STAN BOYETT & SON, INC., PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2020

NOTE 1 – DESCRIPTION OF PLAN

The following description of Stan Boyett Petroleum & Son, Inc Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement and Summary Plan Description for a more complete description of the Plan's provisions.

GENERAL

The Plan is a participant directed defined contribution plan covering all full-time non-leased employees of the Company who have 1,000 hours of service and are age 21 or older. After meeting this requirement, the employee will enter the plan the first day of the next following month. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

CONTRIBUTIONS

Each year, participants may make pre-tax salary deferrals that cannot exceed the lesser of the annual specified maximum allowed by income tax regulations or 90% of pre-tax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investments offered by the Plan Custodian.

All employees who are eligible to make pre-tax salary deferrals can also make after-tax salary deferrals. These contributions are also known as Roth Deferral Contributions. This means that you will be taxed on the money when it is withheld from your paycheck. You can contribute all or a portion of salary deferral as a Roth deferral.

The Company instituted a Safe Harbor matching contribution equal to 100% of elective deferrals that do not exceed 3% of compensation of each participant, plus 50% of the elective deferrals that exceed 3% of compensation but do not exceed 5% of compensation of each participant. The Company contributed $273,161 during 2020.

The Company may also make a profit-sharing contribution. The contribution amount is discretionary and will be allocated to participants in the same ratio as each participant's compensation bears to the total of such compensation of all participants. Profit sharing contributions will be used to satisfy contributions determined by the Davis Bacon Act of any other Federal, State or Municipal Prevailing Wage Law.

PARTICIPANT ACCOUNTS

Participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if applicable) and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FORFEITED ACCOUNTS

There were forfeitures of $6,861 during 2020. Non-vested contributions that are forfeited are applied to reduce administrative expenses of the Plan. The remaining forfeited amounts are applied to reduce fees and employer contributions. During the year, the plan used $50 to reduce fees and plan expenses.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

AUTOMATIC SALARY DEFERRAL

The plan has an automatic salary deferral feature. If a participant fails to complete a salary reduction agreement provided to them by their employer, their compensation will automatically be reduced by 2.00% and contributed to the plan on their behalf. At the anniversary date that the participant's automatic deferrals were first implemented, the initial automatic deferral amount shall increase 1% of compensation per year up to a maximum of 6% of compensation.

If a participant does not want the automatic deferral feature to apply to them, they must notify their employer. This plan feature will apply to all new participants, and all current participants without an election.

VESTING

Participants are immediately 100% vested in their own contributions, and immediately vested in the safe harbor contributions. Profit sharing contributions and match contributions made before January 1, 2014 are subject to a 6-year grading schedule. As determined by this schedule, participants are 0% vested until after two years of service in which they become 20% vested in all contributions to their account. Participants are vested an additional 20% every additional year of service until they are 100% vested after six years of service.

PAYMENT OF BENEFITS

On termination of service for any reason, accounts with vested benefits less than $5,000 will be distributed in a lump sum. For accounts with vested benefits greater than $5,000 a participant may elect to receive a single lump sum distribution, part lump sum distribution and part installments, or installment payments over a specified time period.

ADMINISTRATIVE EXPENSES

Administrative expenses recorded in the Plan represent custodial fees, accounting fees and other third-party administration fees paid directly from the Plan to the respective service provider. The Company also pays administrative costs of the plan associated with plan communication and recordkeeping as well as provides equipment, personnel, and supplies to administer the Plan.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow up to 50% of the current value of their vested account balance less any current outstanding loan balance (up to a maximum of $50,000). The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions. In addition, other terms and restrictions to amounts and repayment may apply.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 3 for discussion of fair value measurements.) Quoted market prices are used to value investments. Shares of pooled separate accounts are valued at the net asset value of shares held by the Plan at the year end. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICPANTS

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participants account and are included in administrative expenses when incurred. As of December 31, 2020, and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced to zero, and the delinquent note receivable is recorded as a deemed distribution. The deemed distribution would be recorded as a benefit payment on the Statement of Changes in Net Assets Available for Benefits.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3 – FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient, if any, are not required to be reported within the hierarchy.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds
Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund
See Note 4 for more information on the stable value fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

December 31, 2020	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 6,260,200	$ 2,609,332	$ 3,650,868	$ 0
Stable value fund	1,271,163	0	1,271,163	0
Total assets at fair value	$ 7,531,363	$ 2,609,332	$ 4,922,031	$ 0

December 31, 2019	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 5,401,922	$ 2,745,857	$ 2,656,065	$ 0
Stable value fund	878,105	0	878,105	0
Total assets at fair value	$ 6,280,027	$ 2,745,857	$ 3,534,170	$ 0

There were no transfers between levels of investments during the years ended December 31, 2020 and 2019.

NOTE 4 – GROUP UNALLOCATED CONTRACT WITH TRANSAMERICA FINANCIAL LIFE INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract, stable value fund, with Transamerica Financial Life Insurance Company (Transamerica) totaling $1,271,163 as of December 31, 2020. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is not guaranteed nor is there a minimum.

NOTE4 – GROUP UNALLOCATED CONTRACT WITH TRANSAMERICA FINANCIAL LIFE INSURANCE COMPANY (CONTINUED)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs on a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants. Additionally, under limited circumstances, Transamerica may impose up to a 12-month delay period on all withdrawal requests from all plan sponsors at the plan level.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Transamerica Financial Life Insurance Company was the trustee and custodian of plan assets. As the custodian and trustee of the Plan, any transactions with them qualified as party-in-interest transactions. Therefore, the fees associated with the trustee and the third-party administrator are deemed to be party-in-interest transactions.

In addition, if accounting and plan administration services are paid directly by the Plan these services are also deemed to be party-in-interest transactions.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

NOTE 7 – RISKS AND UNCERTAINTIES

Investments consist primarily of pooled separate accounts comprised of underlying mutual funds. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Company's income tax returns are subject to routine audit examination by the appropriate tax jurisdictions, and the company's tax returns generally remain open for the last three years.

NOTE 9 – INFORMATION CERTIFIED BY PLAN TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica Financial Life Insurance Company (the trustee of the Plan).

Appreciation in value	883,009	966,307

NOTE 10 – SUBSEQUENT EVENTS

As indicated in FAS 165, an evaluation of subsequent events was made after December 31, 2020, to the date that the financial statements were substantially complete and available to be issued, which is deemed to be October 14, 2021.

In March 2020, the World Health Organization declared the outbreak of COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The impact of COVID-19 continues to evolve rapidly and the Plan Sponsor is not able at this time to estimate its full impact on the Plan's financial statements.
