**NOTE A--DESCRIPTION OF PLAN**

The following description of the RusCorr, L.L.C. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General**

The Plan is sponsored by RusCorr, LLC (the "Company") for employees that meet specific eligibility requirements, as defined in the Plan's provisions. Affiliated companies RusCorr II, LLC and CSC Atlanta, LLC are participating employers under the Plan for the benefit of their employees and are bound by all elections selected by the Company. The Plan, designated as a defined contribution plan, was originally established on September 1, 2003, and was most recently restated and amended September 1, 2020 (see Note J). The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Non-leased employees are eligible to participate after completing one month of service. Employees are eligible to enter the Plan on the first day of the month following satisfaction of the eligibility requirements (see Note J).

The Plan is subject to the provisions of the Employee Retirement Income and Security Act of 1974 ("ERISA"). The Plan Administrator and Plan Trustees are responsible for oversight of the Plan, determining the appropriateness of investment offerings, and monitoring investment performance.

**Contributions**

Eligible participants may elect to contribute Roth and pre-tax deferred compensation to the Plan by means of a salary deferral agreement up to the maximum limit permitted by law. Contributions are, thus, subject to limitations as provided in the Code and as described in the Plan's provisions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers) in accordance with Plan provisions.

Unless eligible employees affirmatively elect otherwise, their compensation will be reduced by 2%, amended to 3% at September 1, 2020, the "Automatic Enrollment Rate" (see Note J). For each payroll period in which they are an active and eligible participant, a pre-tax deferral contribution at the automatic enrollment rate will be made on the participant's behalf into a default fund as designated by the Plan Trustees.

The Company may make discretionary matching contributions to the Plan in accordance with Plan provisions. Eligibility requirements for matching contributions are the same as general Plan eligibility requirements. Employees are eligible to receive the matching contributions on the first day of the month coinciding with or next following satisfaction of meeting the eligibility requirements.

The Company may make discretionary non-elective contribution to the Plan in accordance with the Plan provisions. Employees must complete one year of service with at least 1,000 hours completed during the year and be employed at the end of the Plan year in order to be eligible to receive an allocation of the non-elective employer contribution.

Salary deferral contributions are funded proximate to the withholding date. Discretionary contributions, if any, are funded annually after the close of the Plan year and within statutory time frames.

**NOTE A--DESCRIPTION OF PLAN-continued**

**Participant Accounts**

Each participant's account is credited with the participant's contribution, if any, and allocations of (a) the Company's discretionary matching or profit sharing contributions, if any, (b) Plan earnings or losses, (c) forfeitures of terminated participants' non-vested accounts, and (d) charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant account balances or compensation, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Investment Options**

Upon enrollment in the Plan, participants direct the investment of their contributions into various investment options offered by the Plan and may elect to change their investment options at any time. During any period in which there is no participant direction on file with the Plan as to the investment of a participant's account, 100% of that participant's account will be invested in the investment option designated from time to time by the Plan Trustees as the default investment. The Plan currently offers various investment options for participants, including mutual funds and a fixed annuity.

**Vesting**

Participants are immediately vested in their contributions and discretionary matching contributions plus actual earnings thereon. Vesting in the Company's discretionary profit-sharing contributions plus actual earnings thereon is based on years of credited service, as presented below. A participant is 100 percent vested after six years of credited service. Participants who attain the normal retirement age of 65 or who terminate employment due to death or disability become 100 percent vested in their account balances.

| Years of Credited Service | Vested Percentage |
|---|---|
| Less than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

**Notes Receivable from Participants**

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the participant's highest outstanding loan balance in the previous twelve months and the participants existing loan balance or 50 percent of their vested interest in the Plan, reduced by the participants existing loan balance. The loans are collateralized by the participant's account balance and bear interest at a reasonable rate commensurate with local prevailing rates as determined by the Plan Administrator. Loans are for a period not to exceed five years unless for the purchase of the participants principal residence, in which case a reasonable time for repayment will be determined. The interest rates applied to current loans outstanding are between 4.25 and 6.50 percent. Principal and interest are paid ratably through payroll deductions.

**NOTE A--DESCRIPTION OF PLAN-continued**

**Payment of Benefits**

Upon termination of employment due to death, disability, retirement or Plan termination, a participant is entitled to 100 percent of their account balance. For termination of employment for other reasons, a participant is entitled to 100 percent of the participant's contributions and the vested portion of the Company's contributions based upon the Plan's vesting provisions in a lump sum.

All distributions will be made as soon as administratively feasible. However, those account balances in excess of $5,000, will be made as soon as administratively feasible following the date the Plan Administrator receives a written request for distribution. In-service and hardship withdrawals, subject to certain restrictions, are also permitted.

Mandatory distributions less than $5,000 will be paid in a single lump-sum payment. The Plan will make the distribution as a direct rollover for any amounts greater than $1,000. These distributions will be made if a participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly.

**Forfeited Accounts**

Forfeited nonvested accounts may be used to reinstate any previously forfeited amounts of certain former participants who are rehired. The remaining forfeitures will first be used to pay administrative expenses of the Plan, as directed by the employer, with remaining amounts used to reduce future employer contributions.

At December 31, 2020 and 2019 forfeited non-vested accounts totaled $1 and $17,655, respectively. During the year ending December 31, 2020, the Plan used $74,916 of the forfeited non-vested accounts to reduce matching contributions for the Plan year 2020 and $4,647 to pay Plan expenses.

**NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

**NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued**

**Investment Valuation and Income Recognition**

Investments are reported at fair value, except for the fixed annuity contract, which is at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Profit Sharing and 401(k) Oversight Committee determines the Plan's valuation policies utilizing information provided by the investment Custodian and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded at December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loans to be in default, the participant loan balance is reduced, and a benefit payment is recorded. During the plan year ended December 31, 2020, $73,916 of notes receivable from participants were deemed distributed.

**Payment of Benefits**

Benefits are recorded when paid.

**Administrative Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administrating notes receivable and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of the fair value of investments.

**Subsequent Events**

Management of the Plan has evaluated subsequent events through October 15, 2021, which is the date the financial statements were available to be issued.

**NOTE C--FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Should an investment be re-characterized form one level to another level, Plan management would state the basis for the change. Under such circumstances the Plan would report the transfers in and transfers out at the beginning of the Plan quarter when change occurs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

*Registered investment companies*: Registered investment companies' value mutual funds at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Pooled separate accounts:* Shares of pooled separate accounts are valued at the NAV of units held by the pooled separate account. The NAV is the basis for current transactions and the pooled separate account can be redeemed at NAV as of the measurement date, therefore, this investment has a readily determinable fair value. Participant transactions (sales and purchases) may occur daily and shares can be redeemed on a daily basis.

**NOTE C--FAIR VALUE MEASUREMENTS-continued**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

| | Quoted prices in active markets for identical assets (Level 1) | Significant other observable inputs (Level 2) | Significant unobservable inputs (Level 3) | Total Fair Value |

**NOTE D--INFORMATION CERTIFIED BY CUSTODIANS**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in the fair value and contract value, as applicable, of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodians. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to such information certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Plan Custodian, from July 1, 2020 to December 31, 2020, and for the year ended December 31, 2020 and Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC as of and for the year ended December 31, 2019 and for the period January 1, 2020 to June 30, 2020.

Except for comparing such information as certified as being complete and accurate by the Custodians to information included in the Plan's financial statements and supplemental schedule, the Plan's independent auditors did not perform any auditing procedures on the certified information.

**NOTE E--FIXED ANNUITY CONTRACT**

At December 31, 2020, the Plan invests in a single group annuity contract with Principal Life Insurance Company as the issuer of the contract. In accordance with ASC Subtopic 820-10, this investment is presented in the financial statements at its contract value. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The value of the traditional investment contract at December 31, 2020 is $1,074,502.

The annuity contract pays a fixed rate of interest. The contract is not a portfolio of contracts with yields based on changes in fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e. interest credited) on the group annuity contract. The interest crediting rate was 1.60% at December 31, 2020 and is updated semiannually with the next crediting rate update scheduled for June 2021.

By definition, a group annuity contract is an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time. Interest is credited to the Guaranteed Interest Fund on a daily basis from the date deposits are accepted until paid, transferred or applied in full. Fees may be paid in one of the following three ways: (1) by being netted from the effective annual interest rate; (2) by being paid separately by the Plan Sponsor; or by being deducted from the Guaranteed Interest Fund. Benefit payments are deducted from the value of the Guaranteed Interest Fund to the extent that the Composite Value is sufficient to make such payments. Payments and transfers are made in full within 3 business days after the date payment or transfer has been requested. In the event that market conditions are such that it is determined that they will not allow for the orderly transfer or sale of financial instruments, up to an additional 30 days may be required to make such payment or transfers.

**NOTE E--FIXED ANNUITY CONTRACT-continued**

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) termination of a Plan's interest, if the Plan Sponsor wishes to terminate the Plan's interest, the value of the Plan's interest will be paid out in six installment payments. The first installment payment will be paid six months after the date of the notice to terminate the Plan's interest. Subsequent installment payments will be made on the same day of each year thereafter. In lieu of the six installment payment option, the record keeper may request payment be made on a date at least 90 days, but not more than 180 days from the date of the notice, subject to a potential Early Termination Charge and (2) termination of the contract, the Plan's contract shall be terminated on the date when both no current deposits arrangements have been made between the record keeper and Plan Sponsor and there are no Guaranteed Interest Funds with a value greater than zero. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable to occur.

At December 31, 2019, the Plan had a fully benefit-responsive investment contract, the Key Guaranteed Portfolio Fund (the "Fund"), with Great-West Life & Annuity Insurance Company. This fixed annuity is credited with the accumulation of contributions that are allocated to the Fund, plus interest credited to the Fund on an annual effective basis pursuant to the guaranteed interest rate and charged for any amounts transferred or distributed and any administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is considered the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the investment contract at December 31, 2019 is $307,277. Interest is credited to a participant's account daily, based on its daily balance at the established effective rate of interest that reflects the performance of the underlying portfolio. The Fund's crediting interest rate is determined by the Custodians prior to the last day of the previous calendar quarter and is the periodic interest rate accrued to Plan participants. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

With traditional investment contracts, the Plan owns only the contract itself. With synthetic investment contracts, the Plan owns the underlying assets of the synthetic investment contract. The Fixed Annuity is a traditional investment contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include premature termination of the contracts by the Plan; Plan termination, bankruptcy of the Plan Sponsor or failure of the trust to qualify for federal income tax exemption. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

**NOTE E--FIXED ANNUITY CONTRACT-continued**

Either party may terminate the investment contract with at least 90 days advance written notice to the other party. If the Fund was to be discontinued, the value of the funds to be disposed would be determined in accordance with contract provisions, which included an interest component. There are no reserves for credit risk of the contract issuer or otherwise. The investment contract was terminated due to the transfer of funds to the new Custodian. The value of this fund was transferred at contract value into the Principal Guaranteed Option fund on July 1, 2020 (see Note K).

**NOTE F--RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS**

Plan investments consist of registered investment companies, pooled separate account and a fixed annuity contract managed by the Custodians; and therefore, qualifies as party-in-interest transactions. The Custodians performed administrative and recordkeeping services for the Plan which were paid for with Plan assets.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services by the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

**NOTE G--PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**NOTE H--TAX STATUS**

On March 31, 2014, the Internal Revenue Service stated that the prototype plan document, subsequently adopted by the Plan, as then designed, qualified under section 401(k) of the Code. The Plan has been amended since receiving the determination letter. The Plan has not received a determination letter specific to the Plan itself. However, the Plan Administrator and the Plan's legal counsel believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the Code and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2017.

**NOTE I--RISKS AND UNCERTAINTIES**

The Plan's assets are invested directly and indirectly in various investment securities. The investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to the changes in the value of those underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE J--PLAN AMENDMENTS AND RESTATEMENT**

Effective January 1, 2019, the Plan was amended to provide that employees must complete 1,000 hours of service and be employed at the end of the Plan year in order to be eligible to receive an allocation of the non-elective employer contribution.

Effective February 1, 2019, the Plan was amended to provide that employees receive credit for service with prior employers if the employer maintains the plan of the prior employer. Service with the following prior employers will be credited as service under this plan: Alsip MiniMill, LLC, CSC-Atlanta, LLC, CSC-Indiana, LLC, CSC-Pennsylvania, LLC, MiniMill Management, LLC, RusCorr II, LLC and Corrugated Supplies Company, LLC.

The Plan was also amended in 2019 to provide that employees may elect Roth deferrals as well as pre-tax deferrals. Both Roth and pre-tax deferrals will be matched.

The Plan amendment in 2019 also provides that in-service distributions may be made from pre-tax deferrals, Roth deferrals, safe harbor contributions, qualified non-elective contributions, and qualified matching contributions. Hardship withdrawals and in-service distributions due to hardship may only be made from pre-tax and Roth deferrals.

Effective September 1, 2020, the Plan was amended and restated. The restated Plan document removed the minimum age requirement for Plan eligibility, changed the hours of service requirement of 83.3 hours worked in the month to a month of service for Plan eligibility, changed the automatic enrollment percentage from 2 percent to 3 percent, and changed eligibility for participants receiving matching contributions from the first day of the quarter to the first day of the month after meeting eligibility requirements.

**NOTE K--TRANSFER OF ASSETS**

On July 1, 2020 net assets of the Plan in the amount of $4,055,644 were transferred from Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC to the new Custodian, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. This event did not result in a reduction of vested benefits or of net assets available for benefits
