NOTE 1 - DESCRIPTION OF PLAN

The following description of Lane-Valente Industries, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a participant-directed defined contribution plan covering all eligible non-union employees of Lane-Valente Industries, Inc. (the "Company"). The plan administrator is the Company. Reliance Trust Company serves as the trustee of the Plan. ADP Retirement Services, a division of ADP, Inc. serves as the Plan's recordkeeper. The Plan was established effective January 1, 1996 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

CORONAVIRUS AID, RELIEF, AND ECONOMIC SECURITY ACT

The Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was signed into law on March 27, 2020. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. In April 2020, the Plan adopted certain changes to participant distributions and loans as permitted by the CARES Act, which are discussed further below in *Distributions of Benefits* and *Notes Receivable from Participants*.

ADMINISTRATION

The plan administrator is responsible for oversight of the Plan. The Plan's trustees are Company executives who oversee the management of the Plan and investment of the Plan's assets. The trustees responsibilities include, but are not limited to, maintaining and enforcing the Plan's investment policy; selecting and monitoring the Plan's recordkeeper and directed trustee; maintaining an appropriate selection of investment options under the Plan based on the Plan's investment policy; and monitoring the performance of the Plan's investments and service providers.

ELIGIBILITY

Entry into the Plan begins on the first day of the month coinciding with or next following the date of completion of the eligibility requirements. Each non-union employee of the Company is eligible to participate in the Plan for purposes of salary deferrals after two consecutive months of employment.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

CONTRIBUTIONS

Participants may enter into an elective salary deferral agreement with the Company to contribute an amount up to 90 percent of pretax annual compensation, as defined in the plan document, not to exceed limits prescribed by the Internal Revenue Code (the "Code"). The maximum dollar amount of elective salary deferrals for the year ended December 31, 2020 was $19,500. Participants who have attained age 50 before the end of the year were eligible to make catch-up contributions of up to $6,500. Participants may also make rollover contributions into the Plan from other qualified plans.

Participants may also elect to contribute to the Plan, on an after-tax basis, by designating some or all of their contributions as Roth 401(k) Deferrals. These after-tax contributions, plus the earnings accumulated thereon, may be withdrawn tax-free provided the withdrawal is a qualified distribution, as defined in the plan document.

The Plan provides matching contributions, under a Safe Harbor arrangement, equal to 100% of the first three percent of base compensation, plus 50 percent of the amount between three percent and five percent of base compensation that a participant contributes to the Plan. Participants who are eligible to make salary deferrals to the Plan are eligible for the safe harbor contributions. Safe Harbor Matching Contributions generally must be contributed by the end of the Plan year quarter following the Plan year quarter for which the participant makes the salary deferrals that are being matched. The value of the Company's aggregate matching contribution was $577,776 for the year ended December 31, 2020.

The combined contributions by the participant and the Company may not exceed limits prescribed by the Code. The maximum annual combined contributions for the year ended December 31, 2020 was the lesser of 100% of each participant's annual compensation, or the dollar limitation of $57,000.

Employer profit sharing contributions are a discretionary dollar amount as determined by the Company's Board of Directors. Participants are eligible to receive profit sharing contributions upon completion of one (1) year of service, as defined in the Plan. For the year ended December 31, 2020, there were no employer profit sharing contributions made to the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Each eligible participant's account is credited with (a) the participant's contributions, (b) the Company's Safe Harbor matching contributions and discretionary profit sharing contributions, and (c) an allocation of dividends and any change in the market value of the various investment funds. Each eligible participant's account is charged with any withdrawals or distributions requested by the participant and an allocation of administrative expenses. Allocations are based on the ratio that each participant's account balance in the fund bears to the total account balances of all participants in the respective fund.

INVESTMENT OPTIONS

Participants direct the investment of their contributions and any subsequent changes made to the Company's matching and discretionary profit sharing contributions. These options include numerous registered investment companies. Participants may change their investment elections at any time for both existing account balances and future contributions.

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in their portion of the Company's Safe Harbor matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing contributions is based on continuous service. A participant is 100% vested in discretionary non-elective contributions after six years of credited service. Upon termination of employment due to death, disability (as defined by the Plan), or attainment of age 65, the Plan's normal retirement age, participants will also be 100% fully vested in their total account balance.

PAYMENT OF BENEFITS

Upon termination of service due to death, disability or retirement, participants with account balances in excess of $5,000 may elect to receive a single lump-sum payment, installments over a period of not more than the participant's assumed life expectancy, request a partial withdrawal, or defer receiving payments until age 70½. Account balances less than $5,000 may only be paid in a lump sum and will be distributed to participants regardless of whether they consent to receive it. If the participant does not make an election and the vested balance exceeds $1,000, but does not exceed $5,000, the Plan will make the distribution in the form of a direct rollover to an individual retirement account ("IRA") established by an IRA provider selected by the Company.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PAYMENT OF BENEFITS (CONTINUED)

Each active participant, prior to termination of employment and who has attained age 59½, may withdraw any portion of his or her vested account balance from the Plan, subject to a minimum distribution of $500.

The Plan provides for hardship withdrawals, as set forth in accordance with applicable sections of the Code not to exceed a participant's actual contributions to the Plan. Participants must show that they are suffering an immediate and heavy financial hardship and that the money cannot be obtained from any other source. Hardship withdrawals are limited to the amount necessary to satisfy the financial need. Circumstances that qualify as an immediate and heavy financial hardship are defined in the plan document. Upon qualification for financial hardship, a participant is entitled to the value of his or her deferral and the vested portion of the Company's contributions, determined as of the valuation date, which is payable immediately in a lump-sum distribution. Through December 31, 2019, participants receiving hardship withdrawals were prohibited from contributing to the Plan for a period of six months after a hardship distribution was disbursed to a participant. The Bipartisan Budget Act of 2018 removes this requirement. Under Internal Revenue Service (the "IRS") Revenue Procedure 2020-9, amendments are required for all plans as of January 1, 2020 to remove the six-month suspension period. The Plan intends to amend the adoption agreement prior to the deadline imposed by the IRS of December 31, 2021.

In accordance with the CARES Act, the Plan permitted eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The Plan made $305,968 of CARES Act distributions during the year ended December 31, 2020.

FORFEITURES

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account represents a forfeiture, as defined by the Plan. At December 31, 2020 and 2019, forfeitures of non-vested participant accounts totaled $0 for both years. For the year ended December 31, 2020, no forfeitures of non-vested terminated participant's accounts were used to reduce employer-matching contributions to the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts amounts between $1,000 and up to the lesser of a) $50,000 reduced by the excess, if any, of the participant's highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over the current outstanding balance of loans as of the date of the new loan; or 50% of the participant's vested account balance. Loan terms generally may not exceed five (5) years. However, if the loan is for the purchase of a principal residence, the Plan Administrator may permit a longer repayment term. The loans are secured by the remaining balance in the participant's account and are issued at prime rate of interest as published in the Wall Street Journal on the 14th day of each month (or on the first business day preceding the 14th in the event the 14th is not a business day), plus one percent. The rate of interest remains constant throughout the term of the loan. Principal and interest are repaid ratably through payroll deductions. A participant applying for a loan through the Plan will be charged a $125 loan application fee, which is nonrefundable and is used to offset the administrative expenses associated with the loan.

At December 31, 2020 and 2019, notes receivable from participants aggregating $551,823 and $520,116, respectively, were outstanding at interest rates ranging between 4.25% and 6.50% and maturing through 2028.

In accordance with the CARES Act, the Plan permitted qualifying participants to delay loan repayments that were due between July 1, 2020 and December 31, 2020.

ADMINISTRATIVE EXPENSES

Certain administrative expenses of maintaining the Plan are paid by the Company and are not included in these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Fees charged to participants for borrowing against their account balances and benefits paid to participants are paid by the participants and are charged directly to the participant's account. For the year ended December 31, 2020, expenses paid by the Plan totaled $69,337, which are recorded as administrative expenses on the accompanying statement of changes in net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared on the accrual basis of accounting, except for benefits, which are recorded when paid, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP")

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and trustee. See Note 4 – Fair Value Measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent participant notes receivable are recorded as distributions based on the terms of the Plan document.

CONTRIBUTIONS

Contributions made by participants and the Company are recorded on an accrual basis. Contributions are recognized during the period in which the related compensation was paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PAYMENT OF BENEFITS

Benefit payments to participants are recorded when paid.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform, and they did not perform such auditing procedures with respect to the information certified by the trustee of the Plan, except for comparing the information certified by the trustee to the financial statements and supplemental schedule. The financial information certified by the trustee of the Plan as of December 31, 2020 and 2019 and for the year ended December 31, 2020 is as follows:

	December 31, 2020	December 31, 2019
Investments at Fair Value		
Mutual funds	$18,600,401	$15,686,043
Notes Receivable from Participants	$ 551,823	$ 520,116

	Year Ended December 31, 2020
Investment Income:	
Net appreciation in fair value of investments	$2,100,934
Dividend income	676,625
Total Investment Income	$2,777,559
Interest Income on Notes Receivable from Participants	$ 25,880

NOTE 4 - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 – Fair Value Measurement ("ASC 820") defines fair value and establishes a framework for measuring fair value through a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The fair value measurement level of the asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value (there have been no changes in the methodologies used as of December 31, 2020 and 2019):

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 - FAIR VALUE MEASUREMENT (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value at December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Investments, at Fair Value				
Mutual funds	$18,600,401	$ --	$ --	$18,600,401

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Investments, at Fair Value				
Mutual funds	$15,686,043	$ --	$ --	$15,686,043

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. The Plan issues loans to participants, which are secured by the vested balances in the participant's account. The Company also pays certain administrative expenses on behalf of the Plan. These transactions qualify as exempt party-in-interest transactions under the provisions of ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 - TAX STATUS

The Plan has adopted the ADP Prototype 401(k) and Profit Sharing Plan (the "ADP Plan"), which is designed to be qualified under the applicable provisions of the Code and is not subject to federal or state income taxes.

The ADP Plan obtained a favorable opinion letter dated July 16, 2014, in which the IRS stated that the prototype plan, as then designed, complied with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods pending or in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

INVESTMENTS

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participant's account balances and amounts reported in the statements of net assets available for benefits.

NOTE 7 - RISKS AND UNCERTAINTIES (CONTINUED)

COVID-19 PANDEMIC

In March 2020, the World Health Organization declared the outbreak of COVID-19 as a pandemic, which continues to spread through the United States and the World. The COVID-19 outbreak has caused business disruption through mandated and voluntary closings of businesses across the county for non-essential services. There is still considerable uncertainty about the duration of the pandemic and the extent to which COVID-19 may affect the Plan's participants, financial condition and changes in the fair value of its investments. The Plan is not able to estimate the length or severity of this outbreak and the related financial impact.

NOTE 8 - SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2021, the date the financial statements were made available to be issued. There are no events that have been identified that should be recorded or disclosed.
