NOTE 1 - DESCRIPTION OF PLAN

The following description of the Unigen Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established on January 1, 1995 as a defined contribution plan established to provide eligible employees of Unigen Corporation (the Company) (the Plan Sponsor), with retirement, death and disability benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(k) of the Internal Revenue Code (IRC).

Participant Eligibility, Contributions and Vesting - Employees who are at least twenty-one years old are eligible to participate in the Plan, except the following classes: (a) employees whose employment is governed by a collective bargaining agreement in which retirement benefits were the subject of good faith bargaining, (b) employees who are non-residents aliens and (c) employees who are not eligible for personal time off and medical benefits. Participants may begin deferring a portion of their compensation into the Plan on the first day of the month following eligibility. The Plan allows participants to designate contributions as Roth 401(k) contributions. Unless they affirmatively elect otherwise, automatic enrollment provisions apply to all newly eligible employees and are subject to an initial pre-tax deferral contribution of 4%. Contributions to the Plan are limited to the maximum amount allowable under the provisions of the IRC.

The Plan Sponsor is allowed to make discretionary matching and profit-sharing contributions as defined in the Plan and as approved by the Board of Directors. For the year ended December 31, 2020, the Plan Sponsor elected to forego making profit sharing contributions. The Company currently matches 50% of a participant's deferral up to a 6% deferral rate, with an annual maximum of $3,000 per participant, calculated on a per pay period basis. For the year ended December 31, 2020, the Company made matching contributions in the amount of $192,831, net of forfeitures.

Participants are immediately vested in their contributions plus actual earnings made thereon. The employer's contributions and earnings shall vest in accordance with the following schedule:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

In addition, the Company's contributions are fully vested when a participant becomes totally disabled or dies.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures - As of December 31, 2020 and 2019, forfeited nonvested accounts totaled $599 and $586, respectively. These accounts will be used to reduce future employer contributions or Plan administrative expenses. Forfeitures applied to reduce the employer's matching contribution for 2020 were $62,097.

Investment Options - Participants exercise control over the types of investments made on their behalf, provided that such accounts are invested in investment funds designated by the Plan. Participants may invest in any one or more investment funds and change their investment options at any time.

Payment of Benefits - Upon normal retirement (age 62), termination, disability or death, a participant or beneficiary in the event of death, may elect to receive a lump-sum amount or installment payments equal to the value of the participant's vested interest in the account. Additionally, participants may take in-service distributions upon reaching age 59½ or due to hardship. Upon termination, automatic distributions are required for balances of less than $5,000. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 72.

Notes Receivable from Participants - Subject to Internal Revenue Service (IRS) regulations and limitations, participants may borrow up to the lesser of $50,000 or 50% of their vested account balance with a minimum loan amount of $1,000. Such loans bear interest at prevailing market rates and are generally repayable in terms of up to 5 years, except for home mortgage loans which are determined by the Plan Sponsor. All loans are secured by the participants' account balances.

Participant Accounts - Each participant's account is credited with the employee's payroll contributions, the employer's contributions and Plan earnings and losses. Allocations to participants' accounts are based on participant compensation or account balances in accordance with the provisions of the Plan.

Administration - The Plan Sponsor is the plan administrator. The Plan's assets are managed by Reliance Trust Company (Reliance), the trustee of the Plan. The trustee, appointed by the Plan Sponsor, executes investment transactions and holds Plan investment assets. The plan administrator reviews the performance of the various available investments and makes decisions on the addition or deletion of an investment fund.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America. Contributions from participants are recorded when withheld. Benefit payments and expenses are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for various investment securities. These securities are exposed to various risks such as interest rate, market fluctuations and credit risks. Further, due to the level of risk associated with these securities and the level of uncertainty related to changes in the values of investment securities, it is possible that changes in the various risk factors in the near term would materially affect the participants' account balances and the amounts reported in the accompanying financial statements.

Valuation of Investments - Investments in interest-bearing cash and mutual funds are stated at fair value determined by quoted market prices. The investment in the common/collective trust is stated at quoted prices determined by observable inputs. Participant loans are valued at cost, which approximates fair value. Purchases and sales of investments are recorded on a trade-date basis. Net change in fair value of investments consists of the change in unrealized appreciation or depreciation during the year and the realized gain or loss of sold investments during the year. Acquisition costs are included in the cost of investments and sales are recorded net of selling expenses.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

New Accounting Pronouncement - The Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement. The ASU was issued to improve the effectiveness of disclosure requirements for recurring and nonrecurring fair value measurements by removing, modifying and adding certain disclosures. The ASU is effective for plan years beginning after December 15, 2019. The Plan adopted this ASU on January 1, 2020, and the adoption of the ASU did not have an impact on the Plan.

Subsequent Events - Subsequent events were evaluated through October 8, 2021, the date the financial statements were available to be issued.

NOTE 3 - CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Reliance as of December 31, 2020 and 2019, respectively, and transactions entered into during 2020 were used in the preparation of the accompanying financial statements and supplemental schedule. The following table summarizes the fair values of investment funds that were certified by Reliance.

	2020	2019
Common/collective trust	$ 902,690	$ 831,950
Mutual funds	13,321,126	11,141,994
Notes receivable from participants	70,524	88,437
	$ 14,294,340	$ 12,062,381

In addition, Reliance certified the following amounts for the year ended December 31, 2020:

Interest and dividends	$ 382,618
Interest from notes receivable from participants	4,385
Net change in fair value of investments	1,656,871
	$ 2,043,874

NOTE 4 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a hierarchy to prioritize the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). Observable inputs are those that market participants would use in pricing the assets based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan’s assumption about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 – Values are unadjusted quoted prices for identical assets or liabilities in active markets accessible at the measurement date.

Level 2 – Inputs included in quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.

Level 3 – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2020 and 2019.

Interest-bearing cash: Valued at the closing price at year end.

Common/collective trust: Valued at quoted prices determined by observable inputs.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

In accordance with generally accepted accounting principles, the following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2020.

	Level 1	Level 2	Level 3	Total Amount
Common/collective trust	$ -	$ 902,690	$ -	$ 902,690
Mutual funds	13,321,126	-	-	13,321,126
Total investments at fair value	$ 13,321,126	$ 902,690	$ -	$ 14,223,816

In accordance with generally accepted accounting principles, the following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2019.

	Level 1	Level 2	Level 3	Total Amount
Interest-bearing cash	$ 12	$ -	$ -	$ 12
Common/collective trust	-	831,950	-	831,950
Mutual funds	11,141,994	-	-	11,141,994
Total investments at fair value	$ 11,142,006	$ 831,950	$ -	$ 11,973,956

NOTE 5 - TAX STATUS

The Plan adopted a prototype non-standardized profit-sharing plan with a cash or deferral arrangement which has received a favorable opinion letter from the IRS, which states that the Plan is designed in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan's tax filings are subject to audit by various taxing authorities.

NOTE 6 - PLAN TERMINATION AND MODIFICATION

The Plan Sponsor intends to continue the Plan indefinitely for the benefit of its employees; however, it reserves the right to terminate and/or modify the Plan at any time by resolution of its Board of Directors and subject to the provision of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Reliance. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8 - UNCERTAINTIES

The COVID-19 outbreak is disrupting a range of industries and has resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. No adjustments relating to the effects of the pandemic have been recorded in the accompanying financial statements.
