NOTE 1 – DESCRIPTION OF PLAN

Paton Engineers and Constructors, Inc. 401(k) Plan (the Plan) is a defined contribution plan adopted by Paton Engineers and Constructors, Inc. (the Company), originally effective on January 1, 2004, to enable eligible employees to save for retirement. The Plan was most recently amended effective May 30, 2017. The Plan was also revised in April 2020 to adopt certain provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The summary of significant provisions of the Plan presented below provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility – All nonexcluded employees of the Company who have completed six consecutive months of service are eligible to participate in the Plan. The Plan's entry date is the first day of the calendar month coincident with or next following the date an employee satisfies the eligibility requirements.

Contributions – Participants may elect to defer up to 100% of their eligible compensation into the Plan on a pre-tax or after-tax basis, not to exceed the dollar limit set by law. Participants who are age 50 or over may also defer an additional amount called a catch-up contribution. Participants may elect to start, increase, or reduce elections to contribute to the Plan effective as of the first day of the Plan year and the first day of the seventh month of the Plan year. Participants may suspend their elections at any time.

The Company may make a matching contribution to the Plan on behalf of each eligible participant in an amount equal to a percentage of the eligible contributions made by each eligible participant during the contribution period. For 2020, the Company made matching contributions equal to 50% of each participant's pre-tax contributions, up to 5% of eligible compensation.

The Company may also make a profit sharing contribution to the Plan on behalf of eligible participants in an allocated amount. Participants are eligible to receive profit sharing contributions to the Plan if they are employed by the Company on the last day of the Plan year. For 2020, the Company did not make a profit sharing contribution.

Participants can roll over part or all of an eligible rollover distribution they receive from an eligible retirement plan into this Plan.

Participant Accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants are responsible for their investment decisions under the Plan and any resulting investment activity. The Plan currently offers various pooled separate accounts as investment options for participants. The value of participant accounts is updated each business day to reflect any contributions, exchanges between investment options, investment earnings or losses for each investment option, and withdrawals.

Vesting – Participants are always 100% vested in their deferral contributions, including catch-up and rollover contributions, plus any earnings thereon. Vesting in employer matching contributions and profit sharing contributions is based on years of vesting service. Participants will become 100% vested in their employer matching and profit sharing contributions after four years of service.

Notes Receivable From Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of one-half of their vested account balance or $50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the balance in a participant's account. All loans bear a reasonable rate of interest. Principal and interest are paid ratably through after-tax payroll deductions on at least a quarterly basis over a five-year period unless it is for the purchase of a participant's principal residence in which case the loan repayment period may not exceed beyond 15 years from the date of the loan.

Payment of Benefits – Participants may receive a distribution if they request one due to their disability, retirement, or termination of employment from the Company. If a participant's vested account balance does not exceed $1,000, the participant's vested account balance will be distributed in a lump sum. If a participant's vested account balance is more than $1,000 but is less than $5,000, participants may either elect to receive the distribution in cash or to roll over the distribution to an IRA or the qualified plan of a new employer. If a participant's vested account balance exceeds $5,000, the participant must consent to any distribution from their account.

Participants who have attained age 59½ may receive an in-service distribution from their vested accounts. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs that a participant may have.

CARES Act – On March 27, 2020, the CARES Act was enacted and signed into law. Certain provisions of the CARES Act permit participants who satisfy the eligibility requirements for a coronavirus-related loan to take a loan from the Plan during the 180-day period beginning on March 27, 2020 of up to the lesser of $100,000 (taking into account the outstanding balance of all other loans taken from plans of the employer) or 100% of the nonforfeitable value of the participant's account under the Plan. A participant who satisfies the eligibility requirements for a coronavirus-related loan may delay repayment of a new or existing loan from the Plan for a period of one year for loan repayments outstanding on March 27, 2020 through December 31, 2020. The delay of the loan repayment will not cause the loan to fail to meet the Internal Revenue Code (IRC) requirements for the maximum five-year loan term for nonresidential loans or substantially level reamortized payment schedule. Once repayments recommence, the loan will be adjusted to reflect the delay, including accrued interest.

Certain provisions of the CARES Act permit participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons through December 31, 2020. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, being unable to work due to a lack of childcare due to COVID-19, or through a diagnosis of COVID-19 for the employee, spouse, or dependent. Participants may spread the tax consequences of these distributions over three years and they may pay these distributions back to the Plan within three years to avoid taxation on the portion that is repaid. The Company has elected to allow the distribution provisions of the CARES Act.

The amendment for the CARES Act elections must be adopted by the end of the calendar year 2022.

Forfeited Accounts – If a participant terminates employment before being fully vested, they will forfeit the nonvested portion of their account balance when they receive a distribution. Forfeitures may be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. At December 31, 2020 and 2019, the forfeited nonvested account totaled $27,392 and $18,999, respectively. No forfeitures were used during 2020.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Other income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 15, 2021, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement. As of December 31, 2020 and 2019, the Plan had no level 3 assets.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled Separate Accounts – Fair value is calculated as the number of units of the sub-account held on a particular date multiplied by the unit value on that date, and generally is the value that would be paid out for participant-initiated or benefit withdrawals.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	**$ -**	**$ 10,336,055**	**$ -**	**$ 10,336,055**
Total investments at fair value	**$ -**	**$ 10,336,055**	**$ -**	**$ 10,336,055**

	2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 10,013,918	$ -	$ 10,013,918
Total investments at fair value	$ -	$ 10,013,918	$ -	$ 10,013,918

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIAN

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian, except for comparing such information certified by the custodian with information included in the Plan's financial statements and supplemental schedule.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the custodian. These transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction rules under ERISA.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company may amend or terminate the Plan at any time in its sole discretion. If any of these actions are taken, the participants will be notified. However, no such action may permit any part of Plan assets to be used for any purpose other than the exclusive benefit of participants and beneficiaries or cause any reduction in participant vested account balances as of the date of the amendment or termination. If the Plan is terminated, all amounts credited to participant's accounts will become 100% vested.

As a result of a reduction of the Company's workforce in 2020, the Plan incurred a partial plan termination as defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Company. If a partial plan termination occurs, full vesting is required for the terminated participants. As a result, amounts of previously unvested account balances became fully vested in the Plan. The Company is in the process of ensuring all terminated employees who were participants in the Plan were fully vested in their account balances, if they were not already fully vested. Management does not believe this will affect the tax status determination of the Plan.

NOTE 7 – TAX STATUS

The Company adopted a volume submitter profit sharing plan with CODA sponsored by Alliance Benefit Group of Houston Inc. The volume submitter plan obtained its latest opinion letter on September 30, 2014, in which the Internal Revenue Service (IRS) stated that the plan, as then designed, was acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, the novel coronavirus (or COVID-19) outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruptions of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

NOTE 9 – PROHIBITED TRANSACTIONS

During 2020 and 2019, the Company failed to remit to the custodian certain participants' contributions and loan repayments totaling $9,338 and $4,179, respectively, within the timeframe called for within the DOL's regulations. Delays in remitting participants' contributions and loan repayments were due to unintentional administrative errors. As of December 31, 2020, the Company had not remitted such 2020 delinquent participant's contributions to the Plan. The Company will make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays. As of December 31, 2020, certain lost earnings on 2020 and 2019 delinquent contributions had not yet been remitted to the Plan. Management believes these nonexempt transactions do not affect the tax status determination of the Plan.
