NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

(1) Description of the plan

Effective January 1, 1994, Carl Construction Company, Inc. (the "Sponsor") adopted the Carl Construction Company, Inc. 401(k) Profit Sharing Plan (the "Plan") to provide retirement benefits for all eligible employees. Related employers who also participate in the Plan include The Gainsborough Corporation and Texas Outhouse, Inc. ("Participating Employers"). The financial statements and related notes include the Sponsor and Participating Employers and are collectively referred to as the "Company". The Plan was amended and restated effective September 20, 2014. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible individuals who have been employed by the Company for one year (defined as 1,000 hours of service) and who are at least 21 years old. Upon satisfying the eligibility requirements, an employee can enter the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Asset custodian and administration

The Plan's assets are held by Principal Life Insurance Company ("Principal"), the asset custodian of the Plan, and are invested through participant-directed accounts in various investments offered by the asset custodian. Duties of the asset custodian include, among others, recordkeeping, receiving and investing cash contributions and investment income, and making payments from the Plan funds as directed by the participants and the Plan administrator.

Administrative functions are performed by officers or employees of the Company. Certain administrative services and costs are incurred by the Company without cost to the Plan. No officer or employee of the Company receives compensation from the Plan.

Contributions

Participants may make contributions to the Plan under a 401(k) salary deferral arrangement up to the maximum percentage (100%) of annual W-2 compensation, as defined by the Plan, and the dollar amount permitted under section 402(g) of the Internal Revenue Code ("IRC") not to exceed $19,500 in 2020. Additionally, participants who are at least 50 years of age as of December 31, 2020 are permitted to make catch-up contributions up to $6,500 for 2020. Participants are also allowed to contribute amounts representing distributions from other qualified defined benefit or contribution plans.

During 2020, the Company made a safe harbor matching contribution equal to 100% of each participant's elective salary deferral up to 3%, and 50% of each participant's elective salary deferral from 3% to 5% for a total match not to exceed 4% of compensation. At its discretion, the Company may also make discretionary contributions. The Plan did not make discretionary contributions in 2020.

Participant accounts

Each participant's account is valued on a daily basis and credited with the participant's contribution, his or her portion of the Company's matching and discretionary contributions and account earnings and is charged with applicable withdrawals and an allocation of certain administrative expenses as determined by the different investment options he or she directs the Plan's asset custodian to make on his or her behalf. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of the plan (continued)

Vesting

Participants are immediately fully vested in their contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on continuous service. Participants are vested in the Company's discretionary contributions based on the following table:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investments

Upon enrollment in the Plan, a participant may direct the allocation of their contributions and Company contributions among a range of investment funds approved by the Plan's asset custodian. Each participant can choose to deposit all contributions in one fund or split the investment among the investment options in any whole percentages. The funds are invested in a broad range of stocks and bonds with varying risks. The allocation of investment income for each of the investment options is based on the ratio that each participant's account balance bears to the total balance of all eligible participants.

Participant loans

Under provisions of the Plan, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% from the vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loans may be repaid up to a maximum of five years. The loans are collateralized by the vested balance in the participants' accounts and bear interest at rates comparable to the rate a lending institution would charge on a similar loan. Interest rates on participant loans outstanding as of December 31, 2020 ranged from 4.25% to 6.50%. Principal and interest are paid ratably through periodic payroll deductions.

Payment of benefits

On termination of service, a participant who has a vested interest in their account which is less than or equal to $5,000 shall receive a lump sum equal to the vested interest of their account. Participants who have a vested interest in their account which exceeds $5,000 may elect to leave their account balance in the Plan or receive either a single lump sum or partial payment equal to the vested interest of their account.

Under the terms of the Plan, participants who attain retirement age or become totally disabled prior to their retirement date will receive all amounts credited to their accounts. Upon the death of the participant while actively employed, the distribution is made in accordance with the participant's previous direction. All participants will receive their account balance in either a lump sum or in installments equal to the vested interest of their account.

Withdrawals

Once a participant has reached the age of 55 and has six years of service, they may withdraw in a lump sum up to 100% of the vested interest in their account. Hardship distributions are available in a lump sum up to 100% of the vested interest of the Participant's account to pay for a financial hardship as defined by the Plan.

(1) Description of the plan (continued)

Forfeitures

Forfeitures consist of non-vested portion of terminated participant accounts balances and may be used by the Plan to pay for Plan expenses or reduce any employer contributions. The Plan had no balances in the forfeiture account as of December 31, 2020 and 2019. During 2020, $12,862 in forfeitures were used to fund employer contributions.

(2) Summary of significant accounting policies

Basis of statement preparation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is defined as the price that would be received upon sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant loans receivable

Loans to participants are reported as participant loans receivable at the unpaid principal balance plus any accrued but unpaid interest.

Payment of benefits

Benefits are recorded when paid.

Federal income tax

GAAP provides detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an entity's financial statements and requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. The Plan administrator believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2020, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2017 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Subsequent events

The Plan has evaluated subsequent events through October 15, 2021, the date the financial statements were available to be issued. No subsequent events occurred which would require adjustment or disclosure to the financial statements as of December 31, 2020.

(3) Coronavirus Aid, Relief, and Economic Security Act

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), which changed the Plan, among others, to allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Pursuant to the CARES Act, the Plan permitted qualified participants to take coronavirus-related distributions of up to $100,000, or 100% of their vested balance, whichever is less, with repayment terms of up to three years. In addition, pursuant to the CARES Act, the Plan adopted the temporary loan repayment deferral provision which allows qualified Plan participants who have Plan loan repayments to elect to defer loan repayments that occurred between March 27, 2020 and December 31, 2020. The ability to request special coronavirus-related distributions and/or request to defer loan repayments under the CARES Act ceased as of December 31, 2020. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

(4) Information certified by the asset custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. The assets of the Plan are held by the asset custodian. Accordingly, the asset custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

a. Investments and participant loans receivable, as shown in the statements of net assets available for Plan benefits as of December 31, 2020 and 2019.

b. Investment activity, as shown in the statement of changes in net assets available for Plan benefits for the year ended December 31, 2020.

c. The information in the supplemental schedule of assets (held at year end) as of December 31, 2020.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Fair value measurements

GAAP provides the framework for measuring fair value and expands disclosures about fair value measurement. The Plan categorizes its fair value measurements into a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(5) Fair value measurements

- Level 2 – Inputs to the valuation methodology include:
  - Quoted prices for similar assets and liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market date by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Common/collective trusts

Common/collective trust investment funds are valued based on the fair value of the underlying assets in the common/collective trust fund at year end.

Pooled separate accounts

Pooled separate accounts consist of mutual funds that are valued at fair value by the asset custodian of the funds based upon the net asset values, which is published daily, of the underlying investments held by the Plan at year end.

Registered investment companies

Registered investment companies consist of mutual funds that are valued at quoted market prices by the asset custodian based upon the net asset value of the underlying investments held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

	2020			
	Fair Value	Level 1	Level 2	Level 3
Common/collective trusts	$ 360,592	$ -	$ 360,592	$ -
Pooled separate accounts	5,189,736	-	5,189,736	-
Registered investment companies	726,823	726,823	-	-
	$ 6,277,151	$ 726,823	$ 5,550,328	$ -

	2019			
	Fair Value	Level 1	Level 2	Level 3
Common/collective trusts	$ 266,070	$ -	$ 266,070	$ -
Pooled separate accounts	5,085,702	-	5,085,702	-
Registered investment companies	97,850	97,850	-	-
	$ 5,449,622	$ 97,850	$ 5,351,772	$ -

(6) Related party transactions

Certain Plan investments are shares of mutual funds managed by Principal. Principal is the asset custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan has participant loans as of December 31, 2020 and 2019. As a result, these investments, the participant loans and all related transactions qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Fees paid by the Plan to the asset custodian and the third-party administrator for administrative services amounted to $4,753 for the year ended December 31, 2020.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants will have a 100% vested interest in their accounts as of the date of termination.

(8) Tax status

The Plan was established under a volume submitter profit sharing 401(k) plan, which received its most recent determination letter on March 31, 2014, in which the Internal Revenue Service stated that its plan, as then designed, was in compliance with the applicable requirements of the IRC. Accordingly, the Plan administrator believes the Plan was qualified and was tax exempt as of the financial statement dates.

(9) Risks and uncertainties

Investment securities are exposed to various risks such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

The global outbreak of the Coronavirus ("COVID-19"), which was declared a pandemic by the World Health Organization in March 2020, has led to significant volatility in financial markets. The ultimate impact of COVID-19 on the Plan, which may be material, is uncertain and will depend on future developments.
