NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Associations of Texas MEP - Builders Equipment and Tool Company (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Associations of Texas MEP (the Associations) is an open multiple employer defined contribution plan. A Participating Employer is an employer who has adopted the Associations' Plan. Each Participating Employer may designate the parameters for eligibility requirements and participation in the Plan as well as employer contributions, if any.

Builders Equipment and Tool Company (the Company, Employer or Plan Sponsor) adopted the Plan effective January 1, 2019. Eligible employees may enter the Plan the first day of the following month after attaining the age of 18 and completing three months of credited service, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants in the Plan may contribute an amount not to exceed their annual compensation, up to the maximum allowed by law, within the limits prescribed by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified plans (rollover). For the year ended December 31, 2020, individual participants' elective deferrals were limited to $19,500. Participants who are age 50 and older may also contribute an additional $6,500 for the year ended December 31, 2020.

The Company may, at its discretion, contribute a matching contribution computed as a percentage of the participants' elective contributions. Employer discretionary matching contributions totaled $33,045 for the year ended December 31, 2020. Employer contributions, if any, are invested in funds in accordance with the participant's direction and the Plan's provisions. Contributions are subject to certain limitations.

Participant accounts

Each participant account is credited with the participant's contributions, and an allocation of (a) the Employer's contributions (if any), and (b) Plan earnings or losses thereon, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting of benefits

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in any Employer's discretionary matching contribution, plus earnings or losses thereon, is based upon the number of years of credited service. Participants who become eligible, and are enrolled in the Plan, will receive vesting credit for years of service based only on the elapsed time method, as defined. A participant is fully vested after five years of credited service.

Participant accounts become fully vested upon reaching retirement age (65), death, becoming disabled, or upon termination of the Plan.

Note 1 – Description of Plan, Continued

Forfeitures

Forfeited nonvested accounts may be used to offset Plan administrative expenses or reduce Employer contributions. As of December 31, 2020 and 2019, forfeited nonvested accounts available to be used totaled $1,946 and $2,435, respectively. Forfeitures utilized to reduce Participating Employer discretionary contributions and Plan expenses for the year ended December 31, 2020, totaled $3,596.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested account balance in the participant's account, and bear interest at prime rate plus 1%, determined as of the date of the loan request. Principal and interest are paid ratably through regular payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed thirty years.

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed $5,000 or elect a lump-sum distribution. Participants with vested amounts less than $5,000 must elect a lump-sum distribution. A participant may request a withdrawal from the Plan while still employed with the Company for reasons of financial hardship. Hardship withdrawals are allowable in accordance with IRS guidelines. Participants may also withdraw their vested account balances at any time on or after age 59½.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets. Certain administrative expenses are paid directly by the Company and are not reflected in these financial statements.

CARES Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants.

Plan management implemented the following provisions under the CARES Act:

- Special CARES Act distributions up to $100,000; and
- Loan repayments suspended up to one year.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts which are valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are recorded as administrative expenses and expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2020. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable is reduced and a benefit payment recorded.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences could be material.

Risks and uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the financial statements.

Payment of benefits

The Plan records benefits when paid.

Plan administration

The Company sponsors the Plan, and as such, controls and manages the operations of the Plan. The Plan's assets are maintained by Transamerica Financial Life Insurance Company (Transamerica or Custodian) as of and for the year ended December 31, 2020. The Custodian invests cash, interest and dividend income received and makes distributions to participants (subject to the direction of participants).

Transamerica Retirement Solutions serves as the Plan's recordkeeper. The Plan allows certain administrative expenses to be paid directly from Plan assets.

Note 2 – Summary of Significant Accounting Policies, Continued

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, Plan management has determined it does not have any positions at December 31, 2020 that it would be unable to substantiate.

Note 3 – Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the Custodian certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019;
- Net investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020; and
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

Note 4 – Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2020 and 2019. During the year ended December 31, 2020, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the value methodologies used for assets measured at fair value:

> *Pooled separate accounts* – Valued at net asset value (NAV) based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

Investments measured at fair value on a recurring basis consist of the following types of instruments as of December 31, 2020 and 2019:

	Fair Value Measurements as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 2,553,320	$ -	$ 2,553,320

	Fair Value Measurements as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 2,296,812	$ -	$ 2,296,812

Note 5 - Group Annuity Contract with Insurance Company

The Plan entered into a traditional fully benefit-responsive investment contract through a group annuity contract held in the Transamerica Stable Value Core Account (Stable Value Core Account) which is guaranteed by Transamerica Life Insurance Company (the issuer). The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The effective rate of interest is set semi-annually and effective as of the first day of the semi-annual period. The average crediting rate for the years ended December 31, 2020 and 2019, was .80% and .90%, respectively. Per the contract's terms, Transamerica may not terminate the agreement prior to the scheduled maturity date.

The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate. The guaranteed investment contract does not permit Transamerica to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5 - Group Annuity Contract with Insurance Company, Continued

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract.

The Plan Administrator does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation or a material amendment to the agreement without consent of the issuer.

Note 6 – Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Associations, the Company and certain others. The Plan's investments include shares of pooled separate accounts and a guaranteed investment contract issued, managed, and administered by Transamerica. Transamerica is the Plan's Custodian and investment manager. Transamerica's affiliate, Transamerica Retirement Solutions, is the Plan's recordkeeper. Therefore, transactions with Transamerica and Transamerica Retirement Solutions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

Note 7 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Associations or the Plan Sponsor have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants accounts will become fully vested in the Employer contribution portion for their accounts.

Note 9 – Tax Status

On March 31, 2014, the IRS stated that the prototype non-standardized profit-sharing plan with CODA adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the Plan and its related trust are tax-exempt. The Plan has not received a determination letter specific to the Plan itself, however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 10 – Significant Uncertainties

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 (COVID-19) as a pandemic and the President of the United States of America declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets.

The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined.

Note 11 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2020 through October 15, 2021, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
