We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. Note A – Description of Plan

The following description of the Castle Management, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Castle Management, LLC and its participating Employers, Grid Systems LLC, Castle Residential Management, Inc., Castle Group Texas, LLC and CastleGuard Security, Inc. (collectively, the "Company" or "Employer"). The Plan was formed and adopted January 1, 2002 and was most recently restated effective October 15, 2020 to modify eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan had the option to implement certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are not going to be implemented, nor adopted, by the Plan.

Employees who have completed sixty days of service and have attained the age of twenty-one are eligible to participate in the Plan. Eligible employees may enter the Plan on the first day of the month coinciding with or next following the date eligibility requirements are met.

Administration of the Plan

The accounting records are maintained by the Company. The Plan's assets are maintained and administered by John Hancock Life Insurance Company (the "Custodian"). The Custodian is also the record-keeper. Contributions are held by the Custodian, who invests cash received, interest and dividend income, as directed by the participant, and makes distributions to participants.

Contributions

Participants may contribute up to 25% of their Plan compensation and up to 100% of any bonus payment to their participant account, subject to limitations imposed by the Internal Revenue Code ("IRC"). The maximum participant deferral for December 31, 2020 and 2019 was $19,500 and $19,000, respectively. A participant who has attained the age of 50 may also make catch up contributions, subject to IRS limitations of $6,500 and $6,000 for December 31, 2020 and 2019, respectively. Participants may also contribute amounts representing distributions from other qualified plans as well as after-tax Roth contributions.

For participants who have completed one year of service, the Company may elect to make a matching contribution equal to a discretionary percentage of participants' elective deferrals. During the year ended December 31, 2020, the Company made discretionary matching contributions equal to 25% of eligible elective deferrals up to the lesser of 100% of the contribution amount or a maximum of $1,000 per participant.

Discretionary profit sharing contributions may also be contributed by the Company. The Company did not make a discretionary profit sharing contribution for the year ended December 31, 2020. The participant must complete a year of service and be actively employed on the last day of the Plan year to share in any Employer discretionary profit sharing contributions. The participant will have completed a year of service if they are credited with at least 1,000 hours of service during the Plan year.

Participants direct the investment of their contributions and Employer contributions into various investment options offered by the Plan

Note A – Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollovers plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after six years of credit service as follows:

Years of Services	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant who reaches normal retirement age 65, becomes totally disabled, or dies, whichever comes first while under the Company's employment, shall be 100% vested on such date.

Investment Options

Under the Plan, participants may currently direct investments to any of 57 investment options. Participants may change their investment elections daily through a telephone access system or online system.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account, or other acceptable collateral, and bear interest at a rate equal to 1% above the Prime rate. The maximum note repayment period is five years unless the note is for the purchase of a primary residence in which case the repayment schedule may be for a term in excess of five years. Principal and interest payments with respect to the notes are credited solely to the account of the borrowing participant from which the note was made.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. In the event of default, the unpaid portion of the participant's loan will be treated as a taxable distribution as of the first day of the second calendar quarter following the calendar quarter in which the participant failed to make a required installment payment.

Note A – Description of Plan (continued)

Distribution of Benefits

In the event of termination of service, death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial withdrawals or installments paid over various periods as defined in the Plan agreement, less any applicable taxes. If a participant's vested balance is $5,000 or less, the Company may distribute the entire vested account balance to the participant without their consent. Participants may also request in-service distributions at age 59 ½ or as a qualified reservist. Benefits may be received when a participant demonstrates a situation of financial hardship as defined by the IRC.

Forfeitures

Forfeitures may first be used to pay Plan administrative expenses. Any remaining forfeitures attributable to Employer matching contributions will be used to reduce any Employer matching contribution. At December 31, 2020 and 2019, forfeited non-vested accounts totaled approximately $8,000 and $17,000 respectively. During the year ended December 31, 2020, Employer contributions were reduced by approximately $21,000 from forfeited non-vested accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested and non-forfeitable. All appropriate accounting provisions of the Plan will continue to apply until the accounts of all participants have been distributed.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of changes in net assets during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Shares of pooled separate accounts are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Note B – Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Fair Value Measurements

The FASB has established a framework for measuring fair value in ASC 820, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts: Valued at the net asset value ("NAV") provided by the Custodian. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different that the reported NAV. There were no unfunded commitments to purchase investments at December 31, 2020 and 2019. Participant-directed redemptions have no restrictions and are recorded at the end of every business day.

Guaranteed Interest Contracts: This investment is a series of group annuity contracts backed by John Hancock's claims paying ability whereby the annuity guarantees principal and a minimum interest rate. The non-fully benefit-responsive portion of these contracts provides an opportunity for additional amounts in excess of the guaranteed rate and is reported at fair value and classified within Level 3 of the valuation hierarchy.

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets Measured at Fair Value at 12/31/2020	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Guaranteed interest contracts	$ 34,485	$ -	$ -	$ 34,485
Investments at fair value	34,485	-	-	34,485
Investments measured at net asset value	8,113,248			
Total investments at fair value	$ 8,147,733			

	Assets Measured at Fair Value at 12/31/2019	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Guaranteed interest contracts	$ 27,346	$ -	$ -	$ 27,346
Investments at fair value	27,346	-	-	27,346
Investments measured at net asset value	5,448,699			
Total investments at fair value	$ 5,476,045			

Investments measured using the NAV as a practical expedient are exempt from being presented in the fair value hierarchy.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2020:

Balance, beginning of year	$ 27,346
Net appreciation	157
Contributions	6,930
Withdrawals	-
Transfers to/from other investments, net	52
Balance, end of year	$ 34,485

Note C – Certified Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Custodian, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan Administrator has obtained a certification from the Custodian that the information provided to the Plan Administrator by the Custodian as of December 31, 2020 and 2019, and for the year ended December 31, 2020, is complete and accurate. Such information includes all investments, notes receivable from participants, investment income, and the information in the supplemental schedule of assets (held at end of year).

Note D – Income Tax Status

The Plan obtained its latest determination letter on June 30, 2020 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2018.

Note E – Risks and Uncertainties

The Plan provides for various investment options which are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note F – Party-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or participants of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are pooled separate accounts and guaranteed interest contracts managed by the Custodian. Transactions related to these investments qualify as party-in-interest transactions. Fees paid to parties-in-interest by the Plan for services amounted to approximately $65,000 in total during the year ended December 31, 2020.

Note G – Reconciliation of Financial Statements to Form 5500

The Plan holds investments in pooled separate accounts, which is how they are reported on Form 5500, Schedule D, DFE/Participating Plan Information. Plan number "000" has been used to report these investments on Schedule D because John Hancock has not filed a Form 5500 directly with the Department of Labor for these investments. As such, the Plan's interest in such investments cannot be included in Schedule H, line 1c(10). Instead, the Plan's interest in the underlying assets of the pooled separate accounts must be allocated and reported in the appropriate categories on a line-by-line basis. Therefore, these investments are reflected as mutual funds on Form 5500, Schedule H, line 1c(13) but as pooled separate accounts for financial statement purposes.

Note G – Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2020	2019
Net assets available for benefits for financial statement purposes	$ 8,306,663	$ 5,635,383
Plus: Refunds due to participants	3,970	-
Net assets available for benefits per the Form 5500	$ 8,310,633	$ 5,635,384

The following is a reconciliation of deductions per the financial statements for the year ended December 31, 2020 to the Form 5500:

Total deductions per financial statements	$ 528,995
Less: Adjustment to Plan payables due to variances between cash and accrual methods	(3,970)
Total deductions per the Form 5500	$ 525,025

Note H – Subsequent Events

Subsequent events have been evaluated through October 14, 2021, which is the date the financial statements were available to be issued.
