NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 1 - DESCRIPTION OF PLAN

The following description of the **Amarillo National Bank Health Benefit Plan and Trust** (the Plan) provides only general information. Participants should refer to the Plan agreement and to the current Plan document for a more complete description of the Plan's provisions.

General
The purpose of the Plan is to provide health and certain welfare benefits covering substantially all employees and qualified retirees of Amarillo National Bank (the Sponsor) and all related participating companies. The Plan and related trust were established on January 1, 1983. The Plan and trust are subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The trust is also subject to certain provisions of the Internal Revenue Code.

Amarillo National Bank serves as the Plan's trustee and investment custodian.

Benefits
The Plan provides health benefits (medical, hospital, surgical and major medical) to full-time employees who have completed a 60-day waiting period (or, if classified as an officer of the Sponsor, is actively at work on the first day of employment) and actively working at least 30 hours per week. Benefits are also provided to dependents of active employees, certain former employees, or qualified retired employees.

Under the Plan, eligible active employees and dependent participants may elect to be covered under a self-insured PPO option or a high-deductible option (HDHP). For those participants electing the HDHP option, the sponsor will make discretionary contributions to a Health Savings Account (HSA) in the name of the participant. The Plan is managed by Insurance Management Services (IMS) who serves as the third-party administrative services provider with respect to payment of such health benefits. Retirees are covered under a fully-insured option through United Healthcare.

Wellness Benefits
Wellness benefits are expenses paid from the Trust that are not specifically covered by the Plan. Items such as health screenings, weight loss programs, flu shots for Bank employees not participating in health insurance, and other such expenses are covered.

Contributions
In addition to deductibles and copayments, participants contribute specified amounts based on applicable monthly premiums for their respective benefit elections. Participants pay the full cost of supplemental and dependent life insurance and supplemental accidental death and dismemberment insurance programs based on the current group rate premium cost. The Sponsor pays the full cost of basic life insurance, basic accidental death and dismemberment insurance, long term disability, short term disability and prescription benefits.

For employees retiring prior to December 31, 2017, the costs of the post-retirement benefits plan are shared by the Sponsor and retirees. Retiree contribution rates are $1,200 per year for retiree, $6,108 for spouse and $4,560 for surviving spouse. For employees retiring after December 31, 2017, the retiree is still responsible for the full cost of coverage.

NOTE 1 - DESCRIPTION OF PLAN (continued)

The Sponsor makes contributions to the Plan as needed to fund claims in excess of participants' contributions. Any deficiency of the plan's net assets over benefit obligations is funded by the Sponsor on a pay-as-you-go basis.

Risk Assurance
As of December 31, 2020, the Trustee of the Plan has limited the risk through the purchase of stop-loss type insurance. The stop-loss insurance limits the Sponsor's liability on specific claims to $125,000 per individual and the stop-loss aggregate, which was approximately $7,506,000 in 2020.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates
The accompanying financial statements have been prepared using the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Significant estimates subject to change in the near future are the amount of estimated health claims incurred but not reported, and the post-retirement benefit obligations.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Sponsors' Contributions
The Sponsor and associated companies make contributions to the Plan on a monthly basis. The Trust makes payments to the claims processor each week for self-insured benefits to be paid on behalf of the Plan, in addition to various insurance companies for insured benefits.

Health Claims Payable
Health claims are accrued when presented by the service provider to the third-party administrator for reimbursement.

Estimated Health Claims Incurred But Not Reported
The estimated provision for claims incurred but not reported is determined based on claims history provided by the third-party administrator and actual claims experience subsequent to year end.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events
The Plan has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENT INFORMATION CERTIFIED BY INVESTMENT CUSTODIAN

The following is a summary of the asset information as of December 31, 2020 and 2019, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following Plan assets:

	2020	2019
Investments, at fair value:		
Money market fund	$ 2,976,596	$ 3,285,808

Amarillo National Bank also certified to the completeness and accuracy of $11,496 and $58,688 of interest income related to the aforementioned assets for the years ended December 31, 2020 and 2019, respectively.

NOTE 4 - ADMINISTRATIVE EXPENSES

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, insurance broker, and auditors. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses are paid by the Sponsor on behalf of the Plan.

NOTE 5 - BENEFIT OBLIGATIONS - POST-RETIREMENT HEALTHCARE BENEFITS

The Sponsor provides post-retirement healthcare benefits to former employees who meet certain eligibility requirements, including age and years of employment with the Bank, and who have retired prior to December 31, 2017. At December 31, 2020 and 2019, the accumulated post-retirement benefit obligations were approximately $1,345,000 and $1,685,000, with partially funded plan assets held in trust for post-retirement healthcare benefits of approximately $198,000 and $399,000, resulting in an unfunded benefit obligation of approximately $1,147,000 and $1,286,000, respectively.

During 2017, the Sponsor amended the Plan to eliminate the retiree benefit for active-eligible participants not currently receiving benefits (i.e. non-retirees).

NOTE 5 - BENEFIT OBLIGATIONS - POST-RETIREMENT HEALTHCARE BENEFITS
(continued)

A summary of the funded status of the post-retirement healthcare benefits obligation at December 31 is as follows:

	2020	2019
Fair value of plan assets	$ 198,000	$ 399,000
Benefit obligation	(1,345,000)	(1,685,000)
Under funded status	$ (1,147,000)	$ (1,286,000)

Prior to 2019, the present value of the expected post-retirement benefit obligation was determined annually by an independent actuary and was the amount that resulted from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as those for death, disability, or retirement) between the valuation date and the expected date of payment.

In 2017 the Plan was amended to eliminate the Plan's responsibility for payment of insurance premiums for all retirees who retire after December 31, 2017. As a result of the amendment, in 2019 the Sponsor ceased the engagement of an actuary for estimation of the benefit obligation. Instead, management utilized expected payments provided by the actuary in their 2018 report to estimate annual amortization of the remaining benefit obligation. This calculated amortization was adjusted for an expected return on plan assets of 5% and a discount rate of 3.95% for changes in present value.

For measurement purposes, a 5.0% weighted-average annual rate of increase in the average per capita cost of covered health care benefits was assumed for 2020 and 2019; the rate was assumed to remain at 5.0% for 2021.

Significant assumptions used in accounting for the accumulated post-retirement benefit obligation at December 31, 2018 were:

Discount rate	3.95%	
	Age	**Retirement Rates**
Average retirement age rates	65	75%
	66-69	25%
	70	100%
Mortality table	RPH- 2014 Fully Generational Mortality Table adjusted to 2006, projected using scale MP- 2018	

NOTE 5 - BENEFIT OBLIGATIONS - POST-RETIREMENT HEALTHCARE BENEFITS
(continued)

Changes in Plan assets held exclusively for post-retirement healthcare benefits (funds held in a money market fund and included in Investments in the Statement of Net Assets Available for Benefits) were as follows for the years ended December 31:

	2020	2019
Fair value of Plan assets at beginning of year	$ 399,000	$ 348,000
Retiree contributions	92,000	89,000
Employer contributions	-	250,000
Actual return on Plan assets	2,000	7,000
Benefits paid	(295,000)	(295,000)
Fair value of Plan assets at end of year	$ 198,000	$ 399,000

NOTE 6 - PLAN TERMINATION

Although it has not expressed the intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Sponsor or be used for purposes other than for exclusive benefit of the Plan's participants.

NOTE 7 - TAX STATUS

The trust established to hold the Plan's net assets is not intended to be qualified pursuant to Section 501(c)(9) of the Internal Revenue Code. Thus, the trust's net investment income is subject to income taxes to the extent it exceeds eligible deductions from the trust. Since inception, eligible deductions have exceeded net investment income. No income tax has been paid or is believed to be due.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and has taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2017.

NOTE 8 - TRANSACTIONS WITH PARTIES - IN - INTEREST

Certain Plan assets were held in trust and managed by the custodian of the Plan. As described in Note 1, the Plan has several arrangements with service providers, these transactions are party in interest transactions under ERISA. Transactions and balances maintained within the Plan's money market funds maintained by the Plan sponsor are also party in interest transactions.

NOTE 9 - RISKS AND UNCERTAINTIES

The present value of benefit obligations is estimated by management based on certain assumptions pertaining to interest rates, health care cost trend rates, employee demographics, and retiree life expectancy, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in theses estimates and assumptions in the near term would be material to the financial statements.

In December 2019, a novel strain of coronavirus (COVID-19) was reported in China. In January 2020, the World Health Organization declared COVID-19 to constitute a "Public Health Emergency of International Concern", which continues on as of the date of this report. The extent of the impact of COVID-19 on the Plan's operational and financial performance will depend on future developments, including the duration and spread of the outbreak and related travel advisories and restrictions and the impact of COVID-19 on overall demand for services and products, all of which are highly uncertain and cannot be predicted.

NOTE 10 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

NOTE 10 - FAIR VALUE MEASUREMENTS (continued)

Money Market Fund: Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund is deemed to be actively traded.

The following table summarizes the financial investments measured at fair value on a recurring basis at December 31:
