Motomart 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Motomart 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2020, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Great-West Trust Company LLC and Great-West Life & Annuity Insurance Company, the trustees of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustees hold the Plan's assets and execute transactions. The Plan Administrator has obtained certifications from the trustees as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Other Matter
The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i—Schedule of assets (held at end of year) as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and are not a required part of the financial statements. This supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter
The financial statements of the Plan as of and for the year ended December 31, 2019, were audited by other auditors, whose report dated October 15, 2020, did not express an opinion on the 2019 financial statements for the same reason described in the Basis for Disclaimer of Opinion paragraph. Their report also indicated the form and content of the information included in the 2019 financial statements, other than derived from the information certified by the Trustees, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With the Department of Labor's Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of the Plan

The following description of the Motomart 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of FKG Oil Company d/b/a Motomart (the Company) who have one year of service, completed one thousand hours of service and are age twenty-one or older.The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was adopted January 1, 1997.

Contributions: Effective January 1, 2019, the Plan became a safe harbor 401(k) Plan. Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as an elective deferral. There are two types of deferrals: pre- tax deferrals and Roth deferrals. The participant may elect to defer not less than 1% of their payroll period compensation. The Company will make a matching contribution equal to 100% of each participant's elective deferrals not exceeding 3% of the participant's compensation, plus 50% of each participant's elective deferrals in excess of 3% but not in excess of 5% of the participant's compensation. Participant's total deferrals in any taxable year may not exceed the dollar limit set by the Internal Revenue Code (IRC). The IRC contribution limit was $19,500 for the year ended December 31, 2020. The catch-up contribution for Plan participants who were 50 years of age or older was $6,500 for the year ended December 31, 2020.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of benefits: On termination of service due to death, disability, retirement or any other reason, a participant will receive a lump-sum amount equal to the value of their vested account. In-service distributions are permitted for participants who are at least 59 ½ years old.

Participant investment options: The Plan currently offers various mutual funds and an insurance group annuity contract (Key Guaranteed Portfolio Fund) as investment options for participants. Investments are participant directed and participants may change their investment elections at any time as defined by the Plan.

Participant accounts: Each participant's account is credited with the participant's deferrals and allocations of (a) the Company's contribution (if any), (b) administrative expenses and, (c) Plan earnings. Allocations are based on participant's earnings less administrative expenses, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment in the Plan, a participant may direct employee and employer contributions in directed increments in any of the investment options provided by the trustees of the Plan's assets, Great-West Trust Company, LLC.

Notes receivables from participants: Participants may borrow from their fund accounts as provided by the Plan document. Interest rates on outstanding loans as of December 31, 2020 ranged from 4.25% to 6.50%; principal and interest are required to be repaid within five years through payroll deductions, unless otherwise stipulated by the Plan.

Note 1. Description of the Plan (Continued)

Forfeited accounts: At December 31, 2020 and 2019 forfeited nonvested accounts totaled $6,306 and $6,963, respectively. Forfeitures of nonvested participant balances, if any, may be used to reduce future Company contributions and Plan expenses. During 2020, forfeitures in the amount of $727 were used to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment valuation: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Income recognition: Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying or adding certain disclosures. The Plan adopted ASU 2018-13 effective January 1, 2020. The ASU has an immaterial impact on the financial statements.

Subsequent events: Subsequent events were evaluated through October 15, 2021, which is the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the Trustees

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustees and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following assets:

	December 31	
	2020	2019
Investments at fair value	$ 15,335,481	$ 14,121,839
Investments at contract value	1,493,166	295,842
	$ 16,828,647	$ 14,417,681
Notes receivable from participants	$ 376,692	$ 342,751

The trustees also certified to the completeness and accuracy of $1,785,613 of net appreciation in fair value of investments, $378,745 of interest and dividends related to the aforementioned investments, and $17,754 of interest income on notes receivable from participants for the year ended December 31, 2020.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Mutual funds are reported at fair value based on the quoted market price of the fund and are classified within Level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Fair Value Measurements at December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,335,481	$ -	$ -	$ 15,335,481
Investments at fair value	$ 15,335,481	$ -	$ -	$ 15,335,481

	Fair Value Measurements at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,121,839	$ -	$ -	$ 14,121,839
Investments at fair value	$ 14,121,839	$ -	$ -	$ 14,121,839

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Company evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2020, there were no transfers in or out of Level 3.

Note 5. Fully Benefit-Responsive Investment Contract

The Plan holds a fully benefit-responsive investment contract that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

Note 5. Fully Benefit-Responsive Investment Contract (Continued)

Traditional guaranteed investment contract: The Plan holds a fully benefit-responsive investment contract, the Key Guaranteed Portfolio Fund, available through a rider to a group annuity contract held by Great-West Life & Annuity Insurance Company (GWL&A). GWL&A maintains the contributions in its general account. The Issuer guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated quarterly based upon contract provisions, and it may not be less than 0%. GWL&A's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include closings, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. The contract limits the circumstances under which the Issuer may terminate the contract. Examples of circumstances which would allow the issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact the contract distributions at less than contract value is not probable.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100% vested in their Employer contributions, and the interest of each participant would be distributed as prescribed by the Plan terms and the Internal Revenue Code.

Note 7. Tax Status

The Plan was issued a favorable opinion letter by the Internal Revenue Service on December 31, 2018, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving this determination. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The current and prior three years remain open and subject to examination by U.S. federal, state and local tax authorities.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Risks and Uncertainties (Continued)

The spread of COVID-19, a novel strain of coronavirus, is altering the behavior of businesses and people throughout the world, including the United States. Further, financial markets have experienced significant volatility attributed to COVID-19 concerns. The continued spread of COVID-19 may adversely impact the local, regional, national, and global economies. The extent to which COVID-19 impacts the Plan's results will depend on future developments, which are highly uncertain and cannot be predicted. The impact is highly dependent on the breadth and duration of the outbreak and could be affected by other factors that cannot currently be predicted. Accordingly, management cannot presently estimate the overall operational and financial impact to the Plan, but such an impact could have a material adverse effect on the financial condition of the Plan.

Note 9. Party-in-interest Transactions

Certain Plan investments are managed by Great-West Life & Annuity Insurance Company. Both Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (trustees) are part of the Great West Retirement Services family, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodians for investment management and administrative services, as well as to other service providers related to the general administration of the Plan, amounted to $89,940 for the year ended December 31, 2020, which is included on the statement of changes in net assets available for benefits. Certain administrative expenses of the Plan are paid by the Plan Sponsor and amounted to approximately $813 for the year ended December 31, 2020.

Note 10. Reconciliation of Financial Statements to Form 5500
