NOTE 1 PLAN DESCRIPTION

The following description of the Tower Research Capital Group 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan originally effective January 1, 2007. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective July 1, 2016. The Plan is sponsored by Tower Research Capital LLC (the Employer) covering substantially all eligible employees of the Employer and Latour Trading LLC (collectively referred to as the Employer). The Plan excludes union and leased employees and nonresident aliens. The Plan is intended to satisfy all the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the deferral component of the Plan on the later of their date of employment or upon turning 20 years old. Participants are eligible for the discretionary matching contribution if they meet the eligibility requirements above and are employed on the last day of the Plan year. If an employee terminates during the year due to meeting the normal retirement age, upon death, or upon total and permanent disability then they will still be eligible to receive the discretionary matching contribution.

Contributions

During 2020 and 2019, the employee may make contributions of up to $19,500 and $19,000 of base compensation, respectively, and the Employer may make discretionary matching contributions up to 3% of compensation for qualified participants, up to $8,700 and $8,500, respectively, but not exceeding the employee's contribution to the Plan. After-tax employee contributions can be included in aggregated elective deferrals in calculating the matching contributions. Participants who are 50 years of age or older are permitted to contribute an additional $6,000 in 2020 and 2019. All contributions are subject to the maximum amount deductible for federal income tax purposes. The Plan permits after-tax voluntary employee contributions and Roth employee contributions.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contributions and (b) Plan earnings or losses. Additionally, each participant's account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 PLAN DESCRIPTION (CONTINUED)

Vesting

The Employer's contributions are 50% vested after one year of service and 100% vested after two years of service. Employees' contributions are always 100% vested. Employees who terminate on or after the normal retirement age, upon death, or upon total and permanent disability will be 100% vested.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Employer contributions. Forfeitures as of December 31, 2020 and 2019 amounted to $53,383 and $15,699, respectively, and will be used to reduce Employer matching contributions. There was $25,896 and $8,568 of forfeitures used to reduce Employer matching contributions for the years ended December 31, 2020 and 2019, respectively.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions, subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between $1,000 and $5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance for terms up to five years or 30 years if for purchase of primary residence. Notes receivable from participants will bear interest at a rate of and prime plus 1% on the fourteenth of each month. Principal and interest are paid ratably through payroll deductions.

CARES Act

In April 2020, certain provisions under the CARES Act relating to participant distributions and participant loans were enacted. The CARES Act allows for utilization of these provisions immediately but requires formal adoption of the amendment no later than the last day of the plan year beginning on or after January 1, 2022.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase to benefit payments. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and processing of benefit payments are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Reliance Trust Company, the trustee, for the years ended December 31, 2020 and 2019, has supplied the Plan administrator with certifications as to the completeness and accuracy of all investment information (except for the balance in the self-directed brokerage account of $2,162,100 and $951,103 as of December 31, 2020 and 2019, respectively), and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends (except for $1,016,183 and $113,868 of appreciation, interest, and dividends related to the self-directed brokerage account as of December 31, 2020 and 2019, respectively), and interest income on notes receivable from participants reported on the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2020.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds: The carrying amount approximates fair value because the instruments are liquid in nature.

Self-Directed Brokerage Account: Self-directed brokerage accounts consist of cash and common stocks. Cash is valued based on the fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer and are considered to be Level 2 measurements within the fair value hierarchy. Common stock is valued at the closing price reported on the active market on which the individual securities are traded and are considered to be Level 1 measurements within the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 85,595,235	$ -	$ -	$ 85,595,235

	2019

NOTE 5 TAX STATUS

The Plan adopted a Prototype Nonstandardized Profit Sharing arrangement, which required a favorable opinion letter from the IRS dated July 16, 2014, which stated that the form of the prototype plan was designed in accordance with the applicable section of the IRC. The prototype plan document has been amended since receiving this letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Employer contributions.

NOTE 7 RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Reliance Trust Company, was the trustee of the Plan as of for the years ended December 31, 2020 and 2019; therefore, fees incurred by the Plan for the investment management services that are included in net appreciation in fair value of the investment qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 9 RECONCILIATION TO IRS FORM 5500
