1. DESCRIPTION OF THE PLAN

The following description of ForUs 401(k) (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer plan (the "MEP" or "Retirement Plan") for which Benchling, Inc. (the "Company", "Employer" or "Plan sponsor") is the Adopting Sponsor. ForUsAll, Inc. is the Sponsoring Employer of the MEP. The Plan is a defined contribution profit sharing plan designed to qualify under Section 401(a) and related provisions of the Internal Revenue Code (IRC). The Plan was established effective November 1, 2014, and restated effective January 1, 2016. The Plan is designed to provide eligible participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death or termination. The Plan covers all employees of the Company who meet certain eligibility requirements. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent laws.

On March 11, 2020, the World Health Organization declared the global novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The COVID-19 outbreak in the United States has caused economic disruption through mandated and voluntary closings of businesses and shelter in place orders and financial market disruption. In response, the U.S. Government enacted the Coronavirus Aid, Relief and Economic Security (CARES) Act, which includes significant provisions to provide relief and assistance to affected organizations. As there is considerable uncertainty around the duration of the closings and shelter in place orders and the ultimate impact of the CARES Act and other government initiatives, it is at least reasonably possible that this matter will negatively impact the Plan. However, the financial impact and duration cannot be reasonably estimated by management at this time.

On June 28, 2020, the Plan adopted certain provisions of the CARES Act. The adoption of the CARES Act did not have a material impact on the Plan's financial statements.

Plan administration

The Company is responsible for the operation and administration of the Plan. The Company has contracted with LT Trust Company (the "Trustee") to provide directed trustee, record-keeping and administrative services to the Plan. ForUsAll Advisors, LLC ("ForUsAll") provides fiduciary and investment advisory services with respect to the Plan. Certain administrative expenses of the Plan were paid directly by the Company for the year ended December 31, 2020. Investment fees, which may vary according to the individual investment options selected, are paid out indirectly from the assets of the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

Employees become eligible to participate in the Plan on the first day of the month after attaining age 18 and completing 3 months of service. All employees, except leased employees, employees covered by a collective bargaining agreement, and non-resident employees, unless the agreement requires the employees to be included under the Plan, are eligible.

Participant contributions

Participants may elect to contribute through payroll deductions amounts up to 92% of their eligible annual compensation, as defined in the plan document, on pre-tax or after-tax (as Roth contributions) basis, up to the maximum amount allowed by the IRC. Maximum allowed deferral amounts were $19,500 for 2020. Plan participants who have attained the age of 50 before the end of a calendar year are allowed to elect additional amounts called "catch-up contributions." Maximum allowed catch-up contribution amounts were $6,500 for 2020.

Participants may also elect to rollover contributions to the Plan from other qualified employer-sponsored retirement plans.

The Plan contains an automatic enrollment feature in which eligible employees who have not made an elective deferral election will be automatically enrolled at 6% of their eligible compensation in pre-tax deferrals. The amount of such automatic enrollment will increase by 1% in the second through ninth year to a maximum of 15%.

Employer contributions

The Company may elect to make discretionary matching and profit sharing contributions to the Plan. Eligible participants must complete at least 1,000 hours of service and be employed on the last day of the Plan year. For the year ended December 31, 2020, the Company made no discretionary matching or profit sharing contributions.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of Plan earnings, and charged with investment losses and administrative expenses not paid by the Company. Allocation and deduction of earnings and losses are based on a participant's account balance in the various investment options as a percentage of the total of the participants' account balances or on the change in fair value of the individual units held in the Plan's investments. Participants may direct their contributions into any of the investment options offered under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately 100% vested in their elective and rollover contributions plus earnings thereon. Vesting in Employer contributions plus earnings thereon is based on a six-year graded vesting schedule under which the participants become fully vested after six years of credited service, as defined in the plan document.

The vesting schedule for the Employer discretionary contributions is as follows:

Years of Service	Percentage
Less than 2	- %
2	20 %
3	40 %
4	60 %
5	80 %
Six or more years	100 %

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less. Notes receivable from participants ("participant loans" or "loan(s)") must be repaid within 5 years, unless the loan is for the purchase of a principal residence, in which case the repayment term may exceed 5 years. Participant loans are secured by the remaining balance in the participant's account and bear interest at a rate commensurate with local prevailing rates plus 1% at the time the loan was made. The maximum number of loans outstanding at any time is 2. The repayment of principal plus interest is required by the Plan to be made through payroll deductions. If a participant is terminated, the loan becomes immediately payable in full. There were no outstanding participants loans at December 31, 2020.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability, or death. In-service withdrawals are permitted under the Plan and require that the participant be age 59 1/2 and be fully vested in order to be eligible. Upon termination, if a participant's account balance does not exceed $5,000, the balance is immediately distributed in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. If the account balance is over $5,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan or postpone payment to a later date and remain in the Plan as described in the plan document.

Participants with an immediate and heavy financial need may be eligible for a hardship distribution, subject to certain restrictions as described in the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) and in accordance with ERISA.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements (See Note 1).

Investment valuation and income recognition

The Plan's investments in mutual funds are reported at fair value, as certified by LT Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from participants, and related receivables, are recorded based on the date the contributions have been separated from a participant's pay which is the pay date. Rollovers are recorded when received by the Trustee.

Payment of benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent events

The Plan has evaluated subsequent events through October 15, 2021, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

Accounting standards update

During August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2018-13 ("ASU 2018-13"), Fair Value Measurement (Topic 820) Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement. The amendments eliminate, add, and modify certain fair value disclosure requirements. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years. The Plan elected to adopt ASU 2018-13 as of and for the year ended December 31, 2020. The adoption of this standard did not have a material effect on the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee certifies to the completeness and accuracy of:

- Investments reflected on the accompanying Statements of Net Assets Available for Benefit as of December 31, 2020.
- Net appreciation in fair value of investments, dividends, and interest, reflected on the accompanying Statement of Changes in Net Assets Available for Benefit for the year ended December 31, 2020.
- Investments reflected on the Schedule of Assets (Held at End of Year) as of December 31, 2020.

Accordingly, as requested by the Plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the Plan's financial statements and supplemental schedules.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

4. FAIR VALUE MEASUREMENTS (continued)

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- *Level 2* - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3* - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2020.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 6,008,774	$ -	$ -	$ 6,008,774
	$ 6,008,774	$ -	$ -	$ 6,008,774

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 2,419,937	$ -	$ -	$ 2,419,937
	$ 2,419,937	$ -	$ -	$ 2,419,937

5. INCOME TAX STATUS

The Plan has adopted the CCH Incorporated DBA Fort William, LLC Volume Submitter Profit Sharing Plan (the "Volume Submitter Plan"). The Internal Revenue Service issued an opinion letter dated March 31, 2014, stating the Volume Submitter Plan is acceptable for use by employers for the benefit of its employees. Although the Plan has since been amended, the Plan administrator believes the Plan is currently designed and being operated in accordance with applicable sections of the IRC. Accordingly, no provision for federal or state income taxes has been recorded in the Plan's financial statements.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the full value of each participant's account will become fully vested.

7. PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries of employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee organization or relatives or such persons.

7. PARTY-IN-INTEREST TRANSACTIONS (continued)

Certain Plan investments are managed by the Trustee or their affiliates of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Trustee retains, as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.
