We have performed an audit of the financial statements of Rochester Midland Corporation 401(k) Salary Deferral and Deferred Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2020, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Rochester Midland Corporation 401(k) Salary Deferral and Deferred Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rochester Midland Corporation 401(k) Salary Deferral and Deferred Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rochester Midland Corporation 401(k) Salary Deferral and Deferred Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants and to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rochester Midland Corporation 401(k) Salary Deferral and Deferred Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt Rochester Midland Corporation 401(k) Salary Deferral and Deferred Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROCHESTER MIDLAND CORPORATION
401(k) SALARY DEFERRAL AND
DEFERRED PROFIT SHARING PLAN

Notes to Financial Statements
December 31, 2020 and 2019

1. Description of Plan

The following brief description of the Rochester Midland Corporation 401(k) Salary Deferral and Deferred Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on October 1, 1985 and is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code. The Plan covers substantially all employees of Rochester Midland Corporation (RMC) who meet certain age requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan adopted a new prototype plan on November 1, 2020.

Participation in 401(k) benefits

Employees who complete one hour of service and reached age 18 are eligible to participate in the Plan. Further information concerning the Plan agreement and benefit provisions is contained in the Rochester Midland Corporation Payroll Investment Plan 401(k) Agreement. Copies of this agreement are available from the Rochester Midland Corporation 401(k) Salary Deferral and Deferred Profit Sharing Plan Advisory Committee (the Advisory Committee). In the absence of an election made by a participant, within a specific period of time as established by the Plan administrator, a participant shall be deemed to have elected a pre-tax contribution of 2.0% of his or her compensation. Starting in November, 2020, the automatic deferral percentage will increase by 1% per year up to a maximum of 6% of compensation.

In March, 2017 RMC purchased WellBeing Hygiene, Inc. Per the terms of the agreement, the Plan was amended to grant eligibility and vesting credit under the Plan to former employees of WellBeing Hygiene, Inc. with such service credits based on the employees' service with WellBeing Hygiene, Inc. prior to March 1, 2017.

The Plan provides for a discretionary employer matching contribution. The matching contribution is at the sole discretion of the Board of Directors of RMC and is approved annually. Matching contributions amounted to $99,951 and $98,036 for the years ended December 31, 2020 and 2019, respectively.

Participation in deferred profit sharing benefits

Employees are immediately eligible to receive the profit sharing contribution. Further information concerning the Plan agreement and the vesting and benefit provisions is contained in the Rochester Midland Corporation Deferred Profit Sharing Trust Agreement. Copies of this agreement are available from the Advisory Committee.

1. Description of Plan (Continued)

Participation in deferred profit sharing benefits (Continued)

Due to an acquisition, the Plan was amended in May, 2012 to change the Plan's profit sharing contribution allocation formula to a rate group classifications approach which allows RMC to make certain contributions to the Plan based on commitments made in the acquisition documents. The contribution amount for each rate group is based on the difference between the former Ashland employees' last pension contribution while employed at Ashland and the profit sharing contribution, if any, made by RMC to the Plan for a given year. If the profit sharing contribution from RMC is less than a rate group's last pension contribution at Ashland, RMC is required to contribute the difference. If the profit sharing contribution from RMC is greater than a rate group's last pension contribution at Ashland, no additional contribution is required on behalf of the rate group by RMC. This was finalized for the year ended December 31, 2019.

Administration

The Advisory Committee is responsible for the general administration of the Plan and implementation of the Plan provisions.

Participant accounts

Each participant shall have an account which will be credited with employer contributions, participant's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances.

Participant loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates determined by the Plan administrator. At any time, no more than one loan may be outstanding from the Plan to the participant. Participant loans outstanding at December 31, 2020 bear interest rates of 4.25% to 6.50%.

The Plan adopted the loan relief provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. The provisions adopted by the Plan allows (1) Plan participants to take loans up to the lesser of $100,000 or 100% of the participant's vested balances and (2) Plan participants to suspend loan repayments to until December 31, 2020.

1. Description of Plan (Continued)

Vesting

Participant salary deferral fund balances are fully vested at all times. Deferred profit sharing and matching contributions from RMC are vested as follows:

20% after 2nd year of participation
40% after 3rd year of participation
60% after 4th year of participation
80% after 5th year of participation
100% after 6th year of participation

As previously noted, employees hired in relation to several acquisitions retained vesting credit for prior service with their former employers.

Funding policy

Each eligible participant may contribute any percentage up to 50% of their compensation for the pay period as elected in the salary deferral agreement. Participants' accounts are credited for their contributions upon disbursement of payroll. Discretionary employer matching contributions are provided for in the Plan. In addition, participants may transfer funds from other qualified plans with the consent of the Plan administrators.

Included in rollover contributions were $117,181 and $121,776 of transferred funds from the Rochester Midland Corporation Employee Stock Ownership Plan (the ESOP) for the years ended December 31, 2020 and 2019, respectively. These rollovers represent the diversification of funds as permitted by the ESOP.

RMC shall provide annual discretionary profit sharing contributions to the Plan, if any, as specified by the Board of Directors of the Company for each participant eligible to share in the allocation for a plan year. The Plan is funded on a current basis. There were no discretionary profit sharing contributions made to the Plan for the years ended December 31, 2020 and 2019.

As noted above, RMC shall provide annual profit sharing contributions to former Ashland employees using a rate group classifications approach. Profit sharing contributions using this approach for the years ended December 31, 2020 and 2019 amounted to $-0- and $44,029, respectively.

1. Description of Plan (Continued)

Payment of benefits

Upon retirement, death, or disability, the entire account balance, if less than $5,000 will be distributed in the form of a lump-sum payment. If the account balance is greater than $5,000, the participant may choose a lump-sum distribution or equal installments over various periods based on life expectancy. In addition, lump-sum distributions may be made with participant consent, under the following conditions: separation from service and upon the hardship of a participant as provided for in the Plan and in government regulations.

Forfeitures

Forfeitures arising under the Plan are used first to offset administrative costs and second to offset the employer match. Any remaining forfeitures are available to be allocated to participant accounts. Forfeitures activity during 2020 and 2019 consisted of the following:

	2020	2019
Forfeitures available for use, beginning of year	$ 2,878	$ 24,859
Forfeitures generated	15,800	32,475
Forfeitures used to reduce administrative expenses	(15,071)	(26,148)

Earnings (loss) on forfeitures	(161)	1,007
Forfeitures available for use, end of year	$ 2,499	$ 2,878

Expense account

Under the terms of the Plan, a portion of a participant's balance is contributed quarterly into an expense account to pay for administrative expenses. Expense account activity during 2020 and 2019 consisted of the following:

	2020	2019
Expense account balance, beginning of the year	$ 6,243	$ 41,424
Contributions	35	1,297
Payments of expenses	(5,868)	(36,904)
Earnings (loss) on expense account	(410)	426
Expense account balance, end of year	$ -	$ 6,243

1. Description of Plan (Continued)

Expenses of the Plan

Plan administrative expenses are paid by the Plan and the application of Plan forfeitures, as well as the Plan sponsor. Investment fees or charges are deducted from the related investments when incurred. Administrative expenses consisted of the following:

	2020	2019
Total administrative expenses	$ 80,400	$ 63,052
Less: Expenses paid by RMC	(57,791)	-
Total plan administrative expenses	$ 22,609	$ 63,052

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) in all material respects and present the net assets available for Plan benefits and changes in those net assets.

Notes receivable from participants

Loans to participants are reported at their unpaid principle balances plus any accrued but unpaid interest.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Cash equivalents: Includes money market accounts, certificates of deposit and all highly liquid debt instruments with an original maturity date of three months or less.

Mutual funds: Values are determined based on quoted market prices in active markets.

Common collective trust: Reported at contact value of the underlying investment contracts, which approximates fair value (including guaranteed investment contracts issued by insurance companies and other financial institutions, separate account contracts and synthetic wrap contracts).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value of these investments is subject to market volatility and may be susceptible to fluctuations.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2017.

2. Summary of Significant Accounting Policies (Continued)

Plan management's review of subsequent events

The Plan administrator evaluated events occurring between the end of the most recent Plan year and October 12, 2021, the date the financial statements were available to be issued.

3. Financial Information Certified by the Trustee

As of and for the years ended December 31, 2020 and 2019, the Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A. and Reliance Trust Company, the trustee and custodian of the Plan, respectively, have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for plan benefits, the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for plan benefits.

4. Investments

The fair value of investments determined to be level 1 assets as of December 31, 2020 and 2019 consisted of:

	2020	2019
Cash equivalents	$ 2,122,826	$ 1,142,136
Mutual funds	$21,500,957	$21,516,626

The value of other investments not included in the fair value hierarchy as of December 31, 2020 and 2019 consisted of:

	2020	2019
Common collective trust	$ 2,480,466	$ 2,039,294

5. Related Party Transaction

The Plan invested in shares of mutual funds managed by affiliates of the trustee, Bank of America, N.A., which acted as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Administrative fees paid to Bank of America, N.A. amounted to $1,050 and $3,304 for the years ended December 31, 2020 and 2019, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service which states that the Plan is qualified under applicable provisions of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and is tax-exempt as of the financial statement date.

8. Subsequent Event

Effective April 30, 2021, the Plan elected to allow participants to defer up to 90% of their eligible compensation to the Plan.
