Independent Auditor's Report

To the Participants and the Plan Administrator of the
Liquid Environment Solutions & Affiliates 401(K) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We were engaged to perform an audit of the financial statements of Liquid Environment Solutions & Affiliates 401(K) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2020 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2020 Supplemental Schedules Required by ERISA

The 2020 supplemental schedules, Schedule H, line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2019 and Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedules agree to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 15, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of Liquid Environmental Solutions & Affiliates 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Document, which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Liquid Environmental Solutions Corporation (the "Company" or the "Employer" or the "Sponsor") for the benefit of its employees who have achieved ninety days of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA"). John Hancock Life Insurance Company holds the investments and Premier Pension Solutions is the third-party administrator of the Plan.

Contributions

The Plan permits eligible employees, through a salary deferral election, to make annual contributions up to the maximum amount allowed under the Internal Revenue Code ("IRC"). Employee rollover contributions, Roth contributions, and catch-up contributions are also permitted. Catch-up contributions are available for employees who are age 50 or older, subject to certain limitations.

The Company matches 15% per dollar contributed by the employee, up to 6% of eligible wages. The Company may also make additional discretionary contributions. In 2020 and 2019, the Company did not make any additional discretionary contributions. Contributions are subject to certain limitations as defined in the Plan and required by ERISA.

The Plan document includes an automatic deferral feature whereby a participant is enrolled as electing to defer 3% of eligible compensation unless the participant makes an affirmative election otherwise. If an investment election is not made by the participant, the automatic withholding will be invested in the Retirement Living (Target Date) Fund based upon the participant's year of birth.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions and matching contributions in any of the available investment options and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's match contribution, the Company's discretionary contributions, and plan earnings. Participant accounts are charged with an allocation administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon.

If a participant terminates employment prior to normal retirement age for any reason other than death or permanent disability, their interest in the Employer matching contributions and Employer discretionary contributions to the Plan for their benefit vests as follows:

Years of Service	Vesting Percentage
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement, hardship or termination of employment, as defined in the Plan agreement. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan. Participants who attain the age of 59 ½ are eligible to receive benefit payments even though normal retirement age is 65.

Forfeited Accounts

Forfeitures are applied to offset Plan expenses and Employer contributions, as such obligations are accrued. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $11,210 and $5,088, respectively, and are classified as Cash, noninterest bearing in the Statement of Net Assets Available for Benefits. For the year ended December 31, 2020, forfeitures of $25,584 were used to reduce future employer contributions payable under the Plan.

Notes Receivable from Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan is $1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence which may be for a period up to fifteen years) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the plan administrator. Interest rates on loans outstanding at December 31, 2020 ranged from 4.25% to 6.50% with various dates of maturity though 2024.

CARES Act

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated the relief provisions and elected not to offer them to the Plan participants.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The investments of the Plan are reported at fair value in accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurements*. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan Document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. There was no allowance at December 31, 2020 or 2019 as the loans are fully collateralized by the participants' accounts.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Expenses incurred in connection with the administration of the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these

financial statements. Administrative expenses include fees such as John Hancock loan record keeping fees and administrative service fees paid to Third Party Administrator. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or (depreciation) of fair value of investments.

3. Information Certified by John Hancock (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

- Investments and notes receivable from participants as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019.

- Net investment appreciation and interest on notes receivable from participants, as reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020 as follows:

Year ended December 31,		**2020**
Interest income from guaranteed interest accounts	**$**	**14**
Net appreciation in fair value of investments	**$**	**1,992,632**
Interest income from notes receivable from participants	**$**	**23,554**

- Investment values disclosed in Note 4; and

- Investments, as reflected in Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020.

The Plan's independent auditors did not perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The pooled separate accounts are using NAV as the practical expedient to measure fair value; therefore, the fair value history is not presented (See Note 2).

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets;

	• Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset of liability has a specified (contractual) term, the level 2 input must be observable for substation ally the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of unobservable inputs.

The following table set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

December 31, 2020	Total	Level 1	Level 2	Level 3
Pooled separate accounts at NAV*:	$ 12,849,893	$ -	$ -	$ -
Total investments, in the fair value hierarchy	$ 12,849,893	$ -	$ -	$ -

December 31, 2019	Total	Level 1	Level 2	Level 3
Pooled separate accounts at NAV*:	$ 11,221,218	$ -	$ -	$ -
Total investments, in the fair value hierarchy	$ 11,221,218	$ -	$ -	$ -

*****Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value in hierarchy to the amounts presented in the statements of net assets available of benefits.

Fair Value of Investments that Calculate NAV

The following table summarizes the pooled separate accounts measured at fair value based on NAV per unit as of December 31, 2020 and 2019.

	Fair Value at December 31, 2020	Fair Value at December 31, 2019	Redemption Frequency (if currently eligible)	Redemption Notice Period
Aggressive growth (a)	$ 996,646	$ 1,570,643	Daily	Daily
Growth and income (b)	4,210,909	3,519,305	Daily	Daily
Target date (c)	7,526,447	6,093,049	Daily	Daily
Conservative (d)	115,891	38,221	Daily	Daily

(a) Aggressive growth – The objective of these portfolios is to seek long-term capital appreciation by investing primarily in equity securities.

(b) Growth and income – The objective of these portfolios is to achieve long-term growth of capital and current income.

(c) Target date – The objective of these portfolios is to seek a high total return under normal market conditions based on the fund's target retirement date.

(d) Conservative – The object of this portfolio is to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term.

5. Guaranteed Interest Funds

The Plan entered into three and five-year Guaranteed interest funds with John Hancock, which are fixed-rate group annuity contracts. These contracts meet the fully benefit-responsive investment contract criteria and are therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive contract because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The Guaranteed interest funds are a general account product and are credited with participant and employer contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. The declared interest rate can never be less than one percent and interest earned is compounded daily. The interest crediting rate is reset quarterly. The method for calculating the interest crediting rate is determined by John Hancock. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations which may be affected by future economic and regulatory developments.

Certain events could limit the ability of the Plan to transact at contract value, including but not limited to, premature termination of the contract by the Plan, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. This would cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value.

6. Party-In-Interest and Related Party Transactions

Certain Plan investments are made in pooled separate accounts which are managed by John Hancock USA. John Hancock USA holds the investments and, therefore, these transactions qualify as party-in-interest transactions. Additionally, notes receivable from participants are considered exempt party-in-interest transactions.

7. Delinquent Participant Contributions

For the year ended December 31, 2019, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the DOL's Rules and Regulations for Reporting and Delinquent Participant Contributions under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions consisted of $263,054 of participant contributions. The Company has remitted these delinquent participant contributions and lost earnings in 2019 and 2020. The Company has compensated the participants in 2020 for lost earnings resulting from the untimely remittance of contributions.

8. Tax Status

The Plan operates under a non-standardized adoption agreement in connection with a prototype plan. This prototype plan has obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC and therefore not subject to tax. The Plan has been amended since the prototype plan received the opinion letter. However, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of changes in net assets available for benefits.

COVID-19 Pandemic

In December 2019, coronavirus disease 2019 ("COVID-19") was first reported in Wuhan, China, and on March 11, 2020, the World Health Organization declared COVID-19 a pandemic. In recent months, the COVID-19 outbreak has spread globally and has led governments and other authorities around the world, including federal, state and local authorities in the United States, to impose measures intended to reduce its spread, including restrictions on freedom of movement and business

operations such as travel bans, border closings, business limitations, quarantines and shelter-in-place orders. These measures may remain in place for a significant amount of time. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets.

We cannot predict the duration of the pandemic, the duration or escalation of responses taken to reduce its spread, or the length or severity of disruption to global markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

10. Subsequent Events

In preparation of its financial statements, the Plan considered subsequent events through October 15, 2021, which was the date the Plan's financial statements were available to be issued.
