Independent Auditors' Report

Members of the Board of Trustees and Participants
Lamonica's 401(k) Plan
Los Angeles, California

We were engaged to audit the accompanying financial statements of the Lamonica's 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. However, because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 7, which was certified by Ascensus Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2020 is required by DOL Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following description of the Lamonica's 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan became effective on January 1, 2019. The Plan is a defined contribution plan covering substantially all employees of Lamonica's Pizza Dough Co, Inc. (the "Company") who are age 21 or older. Employees are eligible to participate after completing three months of service, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may make pre-tax (regular and catch-up) and Roth contributions, as defined in the Plan, subject to certain Internal Revenue Code limitations. Participants may also make rollover contributions from other qualified plans. The Company has adopted a safe harbor provision to eliminate the need for certain nondiscrimination tests required by the Internal Revenue Service. Company contributions made under the safe harbor provision are immediately 100% vested. Under the safe harbor provision, the Company has elected to make a matching contribution equal to 100% of each participants deferral up to 3% of the respective participants' compensation and 50% of each participant's deferral exceeding 3% and up to 5% of compensation. A participant is eligible to receive safe harbor contributions upon satisfaction of the Plan eligibility requirements. The Company may also elect each plan year to make discretionary profit sharing contributions at an amount determined by the Board of Directors. For the Plan year ended December 31, 2020, the Company did not make any profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and allocations of the Plan's earnings, and charged with the participant's withdrawals and allocations of the Plan's losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their voluntary contributions, rollover contributions and Company safe harbor matching plus actual earnings thereon. Vesting in the Company's profit sharing contributions is based on continuous years of service. A participant is 20% vested after two years of service and vests an additional 20% per year of service until they are 100% vested after six years of service.

Investment Options

Participants direct both employee deferrals and employer contributions to be invested in various investment options as made available and determined by the plan administrator, which are more fully described in the Plan literature.

Note 1 – Description of Plan (continued)

Benefit Payments

Participants may withdraw the vested interest in their account only in the event of termination of employment, retirement, death, disability, financial hardship or when they reach an age of 59 1/2. On termination of employment, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If a participant makes no distribution election upon termination of employment, and the value of their account is less than $5,000, the vested balance of their account may be automatically rolled over into an Individual Retirement Account.

Forfeiture Accounts

At December 31, 2020 and 2019, there were no forfeited non-vested amounts. Forfeited balances of terminated participants' non-vested accounts may be used to pay administration expenses of the Plan and any remaining forfeitures may be used to reduce matching contributions.

Subsequent Events

The Plan has considered subsequent events through October 15, 2021, the date the financial statements were available to be issued, in preparing the financial statements and notes thereto.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes mutual fund investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements. The Plan is subject to review by certain regulatory authorities. Management does not believe that the effect of such reviews, if any, will have a significant impact on the Plan.

Note 2 – Significant Accounting Policies (continued)

Terminated and Defaulted Notes

Notes receivable from participants are terminated when a participant withdraws from the Plan. Any unpaid note balance will be reduced by the amount of the vested interest in the account balance upon distribution. Notes with any scheduled repayment that remain unpaid as of the last business day of the calendar quarter following the calendar quarter in which repayment was due, or with an outstanding principal balance existing after the last scheduled repayment date, are in default.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net increase in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Plan as provided in the Plan document. However, the Company may also pay the Plan expenses directly. Transaction charges for benefit payment transactions, if any, are paid by the Plan by reducing the balances of those participants initiating the transaction.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Note 3 – Information Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by Ascensus Trust Company, and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments as of December 31, 2020 and 2019, as indicated in the Statements of Net Assets Available for Benefits;

b. Investment income information, as indicated on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020; and

c. Supplemental schedule of assets (held at end of year) as of December 31, 2020.

Note 4 – Related Party Transactions

The Plan's investment advisor receives direct compensation from the Plan for investment management and advisory services. For the year ended December 31, 2020, fees paid to the investment advisor were nominal.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, participants will become 100% vested in their employer contributions.

Note 6 – Income Tax Status

The Internal Revenue Service has determined and informed the sponsor of the volume submitter plan adopted by the Company, by a letter dated March 31, 2014, that the volume submitter plan is designed in accordance with applicable sections of the Internal Revenue Code. Per Revenue Procedure 2005-16, a Company adopting such a plan may rely on the volume submitter plan's letter if the terms of the Plan are followed in operation. Accordingly, this reliance on the favorable opinion letter is equivalent to a favorable determination letter issued to the Company.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing and other jurisdictions. However, there are currently no audits in progress for any prior tax periods.

Note 7 – Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: These inputs into the valuation methodology consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Examples of these inputs into the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: These inputs into the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:.

- *Mutual Funds*: Valued at the net asset value of shares held at year end. The net asset value is a quoted price in an active market and classified as level-1 asset.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at December 31, 2020 and 2019.

Note 7 – Fair Value Measurements (continued)

Changes in economic conditions or valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2020 2019, there were no transfers in or out of levels 1, 2 or 3.

Note 8 – Reconciliation of Plan Financial Statements to the Form 5500

The Annual Return / Report of Employee Benefit Plan (the "Form 5500") is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of the Form 5500 differ from those included in these financial statements. The ending net asset balance is reconciled as follows:

	2020	2019
Net assets as presented in these financial statements	$ 800,051	$ 393,947
Participant contributions receivable, not included in Form 5500	(7,622)	(10,984)
Employer contributions receivable, not included in Form 5500	(3,584)	(3,464)
Net assets as presented in Form 5500	$ 788,845	$ 379,499

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2020 to Form 5500:

Increase in net assets per these financial statements	$ 406,104
Participant contributions receivable at December 31, 2020, not included in Form 5500	(7,622)
Participant contributions receivable at December 31, 2019, included in Form 5500	10,984
Employer contributions receivable at December 31, 2020, not included in Form 5500	(3,584)
Employer contributions receivable at December 31, 2019, included in Form 5500	3,464
Increase in net assets available for benefits as presented in form 5500	$ 409,346

Note 9 – CARES Act

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic. The COVID-19 pandemic has led to extreme volatility in financial markets and has affected, and may continue to affect, common stock prices and other Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was passed by Congress. The CARES Act includes several relief provisions available to tax-qualified retirement plans and its participants. The following provisions were made available to qualified individuals who themselves, or whose spouse or dependent, was diagnosed with COVID-19 or experienced adverse financial consequences due to COVID-19:

- In-service withdrawals of up to $100,000 of vested balance available through December 31, 2020, after taking available loans from the Plan.
- A temporary additional loan and relaxation of current requirements for loans taken through September 22, 2020, based on the lesser of 50% of the vested account balance or $50,000.
- A temporary allowance for employees to defer loan repayments through December 31, 2020 for one year.

The Setting Every Committee Up for Retirement Enhancement Act (the "SECURE Act") was passed by Congress in December 2019. In February 2020, the Required Minimum Distributions ("RMD") age was amended from 70 ½ to 72 under the provisions of the SECURE Act. In addition, following the CARES Act, the required minimum distributions that would have been due in 2020 as a result of a former employee reaching age 72 are temporarily waived.
