NOTE A - DESCRIPTION OF PLAN

The following description of the Dawson Technical 401(k) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(1) ***General*** - The Plan is a defined contribution plan covering substantially all employees of Dawson Technical, Inc., Dawson Federal, Inc., Dawson Solutions, LLC, Dawson Enterprises, LLC, Aktarius, LLC, D7, LLC, and B&H Contracting Company, Inc. (collectively the Company) who have one month of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and became effective January 1, 1999.

(2) ***Contributions*** - Participants may contribute up to 90% of pretax annual compensation, as defined by the Plan, not to exceed the maximum amount allowable for federal income tax purposes. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary matching contributions and profit sharing contributions, limited to the maximum amount deductible for federal income tax purposes. For the years ended December 31, 2020 and 2019, the Company made matching contributions of 100% of the first 3% of salary deferrals made by the participants. The matching contribution is invested as directed by the participant. There were no profit sharing contributions for the years ended December 31, 2020 and 2019. Participants must complete one year of service, as defined by the Plan, to be eligible for discretionary matching contributions. Effective January 1, 2020, the Company changed its method of making its discretionary matching contribution from once a year to every pay period. Prior to January 1, 2020, participants had to be employed as of the last day of the Plan year to receive a portion of the discretionary matching contribution.

(3) ***Participant accounts*** - Each participant's account is credited with the participant's contributions and the Company's discretionary matching contributions, as well as allocations of (a) the Company's profit sharing contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(4) ***Vesting*** - Participants are immediately vested in their contributions plus actual earnings on the contributions. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant's vesting percentage for Company contributions increases by 20% upon completion of each of the first through fifth years of service.

(5) ***Notes receivable from participants*** - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000, reduced by the highest outstanding notes receivable balance of a participant during the preceding 12 months or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. Loans at December 31, 2020 bear interest ranging from 4.25% to 6.50% and mature between March 2021 and November 2025. Principal and interest is paid ratably through payroll deductions.

NOTE A - DESCRIPTION OF PLAN (Continued)

(6) ***Payment of benefits*** - On termination of service due to death, disability, retirement, or other termination of employment with the Company, the participant is immediately entitled to a lump-sum distribution equal to the value of the participant's vested balance of his or her account. If a participant's vested interest does not exceed $5,000, the distribution shall be made in the form of a lump-sum payment as soon as practicable.

(7) ***Forfeited accounts*** - Termination of employment for reasons other than retirement, disability or death results in a forfeiture of the nonvested portion of the participant's account balance. Forfeitures attributable to the Company's matching contributions may be used to pay for the Plan's administrative expenses. Forfeitures may also be used to reduce future Company contributions to the Plan. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $1,372 and $58,675, respectively. During the year ended December 31, 2020, forfeited non-vested accounts of $120,655 were used to reduce Company matching contributions.

(8) ***Plan termination*** - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in Company contributions.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

(1) ***Basis of accounting*** - The financial statements of the Plan have been prepared on the accrual basis of accounting consistent with accounting principles generally accepted in the United States of America.

(2) ***Use of estimates*** - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(3) ***Investment valuation and income recognition*** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the settlement date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

(4) ***Notes receivable from participants*** - Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are recorded as a distribution on the basis of the terms of the Plan agreement.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (Continued)

(5) ***Payment of benefits*** - Benefits are recorded when paid.

(6) ***Administrative expenses*** - Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

(7) ***Subsequent events*** - Plan management has evaluated subsequent events through October 14, 2021, the date on which the financial statements were available to be issued. There were no subsequent events that required adjustment of or disclosure in the financial statements.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE AND CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information was certified by Reliance Trust Company as complete and accurate as of and for the years ended December 31, 2020 and 2019, respectively, and was not subjected to any auditing procedures by the independent auditor.

Information included in the accompanying financial statements and supplemental schedule for investment balances, notes receivable from participants, net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants are presented in reliance solely upon those certifications.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows.

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correction or other means.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable for the asset or liability.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy tables is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,042,633	$ --	$ --	$ 16,042,633
Total assets in the fair value hierarchy	$ 16,042,633	$ --	$ --	16,042,633
Investments measured at NAV [(a)]				745,753
Investments at fair value				$ 16,788,386

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,243,607	$ --	$ --	$ 10,243,607
Total assets in the fair value hierarchy	$ 10,243,607	$ --	$ --	10,243,607
Investments measured at NAV [(a)]				678,322
Investments at fair value				$ 10,921,929

[(a)] Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments.

Investment	December 31,	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund	2020	$ 745,753	N/A	Daily	12 months
Stable value collective trust fund	2019	$ 678,322	N/A	Daily	12 months

NOTE E - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE F - TAX STATUS

On January 1, 2019, the Plan adopted an Automatic Data Processing (ADP) defined contribution plan non-standardized 401(k) profit sharing plan. On July 16, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and is currently being operated, in compliance with the applicable requirements of the IRC. The Plan sponsor has indicated that it will take the necessary steps, if any, to maintain the Plan's qualified status.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Reliance Trust Company is the trustee of the Plan and ADP Retirement Services provides third party administrative services, and therefore these transactions qualify as party-in-interest transactions. Administrative fees paid to Reliance Trust Company were $51,192 and $34,623, during the years ended December 31, 2020 and 2019, respectively. Audit fees are rendered by parties in interest and are paid by the Company. The Company also provides certain administrative services for the Plan for which it receives no compensation.

NOTE I - IMPACT OF COVID-19

The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainties and volatility in financial markets. The full impact of the COVID-19 outbreak continues to evolve and cannot be determined at this time.

Tax laws enacted through the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), which among other things, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions.

During 2020, the Plan opted in to interim provisions effective January 1, 2020 for compliance with the SECURE Act and the CARES Act, however, no formal amendment has yet been made. Plan management is currently assessing the other optional features within the CARES Act and the SECURE Act, which have not been implemented to date. Written amendments to the Plan to reflect operational changes will be adopted at a later date in accordance with the applicable laws and IRS guidance.

NOTE J - CHANGE IN BASIS OF ACCOUNTING

During the year ended December 31, 2020, the Plan changed its basis of accounting from the modified cash basis to the accrual basis of accounting. As a result of this change, net assets available for benefits as of January 1, 2019 was increased by $438,425 and employer contributions receivable and net assets available for benefits as of December 31, 2019 were increased by $657,287. Employer contributions for the year ended December 31, 2019 were increased by $218,862.
