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Expenses of the Plan

During the year ended December 31, 2020, administrative expenses totaling $27,205 were paid by the Plan consisting expenses paid by participants for distribution processing, recordkeeping, and loan administration. Certain other fees and expenses may be charged within the investments (as an expense ratio) and are reflected in the net appreciation in fair value of investments. The Company, on behalf of the Plan, paid all other administrative expenses of the Plan, and those expenses are excluded from these financial statements.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Principal, qualified institutions, have certified the following information as of and for the year ended December 31, 2020, which is included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments as reported in the Statements of Net Assets Available for Plan Benefits as of December 31, 2020;
- Net investment income and other income as reported on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2020;
- Investment information included in the Notes to Financial Statements and in the Supplemental Schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – As of December 31, 2020.

The former trustee of the plan, Great-West Trust Company, LLC, a qualified institution, has certified the following information as of December 31, 2019, which is included in the accompanying financial statements as complete and accurate:

- Investments as reported in the Statements of Net Assets Available for Plan Benefits as of December 31, 2019;
- Investment information included in the Notes to Financial Statements.

Great-West Life, a qualified institution, has certified the following information for the Key Guaranteed Portfolio Fund as of December 31, 2020 and 2019 and for the year ended December 31, 2020, which is included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments as reported in the Statements of Net Assets Available for Plan Benefits as of December 31, 2020 and 2019;
- Net investment income and other income as reported on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2020;
- Investment information included in the Notes to Financial Statements and in the Supplemental Schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – As of December 31, 2020.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements and Disclosures

Accounting Standards Codification ("ASC") 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

***Mutual funds*:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Insurance Company Pooled Separate Accounts ("PSAs"): Valued at fair value using net asset value ("NAV") as a practical expedient. NAV is determined by the issuer based on the fair value of the underlying investments. The practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the NAV. These investments are direct filing entities with the Department of Labor.

***Collective Investment Trusts ("CITs")*:** Valued at fair value using NAV as a practical expedient. NAV is determined by the issuer based on the fair value of the underlying investments. The practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the NAV. These investments are direct filing entities with the Department of Labor.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

As of December 31, 2020	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 5,848,508**	**$ -**	**$ -**	**$ 5,848,508**
Investments measured at net asset value (a)				**$ 2,113,653**
Total investments at fair value	**$ 5,848,508**	**$ -**	**$ -**	**$ 7,962,161**

As of December 31, 2019	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,146,577	$ -	$ -	$ 7,146,577
Total investments at fair value	$ 7,146,577	$ -	$ -	$ 7,146,577

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; and, the redemption notice period, if any, is applicable only to the Plan.

Investment Type	*Fair Value - December 31, 2020*	*Fair Value - December 31, 2019*	*Unfunded Commitments*	*Redemption Frequency*	*Redemption Notice Period*
Pooled Separate Accounts	**$ 1,210,513**	$ -	None	Daily	Up to 30 days
Collective Investment Trusts	**$ 903,140**	$ -	None	Daily	None

5. Related Party and Party-in-Interest Transactions

The Plan invests in a fixed-rate group annuity contract, pooled separate accounts, collective investment trusts, and mutual funds managed by Principal, as well as an insurance contract with Great-West Life. Participant loan and distribution processing fees are paid to Principal and Great-West Life by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain other fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions which are exempt from prohibited transaction rules.

6. Tax Status

As a result of the change in trustee, the Plan was restated by adopting a Volume Submitter Plan Document effective January 1, 2020, sponsored by Creative Retirement Plan Consulting, LLC, which obtained an advisory letter from the IRS dated March 31, 2014, indicating that the Volume Submitter Plan is designed in accordance with the applicable sections of the IRC, and therefore, the related trust is tax-exempt. The plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC, thus no provision for income taxes have been included in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

7. Concentrations, Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market and credit risks. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits and participants' account balances.

Additionally, the COVID-19 outbreak was declared a worldwide pandemic on March 11, 2020 by the World Health Organization ("WHO"). The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be reasonably estimated at this time.

There are three investments that individually represents more than 10 percent of investments held at December 31, 2020 and two investments that individually represent more than 10 percent of investments held at December 31, 2019. See the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2020.

8. Delinquent Participant Contributions

During the years ended December 31, 2020, 2019, 2014, and 2013, the Company failed to timely remit certain employee contributions and loan repayments to the Plan as reported in the supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions. The Company is in the process of correcting these late remittances.

9. Subsequent Events

The Plan has performed an evaluation of subsequent events through October 15, 2021, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.
