1 – DESCRIPTION OF PLAN

GENERAL

The CEC Entertainment 401(k) Retirement & Savings Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 1989, and amended and restated July 1, 2015, covering substantially all employees of CEC Entertainment Concepts, L.P. (the "Company" or "Plan Administrator") and its affiliates. Fidelity Management Trust Company, in conjunction with Fidelity Workplace Services LLC, serves as the trustee and record-keeper, respectively ("Fidelity" or the "Trustee") of the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All employees become eligible for participation immediately upon reaching the age of twenty-one and completion of six months of service with the exception of members of collective bargaining units, certain nonresident alien employees, and leased employees, as defined by the Plan document. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company matching and discretionary contributions, an allocation of Plan earnings or losses, and is charged with certain administrative expenses.

CONTRIBUTIONS

The Plan is funded through participant elective deferrals and Company contributions. A participant may elect to contribute up to 75% of pretax or after-tax ("Roth") eligible compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,500 for 2020). Participants who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,500 for 2020). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be contributed prior to meeting the eligibility requirements for participation in the Plan.

The Plan allows for Company profit sharing and discretionary matching contributions in amounts to be determined by the Company. For the year ended December 31, 2020, the Company did not elect to contribute profit sharing or discretionary matching contributions.

BENEFITS PAID TO PARTICIPANTS

Upon normal retirement age, death, or disability, a participant's benefits are payable in a lump-sum equal to 100% of the participant's vested account balance. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances of $1,000 or less as of the time of distribution will be "cashed" out as either an involuntary lump sum payment or by direct rollover into an individual retirement plan, based on certain criteria, as defined in the Plan document.

INVESTMENT OPTIONS

The Plan provides for contributions to be invested by the participants into a variety of mutual funds of registered investment companies and a common collective trust in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

1 – DESCRIPTION OF PLAN, CONTINUED

VESTING

Participants are immediately vested in rollover contributions, elective deferrals, and qualified non-elective contributions plus actual earnings, thereon. Vesting in the Company's matching contributions plus actual earnings thereon, is based on years of continuous service. Participants are 50% vested after one year, or 1,000 hours of qualified service, 75% vested after two years of qualified service, and are 100% vested after three years of qualified service or upon occurrence of the participant's early retirement at age 55, normal retirement at age 65, death, or disability, as defined by the Plan document. Vesting for contributions received from previous employers may differ. Participants should refer to the Plan document for a more complete description.

FORFEITURES

Forfeitures of terminated participants' nonvested accounts are used to pay Plan expenses or to reduce Company contributions. At December 31, 2020 and 2019, there were forfeitures of $12,190 and $16,066 available, respectively. These amounts are reported as a component of net assets available for benefits. For the year ended December 31, 2020, forfeitures in the amount of $7,221 were used to pay administrative expenses.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available to all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined in the IRC. Note terms range from one to five years, unless for the purchase of a primary residence, in which case the Plan Administrator may permit a longer repayment term. The notes receivable from participants are secured by the vested balance in the participant's account and bear a reasonable interest rate, as determined by the Plan Administrator. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2020, have interest rates ranging from 4.25% to 6.50%, and maturities from January 2021 to November 2029. Notes receivable from participants as of December 31, 2019, have interest rates ranging from 4.25% to 6.50%, and maturities from January 2020 to November 2029.

EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

CORONAVIRUS AID RELIEF AND ECONOMIC SECURITY ACT OF 2020

During 2020, Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid Relief and Economic Security Act ("CARES Act"). The Plan elected the distribution provision under the CARES Act. The maximum dollar amount that can be requested per participant is $100,000 without a 10% early withdrawal penalty. These CARES Act distributions are available for repayment through the last day of the Plan year that begins in 2022. For eligible CARES Act distribution requests, all vested contribution sources are made available and restrictions based on age or length of participation in the Plan do not apply. CARES Act distributions may be repaid to the Plan within three years; income taxes may be spread ratably over three years.

1 – DESCRIPTION OF PLAN, CONTINUED

CORONAVIRUS AID RELIEF AND ECONOMIC SECURITY ACT OF 2020, CONTINUED

The Plan elected to temporarily suspend required minimum distributions ("RMDs") under the CARES Act. This provision provides relief to individuals who would otherwise be required to take RMDs from retirement accounts due to economic slowdown due to COVID-19. This provision applies to participants who have reached the age of 70 ½ during 2019 but who have not yet taken RMDs in 2020. In addition, the Plan also elected to suspend RMDs for participants who reach age 72 in 2020 following the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"). If a participant has received RMDs in 2020, they may be able to recontribute these amounts back into the Plan in the form of direct rollovers.

The Plan also adopted certain loan provisions of the CARES Act. Through September 22, 2020, participants are eligible to borrow up to $100,000 from their vested account balance, reduced by the highest balance of any notes outstanding during the previous twelve months. Repayments of existing notes receivable from participants can be deferred until December 31, 2020. Notes will be re-amortized to include accrued interest during the deferred payment period, and repayments began in January 2021.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in all amounts credited to their accounts plus actual earnings, thereon.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method of accounting in accordance with United States generally accepted accounting principles ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

CONTRIBUTIONS

Participant contributions are accrued in the period that payroll deductions are made from Plan participants in accordance with salary deferral elections. Company matching contributions for the Plan year are accrued and recognized at year end but paid annually, by the Company, after year end, if applicable.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan. Notes receivable are valued at amortized cost which approximates fair value.

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. The Plan's adoption of this pronouncement did not have a material impact on the Plan.

3 – FAIR VALUE MEASUREMENTS

INVESTMENTS AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820, "*Fair Value Measurements and Disclosures*", provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENTS AND LEVELING, CONTINUED

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

Common collective trust: Valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods previously described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 56,306,430	$ -	$ -	$ 56,306,430
Common collective trust	-	837,681	-	837,681
Total investments, at fair value	$ 56,306,430	$ 837,681	$ -	$ 57,144,111

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 55,502,820	$ -	$ -	$ 55,502,820
Common collective trust	-	400,554	-	400,554
Total investments, at fair value	$ 55,502,820	$ 400,554	$ -	$ 55,903,374

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, and the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

5 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employees receive compensation from the Plan.

6 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds of registered investment companies and a common collective trust. Investment securities are exposed to various risks, such as interest rate, concentration, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Fidelity Management & Research Co. which received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service ("IRS") stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8 – RECONCILIATION TO THE FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

Plus: prior year participant contributions receivable	45,536
Net increase in net assets available for benefits per the Form 5500	$ 1,038,529

9 – EXCESS CONTRIBUTIONS PAYABLE

The Plan initially failed the discrimination tests for the years ended December 31, 2020 and 2019. As a result, excess contributions payable totaling $106,416 and $102,756, respectively, are recorded as liabilities in the accompanying Statements of Net Assets Available for Benefits and as a reduction to contributions in the related Statement of Changes in Net Assets Available for Benefits.

10 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, *"Subsequent Events",* the Company has evaluated events or transactions occurring after December 31, 2020, the Statements of Net Assets Available for Benefits date, through October 15, 2021, the date the financial statements were ready to be issued, and determined that there were no such events or transactions, other than those noted below, that would impact our financial statements for the year ended December 31, 2020.

Effective March 26, 2021, the Plan was amended and restated due to a new favorable opinion letter from the IRS.

1 – DESCRIPTION OF PLAN

GENERAL

The CEC Entertainment 401(k) Retirement & Savings Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 1989, and amended and restated July 1, 2015, covering substantially all employees of CEC Entertainment Concepts, L.P. (the "Company" or "Plan Administrator") and its affiliates. Fidelity Management Trust Company, in conjunction with Fidelity Workplace Services LLC, serves as the trustee and record-keeper, respectively ("Fidelity" or the "Trustee") of the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All employees become eligible for participation immediately upon reaching the age of twenty-one and completion of six months of service with the exception of members of collective bargaining units, certain nonresident alien employees, and leased employees, as defined by the Plan document. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company matching and discretionary contributions, an allocation of Plan earnings or losses, and is charged with certain administrative expenses.

CONTRIBUTIONS

The Plan is funded through participant elective deferrals and Company contributions. A participant may elect to contribute up to 75% of pretax or after-tax ("Roth") eligible compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,500 for 2020). Participants who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,500 for 2020). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be contributed prior to meeting the eligibility requirements for participation in the Plan.

The Plan allows for Company profit sharing and discretionary matching contributions in amounts to be determined by the Company. For the year ended December 31, 2020, the Company did not elect to contribute profit sharing or discretionary matching contributions.

BENEFITS PAID TO PARTICIPANTS

Upon normal retirement age, death, or disability, a participant's benefits are payable in a lump-sum equal to 100% of the participant's vested account balance. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances of $1,000 or less as of the time of distribution will be "cashed" out as either an involuntary lump sum payment or by direct rollover into an individual retirement plan, based on certain criteria, as defined in the Plan document.

INVESTMENT OPTIONS

The Plan provides for contributions to be invested by the participants into a variety of mutual funds of registered investment companies and a common collective trust in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

1 – DESCRIPTION OF PLAN, CONTINUED

VESTING

Participants are immediately vested in rollover contributions, elective deferrals, and qualified non-elective contributions plus actual earnings, thereon. Vesting in the Company's matching contributions plus actual earnings thereon, is based on years of continuous service. Participants are 50% vested after one year, or 1,000 hours of qualified service, 75% vested after two years of qualified service, and are 100% vested after three years of qualified service or upon occurrence of the participant's early retirement at age 55, normal retirement at age 65, death, or disability, as defined by the Plan document. Vesting for contributions received from previous employers may differ. Participants should refer to the Plan document for a more complete description.

FORFEITURES

Forfeitures of terminated participants' nonvested accounts are used to pay Plan expenses or to reduce Company contributions. At December 31, 2020 and 2019, there were forfeitures of $12,190 and $16,066 available, respectively. These amounts are reported as a component of net assets available for benefits. For the year ended December 31, 2020, forfeitures in the amount of $7,221 were used to pay administrative expenses.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available to all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined in the IRC. Note terms range from one to five years, unless for the purchase of a primary residence, in which case the Plan Administrator may permit a longer repayment term. The notes receivable from participants are secured by the vested balance in the participant's account and bear a reasonable interest rate, as determined by the Plan Administrator. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2020, have interest rates ranging from 4.25% to 6.50%, and maturities from January 2021 to November 2029. Notes receivable from participants as of December 31, 2019, have interest rates ranging from 4.25% to 6.50%, and maturities from January 2020 to November 2029.

EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

CORONAVIRUS AID RELIEF AND ECONOMIC SECURITY ACT OF 2020

During 2020, Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid Relief and Economic Security Act ("CARES Act"). The Plan elected the distribution provision under the CARES Act. The maximum dollar amount that can be requested per participant is $100,000 without a 10% early withdrawal penalty. These CARES Act distributions are available for repayment through the last day of the Plan year that begins in 2022. For eligible CARES Act distribution requests, all vested contribution sources are made available and restrictions based on age or length of participation in the Plan do not apply. CARES Act distributions may be repaid to the Plan within three years; income taxes may be spread ratably over three years.

1 – DESCRIPTION OF PLAN, CONTINUED

CORONAVIRUS AID RELIEF AND ECONOMIC SECURITY ACT OF 2020, CONTINUED

The Plan elected to temporarily suspend required minimum distributions ("RMDs") under the CARES Act. This provision provides relief to individuals who would otherwise be required to take RMDs from retirement accounts due to economic slowdown due to COVID-19. This provision applies to participants who have reached the age of 70 ½ during 2019 but who have not yet taken RMDs in 2020. In addition, the Plan also elected to suspend RMDs for participants who reach age 72 in 2020 following the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"). If a participant has received RMDs in 2020, they may be able to recontribute these amounts back into the Plan in the form of direct rollovers.

The Plan also adopted certain loan provisions of the CARES Act. Through September 22, 2020, participants are eligible to borrow up to $100,000 from their vested account balance, reduced by the highest balance of any notes outstanding during the previous twelve months. Repayments of existing notes receivable from participants can be deferred until December 31, 2020. Notes will be re-amortized to include accrued interest during the deferred payment period, and repayments began in January 2021.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in all amounts credited to their accounts plus actual earnings, thereon.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method of accounting in accordance with United States generally accepted accounting principles ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

CONTRIBUTIONS

Participant contributions are accrued in the period that payroll deductions are made from Plan participants in accordance with salary deferral elections. Company matching contributions for the Plan year are accrued and recognized at year end but paid annually, by the Company, after year end, if applicable.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan. Notes receivable are valued at amortized cost which approximates fair value.

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. The Plan's adoption of this pronouncement did not have a material impact on the Plan.

3 – FAIR VALUE MEASUREMENTS

INVESTMENTS AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820, "*Fair Value Measurements and Disclosures*", provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENTS AND LEVELING, CONTINUED

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

Common collective trust: Valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods previously described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 56,306,430	$ -	$ -	$ 56,306,430
Common collective trust	-	837,681	-	837,681
Total investments, at fair value	$ 56,306,430	$ 837,681	$ -	$ 57,144,111

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 55,502,820	$ -	$ -	$ 55,502,820
Common collective trust	-	400,554	-	400,554
Total investments, at fair value	$ 55,502,820	$ 400,554	$ -	$ 55,903,374

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, and the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

5 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employees receive compensation from the Plan.

6 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds of registered investment companies and a common collective trust. Investment securities are exposed to various risks, such as interest rate, concentration, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Fidelity Management & Research Co. which received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service ("IRS") stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8 – RECONCILIATION TO THE FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

Plus: prior year participant contributions receivable	45,536
Net increase in net assets available for benefits per the Form 5500	$ 1,038,529

9 – EXCESS CONTRIBUTIONS PAYABLE

The Plan initially failed the discrimination tests for the years ended December 31, 2020 and 2019. As a result, excess contributions payable totaling $106,416 and $102,756, respectively, are recorded as liabilities in the accompanying Statements of Net Assets Available for Benefits and as a reduction to contributions in the related Statement of Changes in Net Assets Available for Benefits.

10 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, *"Subsequent Events",* the Company has evaluated events or transactions occurring after December 31, 2020, the Statements of Net Assets Available for Benefits date, through October 15, 2021, the date the financial statements were ready to be issued, and determined that there were no such events or transactions, other than those noted below, that would impact our financial statements for the year ended December 31, 2020.

Effective March 26, 2021, the Plan was amended and restated due to a new favorable opinion letter from the IRS.
