Clark Associates, Inc. Multiple Employer 401(k) Plan

Notes to Financial Statements
December 31, 2020 and 2019

1. Description of the Plan

The following description of the Clark Associates, Inc. Multiple Employer 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of a controlled group, which includes Clark Associates, Inc., Noble Chemical, Inc., 11400, Inc., Clark Service Group, Inc., The Restaurant Store, Inc. and WEBstaurant Store, Inc. (collectively, the Companies) who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trust fund advisory board is responsible for oversight of the Plan. The trust fund advisory board determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the trustees.

Effective June 30, 2020, employees of Clark Service Group, Inc. ceased participation in this Plan and began participating in the Clark Service Group, Inc. 401(k) Plan. All assets of these participants totaling \$10,139,642, were legally transferred from the Plan on this date.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions are invested in a designated fund until changed by the participant. Deferral percentages will automatically increase by 1 percent and will continue to increase annually until a maximum of 6 percent.

The Companies make discretionary matching contributions. In 2020 and 2019, the Companies elected to contribute 50 percent of the first 10 percent of base compensation that a participant contributes to the Plan. In addition, the Companies may contribute a profit sharing amount at the option of the board of directors of the Companies for participants who have completed one year of service. Profit sharing contributions were \$5,223,465 and \$3,724,500 for the years ended December 31, 2020 and 2019, respectively. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Companies' matching contribution, as well as allocations of the Companies' profit sharing contribution and the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Clark Associates, Inc. Multiple Employer 401(k) Plan

Notes to Financial Statements

December 31, 2020 and 2019

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts is based on years of continuous service.

Participants vest 20 percent after two years and 20 percent per year thereafter and become 100 percent vested after six years of credited service. Participants become 100 percent vested upon death, disability or reaching early retirement age.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in their account or annual installments. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$1 and \$319,774, respectively. These accounts will be used to pay plan expenses or reduce future Companies contributions. In 2020, forfeitures used to pay plan expenses were \$53,793 and forfeitures applied to fund the Companies contributions were \$370,133. In 2019, forfeitures used for plan expenses were \$169,108.

CARES Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan has opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10 percent early withdrawal penalty. Eligible distributions were permitted to be taken up until December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Clark Associates, Inc. Multiple Employer 401(k) Plan

Notes to Financial Statements

December 31, 2020 and 2019

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trust fund advisory board determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the years.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS were recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants in the 2021 plan year.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Standard

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, *Fair Value Measurement*. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the FASB finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Management has adopted the provisions of this new standard for the year ended December 31, 2020. This standard was retrospectively applied.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 14, 2021, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Clark Associates, Inc. Multiple Employer 401(k) Plan

Notes to Financial Statements

December 31, 2020 and 2019

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

The collective trust fund is valued at the NAV of units of a trust company collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Money market funds are valued at the quoted NAV of shares held by the Plan at year end.

The self-directed brokerage account consists of common stock and money market funds. The common stock is valued at the closing price reported on the active markets on which the individual securities are traded. The money market fund is valued at the quoted NAV of the shares held.

4. Administration of Plan Assets

The Plan's assets were administered under a contract with Newport Trust Company (Newport), the former custodian. Effective January 23, 2020, the Plan's assets are administered under a contract with Principal Trust Company (Principal), the new custodian of the Plan. Newport invested funds received from contributions, investment sales, interest and dividend income and made distribution payments to participants. Principal invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

5. Related-Party and Party In Interest Transactions

Certain of the Plan's investments are managed by Principal, and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing rather than a direct payment. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in the Companies' contributions.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019, to Form 5500:

	2020	2019

Net income per the Form 5500	<u>\$ 29,433,743</u>	<u>\$ 29,433,743</u>

8. Tax Status

Prior to January 1, 2020, the Plan adopted a volume submitter plan offered by Newport Group, Inc. The volume submitter plan received an advisory letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Effective January 1, 2020, the Plan adopted a volume submitter plan offered by The Retirement Advantage, Inc. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the Statements of Net Assets Available for Benefits.

At December 31, 2020 and 2019, the Plan had investments of \$35,812,694 and \$26,170,940, respectively, that were concentrated in two funds.

Clark Associates, Inc. Multiple Employer 401(k) Plan

Notes to Financial Statements

10. Information Certified by Custodians

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, Principal, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported on the Statements of Changes in Net Assets Available for Benefits for the period from January 23, 2020 to December 31, 2020. Newport has certified to the completeness and accuracy of all investments reported on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and the related investment activity reported on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2019 and the period from January 1, 2020 to January 22, 2020.

11. Delinquent Participant Contributions

For the year ended December 31, 2019, the Companies did not remit certain participant contributions to the Plan on a timely basis as defined by the DOL's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances reported on the schedule of delinquent participant contributions, which totaled \$76,753 were self-corrected in 2020. Additionally, the Companies have compensated participants for lost earnings resulting from the delay in contributions.
