WILSON ENTERPRISES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE A - DESCRIPTION OF PLAN

The following description of the Wilson Enterprises, Inc. 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. *General*

The Plan is a defined contribution plan that was initially adopted by the management of Wilson Enterprises, Inc. (the "Company") on January 2, 2018, to provide benefits to eligible employees of the Company, DW Lift Sales, Inc., Wil Sites Truck Lines, LLC, and Wilson Landscape Associates, LLC, (the "Group"). Collective bargaining employees and non-resident aliens are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

2. *Contributions*

Eligible participants may begin deferring once hired. Participants may elect to defer up to 100% of their eligible compensation, pre-tax or after tax, subject to certain limitations which are established by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also roll over distributions from other qualified retirement plans.

The Group's safe harbor matching contribution is applicable to eligible participants and is a match up to 4% of the participant's deferral.

The Group's discretionary profit-sharing contribution is available to all participants that are at least age 21, who have completed 1 year of service or have been credited with 1,000 hours of service and are still employed by the Group as of the last day of the Plan year. There was no discretionary profit-sharing contribution made by the Group in 2020 or 2019.

The Plan offers a variety of mutual funds and a guaranteed investment contract. Participants may self-direct to any of the available investments.

3. *Vesting*

Participants are immediately vested in all contributions and earnings on those contributions.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

4. *Participant accounts*

Participants direct the investment of contributions into various investment options offered by the Plan. Each participant's account is credited with all applicable contributions and investment earnings. Participant accounts are charged an allocation of administrative expenses that are paid by the Plan.

Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which each participant is entitled is the benefit that can be provided from that participant's vested account.

5. *Notes receivable from participants*

Participants may borrow funds from their account, a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. The loan interest rate is determined by the Plan Administrator based on reasonable rates charged for similar types of loans. Participants repay principal and interest ratably over the term of the loan through payroll deductions.

6. *Payment of benefits*

Upon termination of service for any reason, including death or disability, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant is also eligible to receive a distribution from his or her account upon reaching normal retirement age, which is 65 years of age. The Plan also provides for in-service distributions if certain financial hardship conditions are met or upon reaching age 59 ½ while employed by the Company.

NOTE B - BASIS OF ACCOUNTING

The financial statements are prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U. S. GAAP").

NOTE C - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies consistently applied in preparation of the accompanying financial statements follows:

1. *Investment valuation and income recognition*

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's sponsor determines the Plan's valuation policies utilizing information provided by the investment adviser and custodians. See note C2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. *Fair value measurements*

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 - Quoted market prices in active markets for identical assets and liabilities.

Level 2 - Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 - Unobservable inputs in which little or no market data exists.

The Plan's only investments measured at fair value are mutual funds. The following is a description of the valuation methodology used for these assets:

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodology used from 2019 to 2020. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumption to determine fair value or certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. *Guaranteed Investment Contract*

The Plan holds an investment contract which meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed by the Plan. The crediting interest rate, which may not be less than 0%, is based on a formula agreed upon with the issuer. Such interest rates are reviewed at least annually for resetting. The contract cannot be terminated before the scheduled maturity date. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan agreement (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

4. *Notes receivable from participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent notes receivable from participants are recorded as distributions on the basis of the terms of the Plan agreement.

5. *Benefits paid to participants*

Benefits paid to participants are recorded when paid.

NOTE C - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

6. *Administrative expenses*

Certain expenses of maintaining the Plan are paid directly by the Group and are excluded from these financial statements. Participant loan fees and fees for plan distributions are charged directly to the affected participants. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

7. *Use of estimates*

The preparation of financial statements in accordance with U. S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

8. *Reclassifications*

Certain amounts in the 2019 financial statements have been reclassified to conform to the current year presentation. These reclassifications had no effect on the change in net assets available for benefits.

NOTE D - UNAUDITED INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (the "Custodians") have certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the statements of net assets available for benefits at December 31, 2020 and 2019, the supplemental schedule at December 31, 2020, the related investment and loan interest activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include shares of mutual funds and a guaranteed investment contract managed by Great-West Life & Annuity Insurance Company ("Great-West"). Great-West is a Plan Custodian, and therefore, these transactions qualify as party-in-interest transactions.

The Plan paid \$24,165 and \$19,110 in 2020 and 2019, respectively, to Huntington National Bank, the Plan's investment advisor, and Great-West for administrative expenses. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

WILSON ENTERPRISES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2020 and 2019

NOTE F - INCOME TAX STATUS

In 2018, the Company adopted the Huntington National Bank Volume Submitter Profit Sharing/401(k) Plan Adoption Agreement ("volume submitter plan"). The volume submitter plan has obtained a determination letter from the IRS dated February 1, 2018. The Internal Revenue Service ("IRS") determined that the volume submitter plan as then described, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since adopting the volume submitter document, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the trust is exempt from federal income taxes.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. The Plan's investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account.

NOTE I - COVID -19 PANDEMIC

On January 30, 2020, the World Health Organization declared the outbreak of the coronavirus disease 2019 ("COVID-19") a global health emergency and subsequently declared the COVID-19 outbreak a global pandemic in March 2020. The pandemic has led to volatility in financial markets and the global economy and since the outbreak is still ongoing, the ultimate impact on the financial markets is highly uncertain and cannot be predicted.

In response to the pandemic, Congress passed the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. In response, the Plan has implemented several relief provisions. With these new provisions, participants may receive a coronavirus-related distribution of up to \$100,000 from

their retirement funds through the end of 2020 without a 10% early withdrawal. Additionally, these distributions may be repaid over a three-year period. The new provisions also allow individuals to borrow up to \$100,000, which doubles the amount previously allowed by the Plan. Repayment for these loans can be delayed for one year. Finally, required minimum distributions were temporarily suspended.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through date of the Independent Auditors' Report, which is the date the financial statements were available to be issued.
