1. Description of Plan

The following description of the Scanlon Auto Group 401(k) Plan (the Plan) of Ft. Myers Lincoln Mercury, Inc. and Scanlon Imports, Inc. (collectively, the Company) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees of the Company who are at least 21 years of age and have performed three months of continuous service, as defined in the Plan document. The Plan was originally established on August 1, 1994 and was most recently amended effective January 1, 2017. The Plan's Board of Trustees is responsible for the oversight of the Plan. The Board of Trustees determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended, (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA).

Coronavirus Aid, Relief, and Economic Security Act
The Coronavirus Aid, Relief, and Economic Security ("CARES") Act became law on March 27, 2020. The CARES Act was a response to the market volatility and instability resulting from the coronavirus pandemic and provides special distribution options and rollover rules for retirement plans and IRAs and expands permissible loans for certain retirement plans.

Under the CARES Act, the Plan added a distribution option, which allows for penalty free withdrawals for qualified individuals up to $100,000 until December 31, 2020. The CARES Act also eliminated the need to take a required minimum distribution in calendar year 2020.

The CARES Act also increased the maximum loan amount from $50,000 or 50% of a qualified individual's vested account balance to $100,000 or 100% of a participant's vested balance for loans issued up until September 23, 2020 and permitted new and existing loan repayments to be deferred through December 31, 2020.

Contributions
Each year, participants may contribute up to 75% of their eligible compensation as defined in the Plan. Participants may make pre-tax and Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. With the approval of the plan administrator, participants can contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants are fully vested in these amounts. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for discretionary employer matching and discretionary employer profit sharing contributions, as determined by the Company. To be eligible for employer contributions, participants must be actively employed at the end of the Plan year. The Company made no discretionary employer contributions to the Plan for the years ended December 31, 2020 and 2019. Contributions are subject to certain IRS limitations.

Participant Accounts
Each participant's account is credited with the participant's contributions, the Company's discretionary matching contribution, the Company's discretionary profit sharing contribution, an allocation of Plan earnings or losses, and charged with an allocation of administrative expenses, if any. The allocations are based on a participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

1. Description of Plan...continued

Notes Receivable from Participants
The Plan permits its participants to obtain loans against their account balance. Participants may borrow from their vested accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance within the last 12 months or 50% of their vested account balances. Participants adversely affected from the COVID-19 pandemic may borrow from their vested accounts up the maximum equal to the lesser of $100,000 or 100% of their vested account balances (see above). With the exception of loans used to purchase a primary residence, loan terms are limited to a maximum of five years. Notes receivable from participants are secured by the balance in the participant's account and bear interest at the prime rate (3.25% and 4.75% at December 31, 2020 and 2019, respectively) plus 1% at the date the loan application is processed. Principal and interest are paid ratably through regular payroll deductions for actively employed participants. Upon termination of employment, any outstanding loans are due and payable following the termination date. Certain restrictions apply to notes receivable from participants, as defined in the Plan document. As of December 31, 2020 and 2019, the rate of interest on outstanding notes receivable from participants ranged from 4.25% to 6.50% with various maturities through 2033.

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants vest in discretionary employer matching and profit sharing contributions based on years of continuous service and become fully vested after six years of credited service. Participants will become immediately vested in all discretionary employer matching contributions and profit-sharing contributions upon normal retirement (65 years old), disability, or death.

Forfeitures
Forfeitures represent the non-vested portion of terminated participants' account balances plus related earnings. These amounts can be used to pay plan expenses and to reduce future employer contributions. During the years ended December 31, 2020 and 2019, no forfeitures were used to pay plan expenses or to reduce employer contributions.

Payment of Benefits
Withdrawals may be made from a participant's account at retirement, death, disability, or termination of employment. On termination of employment, a participant may elect to rollover the balance of his or her account into another qualified plan, receive a lump-sum amount equal to the value of his or her account, or receive installment payments. Participants over the age of 59 ½ may elect to withdraw all or a portion of their account balance. In addition, participants who qualify for a hardship withdrawal may elect to withdraw all or a portion of their account balance. All distributions are subject to the applicable provisions of the Plan. The Plan can elect to distribute funds out of the Plan when a participant terminates employment and has less than $5,000 of a vested balance in the Plan.

Investment Elections
Each participant shall direct the investment of his or her account and shall elect among various mutual funds and collective trust funds. Each participant has the ability to change his or her investment allocations at any time.

2. Summary of Significant Accounting Policies

Basis of Presentation
The financial statements have been prepared on the accrual basis of accounting in accordance with accounting standards set by the Financial Accounting Standards Board (FASB) and the Department of Labor (DOL). The FASB sets generally accepted accounting principles (GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus any accrued, but unpaid interest. Interest income on notes receivable from participants is recorded on an accrual basis. At December 31, 2020 and 2019, accrued but unpaid interest has been deemed insignificant to the Plan. Related fees are recorded as administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the note receivable from the participant to be a distribution, the note receivable from participant is reduced and a benefit payment is recorded within the statement of changes in net assets available for benefits.

Excess Contributions Payable
Employee contributions during the year ended December 31, 2020 are net of payments of $22,760 made in 2020 to certain active participants to return excess deferral contributions. Employee contributions during the year ended December 31, 2019 are net of payments of $33,153 made in 2019 to certain active participants to return excess deferral contributions. These payments are required to satisfy the relevant nondiscrimination provisions of the Plan, and they are included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2020 and 2019.

Payment of Benefits
Benefit payments are recorded when paid.

2. Summary of Significant Accounting Policies…continued

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. For the years ended December 31, 2020 and 2019, the Company paid certain other administrative expenses incurred by the Plan.

Recently Adopted Accounting Policies
In August 2018, the FASB issued Accounting Standards Update 2018-13 (ASU 2018-13), *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*, which add, modify, and eliminate certain disclosure requirements on fair value measurements in Topic 820. The amendments in this update are effective for all entities for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. Certain amendments should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. Others should be applied retrospectively. An entity is permitted to early adopt any removed or modified disclosures upon issuance of this ASU and delay adoption of the additional disclosures until their effective date. The Plan adopted ASU 2018-13 on January 1, 2020, and adoption did not have a material impact on the Plan financial statements.

3. Fair Value Measurements

The Plan discloses the fair value of Plan investments in accordance with FASB ASC Topic No. 820 (ASC 820), *Fair Value Measurements*. The framework under ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. Fair Value Measurements…continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation techniques used at December 31, 2020 and 2019.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds – The collective trust funds are valued at the NAV of units of the collective trust. The NAV, as provided by Reliance Trust Company is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Transactions of investments or withdrawals may occur on a daily basis and there are no redemption restrictions on the funds. There are no unfunded commitments at December 31, 2020 and 2019.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,877,193	$ -	$ -	$ 2,877,193
Investments measured at NAV				399,436
Total investments at fair value				$ 3,276,629

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,745,426	$ -	$ -	$ 2,745,426
Investments measured at NAV				492,916
Total investments at fair value				$ 3,238,342

4. Information Prepared and Certified by Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan, Reliance Trust Company has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.

5. Tax Status

The IRS has determined and informed the plan sponsor by a letter dated July 7, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions.

7. Party-in-Interest Transactions

The Plan issues loans to participants, which are secured by the balances in the participants' accounts, and therefore, these transactions qualify as party-in-interest transactions as that term is defined in Section 3(14) of ERISA.

8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Coronavirus Pandemic

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic. The COVID-19 outbreak in the United States and the world has resulted in economic uncertainties that are likely to negatively impact the future financial results of the net assets available for benefits and value of investments. This situation could have a significant adverse effect on the future financial statements and management is unable to quantify the potential impact at this time.

10. Subsequent Events

The Plan has evaluated subsequent events for potential disclosure or recognition through October 13, 2021, the date the financial statements were available to be issued.
