Note A – Description of Plan

The following description of the Daily Electric, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan created on January 1, 2017. All employees of Dailey Electric Inc. (the Company) who have one year of service, including at least 1,000 hours worked, and are age 20 or older are eligible to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator oversees governance of the Plan, including determining the appropriateness of the Plan's investment offerings, monitoring investment performance and reporting to the Company.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers various mutual funds and a guaranteed investments contract as investment options for participants. The Company matches employee contributions up to 3% plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions to the Plan and allocated earnings thereon. Participants are also 100% vested in employer safe-harbor contributions.

Distributions to Participants

Upon retirement, death, disability or termination of employment, a participant (or the participant's beneficiary, if applicable) will receive a lump sum distribution equaling their vested account balance. Participants may receive a hardship distribution from their vested account balances subject to certain limitations, as defined in the Plan.

Note A – Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate determined by the Plan agreement at the time of application. Principal and interest are paid ratably through payroll deductions.

Note B – Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments in shares of registered investment companies are stated at fair value as determined primarily by published market prices, which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. The net appreciation (depreciation) in fair value of investments includes realized and unrealized investment gains and losses. Dividends are recorded on the ex-dividend date.

Fully benefit-responsive investment contracts are reported at contract value, and the associated interest is reflected in the net appreciation (depreciation) in investments.

Notes Receivable from Participants

Participant loans are valued at their unpaid principal balances plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Summary Plan Description.

Payments of Benefits

Benefits are recorded when paid.

Note C – Information Prepared and Certified by Trustee (unaudited)

At December 31, 2020 and 2019, the Plan's investments were held by Nationwide Trust Company, FSB (the Trustee). The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedule based on the information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

	2020	2019
Investments:		
Mutual funds (at fair value)	$ 2,584,757	$ 1,864,017
Guaranteed investment contract (at contract value)	77,508	-
	$ 2,662,265	$ 1,864,017
Plan Income and Expenses:		
Net appreciation (depreciation) in fair value of investments	$ 407,889	
Administrative expenses	$ 30,733	

Note D – Tax Status

The Plan is a non-standard prototype plan which has received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating the Plan qualifies under Section 401 of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan is not a taxpaying entity for income tax purposes and, accordingly, no provision has been made for income taxes. The Plan's management believes it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note E – Coronavirus Aid, Relief, and Economic Security Act

In response to the economic fallout caused by the COVID-19 pandemic, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) in March 2020. The Act included provisions which provided qualified individuals with relief in the form of penalty-free distributions, an increase in the maximum loan limit, the suspension of loan payments for up to one year, and the waiver of required minimum distributions for 2020. These temporary relief provisions were in effect through December 31, 2020.

Note F – Fair Value Measurements

FASB ASC 820-10 (formerly FASB Statement No. 157), *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted market prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. At December 31, 2020 and 2019, all Plan investments were valued using Level 2 inputs.

Level 2 – The fair value of mutual funds is based on inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

The following table sets forth, by level within the hierarchy, the Plan's investments at fair value:

	December 31, 2020		December 31, 2019	
	Level 2	Total	Level 2	Total
Mutual funds	$ 2,584,757	$ 2,584,757	$ 1,864,017	$ 1,864,017
Total assets at fair value	$ 2,584,757	$ 2,584,757	$ 1,864,017	$ 1,864,017

Note G – 5500 Reconciliation

The Form 5500 for the Plan is prepared on the cash basis and therefore does not include contribution receivables at year end. In addition, the Form 5500 reports gain (loss) on investments net of administrative expenses, as shown below:

	Contributions	Net Investment Gain/(Loss)
Total per audit	$ 527,603	$ 407,889
Contributions receivables	8,040	-
Administrative expenses	-	(30,733)
Total per form 5500	$ 535,643	$ 377,156

Note H – Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note I – Party-in-Interest Transactions and Administrative Expenses

The Plan sponsor pays for various fees and administrative expenses on behalf of the Plan including but not limited to fees to Nationwide Life Insurance Company (Nationwide) as the trustee, Loren D. Stark Company (LDSC) as the third-party administrator, and the Plan auditor. Such expenses are not included in the financial statements. The Plan pays other fees to Nationwide and LDSC for administrative expenses as reflected in the accompanying statement of changes in net assets available for benefits.

Note J – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The novel coronavirus (COVID-19) has adversely affected, and may continue to adversely affect economic activity globally, nationally and locally. Following the COVID-19 outbreak in January 2020, the values of investment securities have experienced significant volatility. These economic and market conditions and other effects of the COVID-19 outbreak may continue to adversely affect the Plan. The extent of the adverse impact of the COVID-19 outbreak on the Plan's participants' account balances and the amounts reported in the accompanying statement of net assets available for benefits cannot be predicted at this time.

Note K – Subsequent Events

Management of the Plan has evaluated subsequent events through October 1, 2021, which is the date the financial statements were available to be issued.

Note L – Guaranteed Investment Contract with Insurance Company

In 2020, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with the Trustee. The Trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2020 and 2019, was $77,508 and $0, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0.5%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Trustee. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.
