Note A – Description of Plan

The following description of the Mulligan Security Corp. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established by Mulligan Security Corp. and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Participation in the plan is entirely voluntary. An eligible employee is any person employed by Mulligan Security Corp. and any participating affiliates, who has completed the eligibility requirements per the Plan agreement.

Contributions. Participants who have completed two months of service, can elect to make pre-tax contributions up to 75% of compensation not to exceed the limits of Code Sections 401(k). For 2020, the maximum deferral amount is $19,500. Upon eligibility, participants are automatically enrolled in the plan with pre-tax deferrals of 3% of compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan.

The Plan document requires the Company to make matching contributions equal to 25% of a participants' elective deferral up to the first 5% of a participants' compensation. During 2020, the plan was amended and the required employer match formula was replaced with a discretionary employer match formula. The Company did not fund any matching contributions for the period April 1, 2020 through October 5, 2020. Beginning on October 6, 2020, the Company funded discretionary matching contributions that were equal to the previously required employer match formula. Contributions are subject to certain IRS limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are vested immediately in their voluntary contributions and transfers from other qualified plans and actual earnings thereon. Participants are 20% vested in the Company's contribution portion of their accounts once they have completed their first year of credited service with the Company and an additional 20% each year thereafter.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $500 up to a maximum amount, equal to the lesser of $50,000 or 50% of their vested account balance. Participants are permitted to have up to two loans at any point in time. In addition, loans for primary residences are permitted under the plan.

Note A – Description of Plan (continued)

Notes Receivable from Participants (continued). The loans are secured by the balance in the participant's account and bear interest rates which are the prime rates published in *The Wall Street Journal* on the 14th of each month plus one percentage point. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or receive annual installments paid over a specific period of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution

Forfeited Accounts. These accounts will be allocated to participant accounts as if they were additional employer contributions to the plan. As of December 31, 2020, the forfeited account balance was $35,649. During 2020, employer contributions were reduced by $44,458 from forfeited nonvested accounts.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest Income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Note B – Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Revenue Sharing

The Plan participates in a revenue sharing agreement with certain providers. During the year ended December 31, 2020, the Plan received revenue sharing contributions in the amount of $40,724, which was offset against investment advisory fees of $32,069. The net fees are included in administrative expenses in the financial statements.

Coronavirus Aid, Relief and Economic Security Act

In March 2020, certain provisions under the Coronavirus Aid, Relief and Economic Security (CARES) Act relating to participant distributions and participants loans were enacted. The CARES Act allows utilization of these provisions immediately but requires formal adoption of the amendment no later than the last day of the Plan Year beginning on or after January 1, 2022. As of October 11, 2021, the Plan has not been formally amended to adopt these provisions; however, has elected to allow participants to utilize them.

Note C – Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying Statement of Net Assets Available for Benefits as of December 31, 2020, Note D, the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

Note D – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets;

Note D – Fair Value Measurements (continued)

	• inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Collective trust funds: Valued based on the contractual terms of the underlying guaranteed investment contracts.

Interest-bearing cash: Valued at face value which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2020 and 2019.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,116,154	$ -	$ -	$ 18,116,154
Interest-bearing cash	1,507,617	-	-	1,507,617
Common collective trust	447,567	-	-	447,567
Total	$ 20,071,338	$ -	$ -	$ 20,071,338

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,763,693	$ -	$ -	$ 14,763,693
Interest-bearing cash	1,128,740	-	-	1,128,740
Common collective trust	317,407	-	-	317,407
Total	$ 16,209,840	$ -	$ -	$ 16,209,840

Note E – Related Party Transactions
Participant loans qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Fees paid by the Plan for the investment management services amounted to $27,297 and $28,155 for the years ended December 31, 2020 and 2019, respectively.

Note F – Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note G – Tax Status
The Internal Revenue Service has determined and informed ADP in a letter dated March 31, 2008 that their prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and is exempt from federal income tax. The Plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H – Reconciliation of Financial Statements to Form 5500
The following is a reconciliation of net assets and changes in net assets available for benefits per the financial statements as of December 31, 2020 to Form 5500:

Net assets available for benefits per the financial statements	$21,177,231
Add: Current year corrective distribution payable	3,104
Less: Employer contributions receivable	(9,696)
Participant contributions receivable	(58,964)
Deemed distributions of participant loans – current year	(68,360)
Deemed distributions of participant loans – prior year	(92,314)
Net assets available for benefits per Form 5500	$ 20,951,001
Total changes in net assets available for benefits per the financial statements	$ 4,203,014
Add: Current year corrective distribution payable	3,104
Less: Employer contributions receivable	(9,696)
Participant contributions receivable	(58,964)
Deemed distributions of participant loans – current year	(68,360)
Deemed distributions of participant loans – prior year	(92,314)
Changes in net assets available for benefits per the Form 5500	$ 3,976,784

Note I – Excess Participant Contributions Payable

The plan failed the discrimination test for the year ended December 31, 2020. Excess contributions amounting to $3,104 are recorded as a liability in the accompanying statement of net assets available for benefits and as a reduction of participant contributions for the year.

The Plan refunded these excess contributions on March 8, 2021.

Note J – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note K – ERISA Bond Requirement

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or $500,000. At December 31, 2020, the Plan's sponsor maintained bond coverage in the amount of $500,000.

Note L – Subsequent Events

Subsequent events were evaluated through October 11, 2021, which is the date the financial statements were available to be issued.

As a result of the acquisition of the Plan Sponsor by Security Resources International, the Plan name was changed to Mulligan Security LLC 401(k) Plan effective June 1, 2021.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
