Apple Bus Company 401(k) Profit Sharing Plan

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of Apple Bus Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering substantially all employees of Apple Bus Company (the Company) who have completed six months of service and are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Plan was originally established as of January 1, 2009, and has been subsequently amended and restated. The Plan administrator is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and investment performance.

Contributions Participants may elect to contribute to the Plan, in the form of pretax and after-tax (Roth) 401(k) salary deferral contributions, up to the lesser of 100% of their eligible compensation or the maximum amount allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes matching contributions equal to 20% of the first 5% of 401(k) elective deferral contributions for eligible participants. The Company made matching contributions of \$26,619 and \$27,903 for the years ended December 31, 2020 and 2019, respectively. Additionally, the Company may make discretionary nonelective contributions. The Company did not make discretionary nonelective contributions for the years ended December 31, 2020 and 2019.

Participant Accounts Each participant's account is credited with the participant's contributions, Company contributions, and account earnings, and may be charged with an allocation of administrative expenses that are paid by the Plan. Discretionary nonelective contributions are allocated based on the participant's compensation compared to all participants' compensation for the plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately vested in their contributions and earnings thereon. Matching contributions and discretionary nonelective contributions are subject to vesting. A participant is 100% vested after five years of credited service. Participants are credited with one year of service for each plan year in which they worked at least 1,000 hours.

Payment of Benefits Withdrawals are allowed in the event of termination, disability, death, retirement, or attainment of age 59½. Depending on the event, the withdrawal may be subject to early withdrawal penalties imposed by the *Internal Revenue Code* (IRC). Payments are made in the form of a lump-sum distribution or annual installments over a period of time of not more than the participant's life expectancy.

As of December 31, 2020 and 2019, the amounts allocated to participants who elected to withdraw from the Plan but have not yet been paid totaled \$-0- and \$24,158, respectively.

Apple Bus Company 401(k) Profit Sharing Plan

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

Forfeitures Forfeitures attributable to matching and discretionary nonelective contributions may be used to first pay administrative expenses and then to reduce any Company contributions. Forfeited nonvested account balances totaling \$2,287 and \$801 were used to reduce administrative expenses and Company contributions for the years ended December 31, 2020 and 2019, respectively. At December 31, 2020 and 2019, the remaining forfeited nonvested account balances totaled \$472 and \$2,247, respectively.

Plan Termination Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants would become 100% vested in their Company contributions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The Plan uses the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the custodian. Fair value measurements are discussed below.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Apple Bus Company 401(k) Profit Sharing Plan

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

Fair Value Measurements The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Collective Trusts: The collective trusts maintained by Principal Global Investors Trust Company, a party in interest, are a pool of investments of which the Plan buys and sells units of participation that generally imitate established mutual funds. The underlying investments consist of collective trusts, separate accounts, and mutual funds. The Plan's valuation estimates are based on the contract and market values of the underlying investments. Participant transactions (issuances and redemptions) may occur daily. If the Plan were to initiate a full redemption of the common trusts, Principal Global Investors Trust Company reserves the right to temporarily delay withdrawal from the trust, in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments at December 31, 2020 and 2019.

Apple Bus Company 401(k) Profit Sharing Plan

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

Pooled Separate Accounts: The underlying assets of the pooled separate accounts consist of sub-accounts that invest in shares of underlying stocks, mutual funds, bonds, and fixed income securities. Sub-accounts are measured in terms of accumulation units. The sub-accounts are valued based on the quoted market prices of the underlying investments. Certain fund fees, expenses, and administration charges (if any) are deducted from the value of the underlying investments to arrive at the value of the sub-accounts. The accumulation units are valued at net asset value on a daily basis. Participant transactions (issuances and redemptions) may occur daily. If the Plan were to initiate a full redemption of the pooled separate account, the investment advisor reserves the right to temporarily delay withdrawal from the pooled separate account, in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments at December 31, 2020 and 2019.

See note 4 for the classification of these assets within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits Benefits are recorded when paid.

Expenses Certain operating expenses of the Plan are deducted from participant accounts and the remaining expenses are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Implementation of New Accounting Standard Beginning January 1, 2020, the Plan adopted provisions of Financial Accounting Standards Board Accounting Standards Update (ASU) 2018-13, *Fair Value Measurements: Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurements*. This ASU modifies the disclosure requirements for fair value measurements. Those modifications include the removal and addition of disclosure requirements, as well as clarifying specific disclosure requirements. There were no financial impacts or changes to disclosures necessary upon adoption of this ASU.

Evaluation of Subsequent Events The Plan has evaluated subsequent events through October 15, 2021, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such an election, the investments included in the statements of net assets available for benefits, and the investment income included in the statements of changes in net assets available for benefits as of and for the years ended December 31, 2020 and 2019, were not subject to auditing procedures and have been certified as complete and accurate by Principal Life Insurance Company (Principal).

4. FAIR VALUE MEASUREMENTS

Collective trusts	\$	-	\$ 1,443,461	\$ -	\$ 1,443,461

Investments at Fair Value	\$	-	\$ 1,388,888	\$ -	\$ 1,388,888

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal. Principal is the custodian as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions.

Principal provides certain administrative services to the Plan pursuant to an agreement between the Company and Principal. Principal receives revenue from mutual funds and other service providers for services Principal provided to the funds. This revenue is used to offset certain amounts owed to Principal for administrative services to the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. If the revenue received by Principal from investment providers exceeds the amount owed under the agreement, Principal remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or the Company may make a payment to Principal for administrative services not covered by revenue sharing.

6. TAX STATUS

The Plan has adopted a prototype non-standardized profit sharing plan established by Principal. The prototype plan obtained an opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the form of the prototype plan, as then designed, is acceptable under Section 401 of the IRC. Although the Plan has been amended since adopting the prototype plan, the Plan administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax exempt.

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

8. PLAN AMENDMENTS

Effective April 3, 2020, the Plan implemented the distribution provision of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related hardship distribution up to \$100,000 from their account without a 10% early withdrawal penalty through December 31, 2020. These distributions may be repaid within three years without penalty. In addition, effective April 3, 2020, the Plan implemented the loan provisions of the CARES Act. The Plan implemented the provisions to increase the borrowing limit up to the lesser of \$100,000 or 100% of the participant's vested balance for loans taken out between March 27, 2020, and September 22, 2020. The temporary loan repayment deferral provision implemented by the Plan allows qualified Plan participants who have Plan loan repayments due from March 27, 2020, through December 31, 2020, to defer such repayments for one year. Finally, the Plan implemented provisions from the CARES Act on April 3, 2020, that temporarily waived the required minimum distributions for the 2020 calendar year.

While the Plan has implemented the CARES Act provisions, no formal adoption has been made. Principal will draft the good faith amendment for adopting plan sponsors to comply with the relevant CARES Act provisions in 2022.
